

## Schnecken

Creeping into the scary backroom  
of Grandma's House

The heart pounding fear of  
childhood stealth

of being discovered. knowing  
you shouldn't. Unable to not.

Into the ancient clunky freezer

Searching for the Maxwell house  
can - Blue and Black with  
masking tap

Not of Coffee - Schnecken Found!

The delight of ill gotten gains -  
flaky layers that melt like  
pastel snowflakes rolled in  
warm hugs of cinnamon.

The sharp edges of sandy granulated  
sugar.

Should I take another?
