Dear Wanda:

Darrel Addington and I personally thank you for all of the time you so generously gave to the important budget conferences this month. Perhaps this may be a little biased, but we feel that Panel A reviewed the most strategic and basic needs of the Community; food, shelter, and emergency assistance.

We know we did our homework and reviewed thoughtfully and sincerely each request. Good questions were asked, especially regarding the fields of service and the budget. We feel it was time well spent for the Community.

On behalf of Panel A, a letter is being sent to Frank Hagel regarding the excellent assistance given to us by Sandy Burgess.

Sincerely,

Mildred G. Baker
