April, 1991

HAC is on the Job!

On March 13, HAC convened for it's monthly meeting at Associated Ministries. Our President, Maurice Wright opened the meeting and many topics were discussed, including what work was being done in other areas of Hilltop. Also, Bill Charles and Larry Norman petitioned the board for the necessary funds to have our Easter Egg Hunt. HAC responded. Thank You! Yvonne Graham and Bob Penton are the only two full-time staff in the HAC office. Their job is complex and there is never enough time for them to complete all their assigned tasks, but they manage to get the job done. If you appreciate our newsletter, the bags we used for clean-up or the Easter Egg hunt for our children, why not give the HAC office a call and tell Yvonne or Bob thanks. They will be happy to hear from you. The HAC office number is 597-4808.

Area # 10 Listens!

by Larry Norman

In our March newsletter, there was an article about Phoebe House. I spoke to Mary East recently (the founder and director), and she indicated that there had been phone calls from Area #10. Some residents offered assistance, while others phoned in their support. Congratulations! We are now starting to work together to solve some of the needs that must be met. Miss East still needs our help. If you can donate finances or necessary items, please give her a call: 383-7791. Or, if you just want to call Phoebe House and give support for their efforts, all is appreciated. Once again, Area #10, Thank you!

Could It Be?

by Larry Norman

Have you ever been to a community center? I remember when I was a kid and my parents would take me to the community center on "M" street. There was always something going on: field trips, recitals, plays, senior citizen activities, you name it. That one building brought all of Hilltop together.

Well, times have changed, but the principle behind a community center has not. Now, more than ever, we need a center in our community. And guess what? We have an opportunity to have a community center right here in Area #10. That's right! While there are still some wrinkles to iron out, the owner of the house has agreed to allow our community to have a center in his one-time rental. What we need from you is input. What type of activities would you like to see in our community center? Can you volunteer a few hours a week for staffing? Can you help paint, plant flowers, or touch up inside? Here is an opportunity for us all to take part in a project that will bring pride to our community. Do we want it? Are we willing to help make it possible? Why not call your Block leaders or your Area representatives and let them know your thoughts. A flier will be coming soon announcing the date and time that we will meet as a community to decide if a community center will be feasible for us. Let's get going!
