

Tacoma, Washington, March 23, 1976

Mr. Warren M. Harvey  
PRESENT

We have agreed to allow a Mr. Tony Rodriguez, Producer-Writer for KING TV, to take some shots of Spanish-American employees doing their work in the plant. The shooting is scheduled for Thursday, March 25th.

You should get together with Messrs. Lindquist, Anderson and Allen earlier in the week in order to stage something that would represent men at their normal work, for example, men who work at trades.

Also it might be necessary to arrange for additional lighting for clearer pictures. You should plan on working with Mr. Rodriguez and his cameraman. Shots are to be confined strictly to the employees involved.
