Dear Annie -

I've just returned from two more weeks at the Logging Camps and find your card asking for final instructions for shipment.

This is as follows

All the large India heads

All water colors large & small from India

Small pens & ink drawings from California

and

(pencil drawing)

One small unfinished sketch of Brian and Merle 1929

If you can find it. It should be among Northwest drawings

The prints & some drawings have already arrived from Mrs. Whitmore.

So there's no place like home!

Hastily

Tom
