**DON'T FAIL TO VOTE**

**YES**

for the

**CHARTER AMENDMENT**

---

Will absolutely not raise the 15-mill levy.

Provides greater collateral and security for city warrants than at present.

Does not allow increase in expenditures.

Provides quicker payment for supplies furnished by Tacoma merchants, giving the City advantage of trade discounts, and makes for more cash in general circulation.

State law provides that warrants must be called in order of their issue.

The amendment provides that all General Fund tax and miscellaneous receipts be used for redemption of General Fund interest-bearing warrants, thus greatly expediting redemptions and saving the taxpayer a huge amount in interest, as the warrants draw 6% until called.
