ARMAND L. LABBE  
MANAGER

August 3, 1973

Mr. John Condon  
Weeks-Condon Advertising  
701 Pacific Avenue  
Tacoma, Washington 98402

Dear John:

The ASARCO Van will arrive Wednesday, August 8, and will be unloaded at the Smelter. A representative from Research, Mr. Hank Vanhandle, will be here Wednesday afternoon to help us charge up the Van.

Mr. Vanhandle is available on Thursday and Friday to help with a press conference. Therefore, I would suggest that we try to arrange something so that he can answer whatever questions are necessary. He also has with him press kits and things of that nature. With regards to the actual display at the Tacoma Mall, it will be up to us locally to provide people with explanations, but we can discuss this in detail a little later.

Of local interest is the Girls' Softball Team we sponsored, the Roadrunners, who won the City Championship in their division this week. As in the case of last year, we will again provide trophies for the members of the team.

Yours truly,

A. L. LABBE
