Mr. A. L. Labbe
TACOMA

Subject to your approval and that of Mr. Loughridge, Mr. Strauss has authorized me to proceed with the Tacoma arsenic story I undertook last year.

Attached is a manuscript which contains all revisions previously received, along with a photostat of the layout.

Assuming your approval, I would appreciate your review of both as soon as convenient. If any of the photos need to be replaced, I will make suitable arrangements with Bob Peterson, the original photographer on the job.

Many thanks for your assistance.

Sincerely,

Gordon Kidd
