WHEREAS, D. W. Foster, et al, did on the 30th day of December, 1908, petition the City Council of the City of Tacoma, for vacation of a portion of the alley between Blocks 1 & 2, Travers Cove Addition; and

WHEREAS said petition is signed by the owners of more than two thirds of the property abutting upon that part of the alley sought to be vacated; NOW, THEREFORE,
BE IT RESOLVED, by the City Council of the City of Tacoma, that 7:30 o'clock p.m. on the 3rd day of February, 1909, in the Council Chamber in the City Hall of the City of Tacoma, be fixed as the time for hearing and determining the same.

Adopted.

RESOLUTION
No. 48
By Brand.

Be it resolved by the City Council of the City of Tacoma, that the Commissioner of Public Works be and is hereby instructed to cause surveys, plans and specifications to be prepared for laying cement sidewalks on Sprague Avenue from North 7th Street to South 8th Street. Provided that thirty (30) days be allowed for private work.

Adopted.

RESOLUTION
No. 49
By Jamieson.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That it is the sense of this Council that in order to proceed with the best effect with the prosecution of the work of constructing the electric power generating plant authorized by Ordinance No. 3525, approved December 17th, 1908, a qualified hydraulic, civil and electrical engineer should be employed by the City of Tacoma, whose duty would be to superintend and control the making of all surveys, estimates, plans and specifications for said plant, with such engineering and electrical force, and such supplies as may be furnished him by said City; such engineer to be employed at a salary or for such gross compensation as may be agreed upon, under a contract to be hereafter provided for by ordinance; and

RESOLVED, that it be the duty of the Fire and Water Committee of this Council to make diligent and prompt inquiry for a competent person to be employed as such engineer, and report its recommendation, with all papers and information received or obtained by it, to this Council as soon as practicable.

Adopted.

RESOLUTION
No. 50
By Jamieson.

WHEREAS, this Council by Ordinance No. 3547 approved December 31, 1908, created the Tacoma Water Warrant Fund No. 1, and provided for the issuance of warrants against said fund in the sum of Two Hundred and fifty thousand dollars; and

WHEREAS, it is intended to make the additions to the present water system of the City of Tacoma, contemplated by said ordinance in the immediate future, which will require the sale of said warrants to furnish money to pay the cost of said improvements; NOW, THEREFORE,
BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

1. That Tuesday the 2nd day of March, 1909 be fixed as the time for receiving bids for said warrants.

2. That the City Controller be directed to advertise for sealed bids for the sale of said warrants in the Tacoma Daily Tribune and the Tacoma Daily Ledger four times weekly, and twice weekly in two financial papers in the City of New York, one financial paper in the City of Boston, and one financial paper in the City of Chicago.

3. That the method of making sale of said warrants be by selling them to the highest bidder for cash, in installments, the first installment to be one hundred thousand dollars and any premium bid and to be paid to the City Treasurer within thirty days after acceptance of the bid; and the second, third and fourth installments to be fifty thousand dollars each, payable within two, three and four months respectively after acceptance of the bid;

4. That said warrants be sold at par of their face value, and bear interest at the rate of five per cent per annum.

5. That each bidder for said warrants be required to accompany his bid with a certified check for the sum of \$1000, to be forfeited to the City of Tacoma, if he fails to enter into contract with said City for the purchase of said warrants should his bid be accepted; other checks to be returned to bidders.

6. That the bidder whose bid shall be accepted shall, within ten days after such acceptance enter into a contract in writing with the City of Tacoma to take and pay for said warrants by installments as above provided, such contract to be drawn by the City Attorney in blank and held by the Controller subject to inspection of bidders.

7. That the bidder whose bid shall be accepted shall give to the City of Tacoma a Surety Company bond in the sum of \$5000, to secure the performance of his contract, the full sum of which bond shall be forfeited to the City of Tacoma as liquidated damages, upon his failure to comply with the terms of his contract.

8. That upon the failure of the bidder whose bid shall be accepted to pay any installment due for said warrant, the City Council of said City of Tacoma may at its next or any subsequent meeting before such payment, declare his contract and bond forfeited, and that thereupon said City may re-advertise and sell the unsold portion of said warrants.

9. That any or all bids for said warrants may be rejected.

10. That the acceptance of a bid for said warrants shall be by ordinance of the City of Tacoma, only.

11. That all bids for said warrants shall be transmitted by the Controller to this Council for acceptance or rejection.

12. That the City Controller compile and cause to be printed in pamphlet form, a statement for the information of bidders for said warrants, containing a copy of said Ordinance No. 3547; a copy of this resolution; a copy of the proposed contract for the sale of warrants; a statement of the history, condition, receipts and prospects of the water plant and business of the City of Tacoma and such other matter as may be relevant.

Adopted.

RESOLUTION
No. 51
By Doud.

WHEREAS, The Oregon and Washington Railroad Company is about to begin the construction of a tunnel under Center Street, and it appears to be necessary to waste a quantity of the material coming from the south portal of the tunnel in the swamp at South Tacoma, and has requested the Commissioner of Public Works to issue to it a permit to construct and operate a single track railroad from the Western end of Center Street along Center Street to "O" Street, and also to construct and operate two or more tracks from said single track on Center Street southward along Ainsworth Avenue to the Northern Pacific right of way;

NOW, THEREFORE: Be it Resolved by the City Council of the City of Tacoma that the Commissioner of Public Works be and he is hereby authorized to grant to the Oregon and Washington Railroad Company, its successors and assigns, the right, privilege and authority to construct, maintain and operate for a period of one year from the date of this resolution a standard gauge single track along Center Street from the Western Extremity of Center Street to "O" Street, and also to construct and operate two or more tracks along Ainsworth Avenue from Center Street to the right of way of the Northern Pacific Railway Company's property on the South, and also the necessary switches and turn-outs to connect said single track on Center Street with the said tracks on Ainsworth Avenue.

Said Oregon and Washington Railroad Company to have the right to employ upon said track or tracks any motive power that it may find to be in its judgment the most beneficial for its purposes. Said permit, however, to be granted only upon the following express conditions:

1. The said permit shall not endure for more than one year from the date of this resolution.

2. The said Company shall not use or employ any of the said tracks except for construction purposes connected with the construction of the tunnel under Center Street.

3. The said Oregon and Washington Railroad Company shall save the City of Tacoma harmless from any and all damages that may result to any persons or any property by reason of the construction, maintenance or operation of any of said tracks.

4. The said Oregon and Washington Railroad Company, its successors and assigns shall not impede, hamper or interfere with the contemplated paving, or other improvements on Center Street.

5. That the said Oregon and Washington Railroad Company, its successors and assigns, shall remove all of the said track or tracks at its own expense on or before the expiration of the permit to be granted by the Commissioner of Public Works, and will leave the parts of the streets occupied by the tracks permitted to be constructed under said permit in as good condition as they are at the present time.

Adopted.

RESOLUTION
No. 4733

By Turnbull.

WHEREAS, a resolution was adopted by the City Council of the City of Tacoma on the 2nd day of December, 1908, ordering the improvement of South "J" Street from Division Avenue to Center Street, same being Local Improvement District No. 413, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, such cost and expense to include all sums which may be awarded to owners of abutting property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

UNFINISHED BUSINESS.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement of Pacific Avenue from the center of South 17th Street to the center of South 21st Street; from the north line of South 25th Street to the center of South 25th Street, and from the north curb line of South 26th Street to the north curb line of South 34th Street in Local Improvement District No. 402, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Turnbull, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

This being the time to which was continued the hearing of the petition of Pacific Brewing & Malting Company et al, for vacation of a strip of land on the east side of Adams Street, the same was taken up for hearing and on motion of Hawley the hearing was continued to 7:30 o'clock p.m. January 20th, instant.

This being the time set for the hearing of the petition of March & McCandless, et al, for vacation of 10 feet on the east side of Park Avenue between South 40th & South 48th Streets, the same was taken up for hearing and on motion of Turnbull it was ordered that petition be granted when certain deeds have been delivered to the City by the petitioners.

This being the time set for the hearing of two petitions of the Northern Pacific Railway Company, for the vacations of certain streets, alley and roadways, one being for the vacation of all that part of South Twentieth Street extending from a point thirty (30) feet east of the east line of Pacific Avenue to Dock Street; all of "A" Street from South Twentieth Street to the north line of South Twenty-first Street; all the alley between Pacific Avenue and "A" Street, from South Twentieth Street to a point one hundred and seventy (170) feet north of the north line of South Twenty-first Street; and the other for the vacation of Proctor Street in Clement's Addition to Tacoma; the alley between Blocks 1 and 2, Clement's Addition to Tacoma; South Fortieth Street in Clement's Addition to Tacoma; all the irregular roads upon the property of the Northern Pacific Railway Company, in Sections 13 and 24, in Township 20 north Range 2 east of the Willamette Meridian, the same were taken up for consideration. On motion of Giblett the Council resolved itself into COMMITTEE OF THE WHOLE to consider the same together with the communication of the Northern Pacific Railway Company relating to the same and making certain agreements connected therewith.

At 10:25 o'clock p.m. the Committee rose and reported: recommending that the petitions be granted subject to the agreements contained in the communication of the Northern Pacific Railway Company presented to the City Council December 16th, 1908, and that the time when such agreements shall be fully executed by said Railway Company shall be definitely fixed; and that the ordinance providing for vacation of portions of East "G" and other streets and certain alley pass. Report adopted.

On motion of Armstrong the council reverted in order of business to

By Hawley.

WHEREAS there has been granted, from time to time, to individuals and corporations franchises for the erection of poles and stringing of wires thereon and for the stringing of wires across the various streets and alleys for various purposes specifically named in these various franchises and in many cases restricting them to certain streets, alleys etc. and

WHEREAS many of the owners of these franchises, and various parties owning no franchises, are violating the provisions of their franchises or the City Charter, by setting poles or stringing wires where permission is not given thus encumbering our streets and buildings with a cloud of wires to the danger of our fire department and the beauty of our city, and

WHEREAS many complaints have been made by those who are living up to the provisions of their franchises, of the violations of the law, therefore be it

RESOLVED that the City Electrician and Commissioner of Public Works take immediate action to compel any and all individuals, corporations or companies to remove all wires from the streets, alleys, buildings and other places where they have no rights or privileges and where the order is not complied with, the cases shall be immediately reported to the City Attorney, who is hereby authorized to take legal action to compel a strict compliance with this resolution.

Adopted.

By Creager.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Commissioner of Public Works be and he is hereby authorized and directed to make such repairs to the sewer on South Yakima and Thompson Avenues, known as Sewer District No. 141, as will afford temporary relief.

Adopted.

RESOLUTION
No. 4780
By Turnbull.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 16th day of December, 1908, ordering the improvement of Alder Street from present paving on North 21st Street to a point five (5) feet south of the north line of north 30th Street, same being Local Improvement District No. 415, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, such cost and expense to include all sums which may be awarded to owners of abutting property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS The Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS, the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

RESOLUTION by Turnbull.
No. 712.

Be it resolved by the City Council of the City of Tacoma, that North 21st Street from the west line of Second School Land Addition to Proctor Street and North 19th Street from Proctor Street to the west line of Second School Land Addition, be improved in the manner hereinafter described, and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of abutting property, as damages and costs by reason of said improvement, be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven per cent per annum on deferred payments.

Said improvement shall consist in grading said portion of said streets to the established grade with roadways thirty (30) feet in width and sidewalk and parking spaces on each side thereof twenty-five (25) feet in width, constructing curbs, gutters and crosswalks of plank together with all necessary storm water drainage.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 682", against which the cost and expense of making said improvement, shall be charged by special assessment, to-wit:

The South one-half of Blocks, 87,88,89,90,91,92,93,94,95,96,97,98,99,100,101 and 276.

The North one-half of Blocks, 102,103,104,105,106,107,108,109,110,111,112,113,114,115, 116 and 276.

All in the Amended Map of the Second School Land Addition, of the City of Tacoma, Wash.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on the 1 call. Yeas 15. Nays 0. Absent 1. Hawthorne.

Wednesday night and secured the information contained in this report. We are informed that the Negro prostitutes were first imported and established; then the Japanese were sent for and given quarters with the Negroes and they were followed by the French women. It was stated by members of this committee by a resident of the district that the plan was to move slowly and that if no opposition was met, the next move would be to reopen the subterranean cribs that exist in the basements of these two buildings. The buildings were constructed by the Tacoma Vice Syndicate expressly for the purpose of carrying on the business of prostitution as a commercial enterprise and are absolutely worthless for any other purpose but prostitution, as the rooms are about the size of a small bath room - just large enough to hold a single bed and chair.

Second attempt to flood the city with vice.
At the time of the beginning of the present city administration the city was practically free from vice, having been cleaned up temporarily for the purpose of influencing the election, and at that time a similar attempt to the present movement was made to inaugurate a carnival of crime, vice and lawlessness, and members of the police force were detailed for the purpose of assisting the Tacoma Vice Syndicate in organizing, conducting and extending its business, and some of the most notorious members of the underworld were made to members of the police force and stationed in this district. A member of this committee at that time advised the chief of police officials in the Police Department instructing the location of these buildings how they should conduct their business - how the windows and doors were to be opened, and in regard to carrying payments, toilet facilities, etc. At that time the city of Tacoma was actually being run by a partner in this hellish business by a city official receiving and accepting for the city, on behalf of the City, \$10.00, each month, as the earnings of each white, room and board slave owned by the Tacoma Vice Syndicate, and the Sheriff of Pierce County at one time arrested thirty-five of these slaves who had their licenses in their possession. Last September when members of this committee visited these same resorts, they followed two detectives of the Tacoma Police Department through these buildings, and nothing was said or done at the time by the detectives and nothing has been done since, showing that the present revival of business in this line has the support, approval and protection of the Police Department. There is no other sin against nature or humanity that is not committed nightly in these buildings.

Reasons for the new attempt to sink the city in vice, crime and lawlessness.
During the next few years there will be thousands of laboring men employed in the city and vicinity in the construction of new railroads, tunnels and other projects. These men will be in full operation before, paid a profit of over \$1,000.00 a day - not a week, a month or a year, but a day, and during the next few years there will be at least five times as many men of the class who frequent such places in this vicinity, and if these joints are operated to their full capacity as formerly, there would be a profit of at least \$5,000.00 per day poured into the pockets of the Tacoma Vice Syndicate -- EVERY DOLLAR OF WHICH WOULD BE TAKEN FROM THE POCKETS OF LABORING MEN.

Present conditions more dangerous than smallpox.
There has been a good deal of talk lately about the necessity of a crowd vaccination in order to prevent a smallpox epidemic, but these two buildings are a greater menace to society than a dozen smallpox epidemics.

Then your committee visited these resorts last Wednesday evening they were crowded with young men and boys, nine tenths of whom were under twenty years of age. These young men and boys were being inoculated with diseases that are ten times more dangerous to themselves and to society than smallpox. These young men and boys are also being initiated into the evil vices of which their fathers and grandfathers were blissfully ignorant, and this is one of the vile and infamous practices that they cannot even be mentioned.

These crib houses are built in the shape of a hollow square. There are cribs around the front and back of the building and against each side of the building, against the outside walls. There are other rows of cribs in the center of the building and a passage between them and the cribs against the outside walls. Wednesday night hundreds of boys came in at the front door, passed along to the side, down the side to the back of the building, to the front door at the side of the building and thus to the door at which they entered. Every one of these cribs was occupied by a more than half naked woman who solicited the boys to come into their cribs, and stuck out their tongues, and made other vile and suggestive motions. None of these boys would have thought of going to a regular house of prostitution and if they had they would not have been admitted, as the keepers of places of this character realize that they cannot afford to have boys around for business reasons. One of these crib houses will ruin more boys than a hundred regular houses of prostitution.

There has been a tremendous effort made to stop people from getting on the police to better regulate saloons, but how small and contemptible these matters are when compared with the situation that confronts Tacoma.

Your committee are not in favor of arresting and prosecuting these women, for they are not the real guilty parties. The male pervers who built and operate these houses of sin and the persons public officials who aid them in their evil work are the real guilty parties and are the persons who should receive the public reprobation and be punished in the only way such reprobates can be punished, by shutting off their ill gotten gains and removing them from office. These women would not be allowed to enter any ordinary house of prostitution on account of their physical condition and horrible vices, and if these joints are closed and left closed they will be obliged to leave the city.

Your committee do not expect that the time will ever come when Tacoma will be entirely free from abandoned women, but they protest that they way to bring about better conditions is not by importing Negro, Japanese and French women and keeping them in two buildings crowded like a lot of wild beasts and under conditions of exposure that cannot be described.

Your committee also learned incidentally that gambling has been resumed and that four law-abiding men are now running, and that the outside watchman at each game is an ex-officer, who has either resigned from the force to take this place or been detailed to that duty.

RESOLUTION by Jamieson.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That J. H. Duly, Chief of Police, be required to appear before this Council at its next meeting and explain why he has permitted the importation and establishment of houses of prostitution in our midst, and why they are tolerated and permitted to carry on their illegal business in the saloons in the Globe Hotel and the New Standard Hotel under police protection.

Adopted.

RESOLUTION by Jamieson.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That a committee of three (3) members of this Council be appointed by the President of the Council for the purpose of conferring with the Hon. J. M. Easterman, Prosecuting Attorney for Pierce County, and the Hon. C. H. Easterman, Judge of the Superior Court of the County of Pierce, with authority to request that the said Judge be called for the purpose of ascertaining the names of the stockholders in the Tacoma Vice Traffic License, and the names of the stockholders in the New Standard Hotel, and the names and positions of the public officials who are financially responsible for the present carnival of crime, vice and general lawlessness in this city.

Adopted.

RESOLUTION by Jamieson.

WHEREAS, the City Council of the City of Tacoma deems it necessary and expedient to amend Section 7, Article II; Section 24, Article II; Section 53, Article VI; Section 51, Article VI; and Section 55, Article VII of the City Charter of said City; and WHEREAS, it is the intention of the City Council to offer the above mentioned amendments to the qualified voters of the City of Tacoma, NOW, I ENACT, that the City Council of the City of Tacoma deems it necessary and expedient to offer to the qualified voters of said City the said amendments as hereinafter set forth, and hereby declares its intent to offer to said voters the said amendments for their ratification or rejection at the next annual municipal election to be held in the City of Tacoma on Tuesday the 5th day of April, 1909, and that said amendments are as follows:

Amend Section 7, Article II of said Charter so that the same shall read as follows: Section 7. The term of all elective officers shall be two years and until their successors are duly elected and qualified. The term of all other officers shall be during the pleasure of the appointing power, or until they shall be otherwise lawfully removed in the manner in this Charter provided. The term of elective officers shall commence on the second Tuesday after the election.

Employees, other than common laborers, in the Fire Department, Police Department, Light Department and City or Harbor Department, shall be removed only for incompetency, neglect of duty, immorality, or offensive conduct, and under charges preferred in writing to the Committee on Civil Service, and salaries of the City Council, by the vote of the Department, by the affirmative vote of two-thirds of the members of said Committee concurring in the request for removal.

Amend Section 24, Article II of said Charter so that the same shall read as follows: Section 24. Upon the vote of two-thirds of the members of the City Council any elective officer of the city may be impeached and removed from office for incompetency, neglect of duty, or misconduct in office. In case of impeachment written charges, with specifications therefor, shall be preferred against the accused, and at least ten days before the time set for the hearing thereof a copy of such charges and specifications, together with a notice of the time and place of such hearing, shall be served upon him. The accused shall be afforded a fair chance and opportunity to defend himself against such charges, and may appear by counsel, and all proceedings in the matter of such impeachment shall be entered at large upon the Journal of the Council. No person thus removed shall be eligible to appointment to the office which he was removed.

Any appointive officer may be removed by the vote of two-thirds of the members of the City Council at any regular meeting thereof; but the term "meeting" as here used shall apply only to meetings of the Department.

Amend Section 53, Article VI of said Charter so that the same shall read as follows: Section 53. The Chief of Police shall be the head of the police force of the City, and all police officers shall be under his immediate control and command. He shall appoint by writing, filed with the Controller, such number of policemen, including captains, sergeants, and other sub-officers, as may from time to time be provided for by ordinance, and under such regulations as to their qualifications, fitness and conduct as may be established by Council ordinance. All policemen shall, while in office, be considered the deputies of the Chief of Police, and shall have the same power as the Chief in regard to the execution and service of process and arresting offenders with or without warrant within the city limits. The Chief of Police must execute all process issued by any Police Judge or committing magistrate of the City; he must attend regularly upon the Police Courts of the City and the meetings of the City Council; he shall make arrests for breach of peace, for commission of crime or misdemeanor, with or without warrant, as a peace officer may do under the laws of the State of Washington; he shall exercise vigilant control over the peace and quiet of the City; he shall be keeper of the City Jail and House of Correction unless otherwise provided by ordinance.

Section 11, Article IV of said Charter so that the same shall read as follows:
 Section 11. The Chief of Police shall have power to suspend or remove any member of his force at his pleasure.
 Section 12, Article VII of said Charter so that the same shall read as follows:
 Section 12. The Chief of Fire Department shall be the head of the Fire Department, and all firemen shall be under his immediate control and command. He shall appoint by writing filed with the Controller, such number of firemen, including assistants, captains, lieutenants and other sub-officers, as may be required, and under such regulations as to their qualifications, fitness and conduct as may be established by general ordinance.

RESOLUTION No. 4202

RESOLUTION PASSED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Commissioner of Public Works be and he is hereby authorized and directed to repair the City Hall building where the same is in bad condition and in need of such repair, and to cause to be repaired over the main office of the City Engineer's rooms; all at an expense not to exceed \$10,000.

RESOLUTION No. 4203

That the placing of registration books in the precincts results in great inconvenience and delay by reason of their being registered in wrong precincts because of the inexperience and lack of instruction in the several precincts; and that during the season of registration, extending as it does from the first Monday in February to the first Monday in each year, every voter in the City can, without much inconvenience, go to the City Clerk's office for registration; and that the right of suffrage is a valuable franchise and should be by every voter conscientiously guarded, and it is hereby directed to induce in each year to take the little trouble required for registration.

That the City Clerk be and he is hereby instructed to hereafter place no more Registration books in precincts, but to confine all registration of voters to the City Clerk's office.

Adopted.

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the assessment and assessment roll for the improvement of South "E" Street from South 52nd to South 56th Street, constituting Local Improvement District No. 724, the same was taken up for consideration, together with the appeals of Margaret L. Wilbert, owner of Lots 15 & 16 in Block 4821, Southside Addition to Tacoma, and W. L. Lodge, owner of Lots 1 to 10, inclusive, Block 4721, in Southside Addition to Tacoma, which appeals were read in full before the Council on the 17th instant. And after a full consideration of the same by the City Council and upon motion of Turnbull, duly seconded, it was ordered that the objections presented by the said appeals be over ruled and the prayer thereof denied, and that the said assessment and assessment roll be approved and confirmed; and the City Attorney was directed to prepare an ordinance in due form for approval and confirmation of said assessment roll, which was done accordingly.

This being the time set for considering the assessment and assessment roll for the improvement of Orchard Road, East Road, Summit Road, West Road, Bradley Road and North Road, all on Prospect Hill, constituting Local Improvement District No. 334, the same was taken up for consideration, together with the joint appeal of A. J. Weishach, Elva C. Weishach and Albert J. Cutler therefrom. The joint appeal was read in full by the Clerk to the City Council and the questions raised and the objections urged in said appeal were brought on for hearing before the City Council as a body, and on motion of Turnbull the assessment roll, together with the appeal, was referred to the Streets and Alleys Committee and the hearing continued for one week.

On motion of Turnbull the Council reverted in order of business to

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the assessment and assessment roll for the improvement of Orchard Road, East Road, Summit Road, West Road, Bradley Road and North Road, all on Prospect Hill, constituting Local Improvement District No. 334, the same was taken up for consideration, together with the joint appeal of A. J. Weisbach, Elva C. Weisbach and Albert I. Cutler, which appeal was read in full before the Council on the 31st ultimo. And after full consideration of the same by the City Council and upon motion of Brand, duly seconded, it was ordered that the objections presented by the said joint appeal be overruled and the prayer thereof denied, and that the said assessment and assessment roll be approved and confirmed; and the City Attorney was directed to prepare an ordinance in due form for approval and confirmation of said assessment roll, which was done accordingly.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement of South 56th Street from Pine Street to Proctor Street in Local Improvement District No. 662, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Rankin, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

This being the time set for hearing and determining the petition of R.P. Shoemaker, et al. for vacation of the Alley between Blocks 22 and 23, Mason's Water Front Addition, the petition was brought on for hearing, and there being no remonstrance against the same, although due notice of said petition had been given as required by law, and on motion of Doud the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same, which was done accordingly.

This being the time set for hearing and determining the petition of Carl L. Stebbins, et al. for the vacation of 10 feet on each side of the alley between North "I" Street and Yakima Avenue and between North 7th and North 8th Streets, the petition was brought on for hearing, and there being no remonstrance against the same, although due notice of said petition had been given as required by law, and on motion of Rankin the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same, which was done accordingly.

On motion of Brand the Council reverted in order of business to

RESOLUTION No. 4874

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That resolution No. 4871, adopted on the 7th day of April, 1909, ordering the installation of a street light at the intersection of South 36th Street and Thompson Avenue, be and the same is hereby rescinded.

Adopted.

RESOLUTION No. 4875

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That the resolution of this Council concerning the sale of warrants on Tacoma Water Warrant Fund No. 1, adopted January 5th, 1909, be rescinded.

Adopted.

RESOLUTION No. 4876

WHEREAS, this Council by Ordinance No. 3547, approved December 31, 1908, created the Tacoma Water Warrant Fund No. 1, and provided for the issuance of warrants against said Fund in the sum of One Hundred and Fifty Thousand Dollars; and

WHEREAS, it is intended to make the additions to the present water system of the City of Tacoma, contemplated by said ordinance, in the immediate future, which will require the sale of said warrants to furnish money to pay the cost of said improvements; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That Wednesday, the 21st day of April, 1909, be fixed as the time for receiving bids for said warrants.

That the Fixing Time Commission be directed to advertise for sealed bids for the sale of said warrants in the Tacoma Daily Tribune five times consecutively, and to sell the same.

That the method of making sale of said warrants be by selling them to the highest bidder for cash, in installments, the first installment to be one hundred thousand dollars and any unpaid bids, and to be paid to the City Treasurer within thirty days after acceptance of the bid; and the second, third and fourth installments to be fifty thousand each, payable on the demand of the City Treasurer, after twenty days notice of each installment, and all within one year after the acceptance of the bid.

That said warrants be sold at par of their face value and accrued interest, and bear interest at the rate of six per cent, per annum.

That each bidder for said warrants be required to accompany his bid with a certified check for the sum of \$100, to be forfeited to the City of Tacoma, if he fails to enter into contract with said City for the purchase of said warrants should his bid be accepted; other checks to be returned to bidders.

That the bidder whose bid shall be accepted shall, within ten days after such acceptance, enter into a contract in writing with the City of Tacoma to take and pay for said warrants in installments as above provided, such contract to be drawn by the City Attorney in blank and subject to the Controller subject to inspection by bidders.

That the bidder whose bid shall be accepted shall give to the City of Tacoma a surety bond in the sum of \$5,000, or a certified check in a like amount, to secure the performance of his contract, the full sum of which bond or check shall be forfeited to the City of Tacoma should he fail to comply with the terms of his contract.

That upon the failure of the bidder whose bid shall be accepted to pay any installment due for said warrants, the City Council of said City of Tacoma may at its next or any subsequent meeting, before such payment, declare his contract and bond forfeited, and that thereupon said City may resell the same and sell the unsold portion of said warrants.

That any or all bids for said warrant may be rejected.

RESOLUTION No. 1114

Whereas, there is now existing in the Pacific Northwest cities, a shortage of vitrified brick, which tends to delay the completion of work already under contract, and postpone the commencement of any new work,

NOW THEREFORE, be it resolved by the City Council of the City of Tacoma, that during the time that it is impossible to get brick, the Commissioner of Public Works be allowed at his discretion, to substitute stone blocks, creosoted wood blocks or concrete in place of the brick used in gutters and down spouts, provided that the contractor rebates to the district, the difference in cost, should any exist, between the different materials.

Adopted.

RESOLUTION No. 1115

Whereas, the maintenance of free lunch counters by saloons has a tendency to keep in the city an idle, vicious and criminal element and enables them to put off going to work much longer than if there were no free lunch counters provided for them; and

Whereas, the City of Seattle and other large cities in the state have found it necessary to prohibit this practice, and the enforcement of the rule that all saloons be required to abolish their free lunch counters has had an excellent effect in ridding those cities of an idle, vicious and generally unprofitable class, and has resulted in many of them coming to Tacoma; NOW, THEREFORE

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That the saloon keepers of the City of Tacoma are hereby required to at once remove all free lunch counters from their places of business, and the City Clerk is hereby directed to have printed and copies of this resolution to be delivered by the License Inspector to the saloon keepers of the City, and any violation of this resolution will be sufficient cause for revocation of the license of any saloon.

Adopted.

RESOLUTION No. 1116

By Rankin:

Be it resolved by the City Council of the City of Tacoma, that whenever a division is made in property included in any Local Improvement District and the owners of the different pieces agree to the division of assessment as figured in the City Engineer's Office, the proper officers are hereby instructed to receive separate payments according to such divisions.

Adopted.

REPORTS OF SPECIAL COMMITTEES.

The SPECIAL COMMITTEE on FIRE BOATS made the following report:

"We, your special committee appointed to investigate fire boats in use in the cities of Seattle and Portland, beg leave to report as follows:

We visited both Seattle and Portland and after a thorough investigation of the boats in use we believe that a steel hull boat is best adapted to the needs of this city, and we recommend the construction of such a boat.

We further recommend that Mr. Fred A. Ballin of Portland, Ore., be employed to draft plans and specifications for a fire boat to be constructed with steel hull and equipped with centrifugal pumps, to cost not to exceed Ninety Thousand Dollars (\$90,000); the said Fred A. Ballin to receive two and one-half (2-1/2) per cent of said sum in payment of all plans and specifications complete ready to let contract on the same.

Respectfully submitted,

W. R. Giblett,
E. A. Lynn,
A. A. Rankin,
Committee."

RESOLUTION
142 Co
By Stewart.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
THAT, WHEREAS, the Northern Pacific Railway Company has made application to the War Department of the United States of America to cross the Wilton Waterway and the Day Island Waterway by trestling the same, which would in effect close said waterways at the point of crossing; and WHEREAS, the City of Tacoma has but little or practically no waterfront, although it has eighteen miles of shore line within its limits; and WHEREAS, said shore line and waterfront is now practically all owned by the Northern Pacific Company and other railway corporations; and WHEREAS, the population of Tacoma has now reached 125,000; and WHEREAS, it is shown by statistics that in the commercial cities of the world that have the public dock system they have forged ahead in commerce and shipping, while places where private ownership exist have declined in maritime importance; and

JUN 2 - 1909

WHEREAS, the Day Island people of the Upper Sound country have heretofore petitioned this Honorable Body to construct public wharves at or near the Wilton Waterway on the West side of the City of Tacoma; and

WHEREAS, there is now, as shown by said petition, produce and commerce of the value of \$250,000 to \$300,000 produced by said Day Island people annually, and a like amount of goods and supplies bought annually for the maintenance of said people; and

WHEREAS, the daily passenger list from said Day Island country, as shown by said petition, is now on the average of one hundred and twenty-five people every day and will be largely increased by the new route now being opened up by the extension of Sixth Avenue to said Wilton Waterway and the annual produce and purchases correspondingly increased; and

WHEREAS, in addition to said Day Island people the cities and towns in the Upper Sound Country would be afforded the most natural and speedy route into Tacoma; and

WHEREAS, the leaving open of the said waterways and particularly said Wilton Waterway will very naturally facilitate and increase the shipping and commerce of the City of Tacoma, THEREFORE, be it

RESOLVED, that the War Department of the United States be and is hereby requested to protect the commerce and shipping of the said City of Tacoma in connection with said waterways by keeping the same open, and that a certified copy of this resolution be at once forwarded by the City Clerk to Major Kutz, United States Engineer, located at the City of Seattle, Washington, and to his Deputy, Mr. Eugene Ricksecker, located at the City of Tacoma, with the request to forward the same to the Secretary of War with their report on said application of said railway company.

JUN 2 - 1909

RESOLUTION
No. 4954

By Hawley.

Be it resolved by the City Council of the City of Tacoma, that the alley between North Tacoma Avenue and North "G" Street from North 1st Street to North 6th Street be improved in the manner hereinafter described and that the cost and expense of making said improvement which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal, annual installments with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said alley to the established grade with a roadway sixteen (16') feet in width and in laying down on said roadway a pavement of asphalt and sandstone on a concrete base with brick gutters or a pavement of granitoid, all to have concrete curbs, concrete retaining walls where necessary and all necessary storm water drainage.

Provided sandstone and asphalt are used, then from a point 6.2 feet east of the west line of North 1st Street to a point 116 feet west of said west line of North 1st Street, and from a point 70 feet west of the west line of North 2nd Street to North 3rd Street and from a point 5 feet east of the west line of North 3rd Street to a point 100 feet west of the west line of North 3rd Street and from a point 15.5 feet east of the west line of North 5th Street to a point 240 feet west of the west line of North 5th Street, said alley shall be paved with sandstone blocks, the balance of said alley to be paved with asphalt.

Said improvement shall also include the altering of any curbs, gutters or pavement to make same conform to lines and grades of new improvement, extending all aprons to curbs, taking up and relaying same where necessary.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 424" against which the cost and expense of making said improvement, shall be charged by special assessment, to-wit:-

All Lots in Blocks 3112, 3113, 3212, 3213, 3312, 3312, 3412, 3413, 3512 and 3513,

RESOLUTION
No. 427

By Hawley.

Be it resolved by the City Council of the City of Tacoma, that South 39th Street from Sheridan Avenue to the west line of Tacoma Land Company's 5th Addition be improved in the manner hereinafter described, and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said street to the established grade with a roadway forty (40) feet in width and a sidewalk and parking space on each side thereof twenty (20) feet in width, constructing curbs, gutters and crosswalks of plank together with all necessary storm water drainage.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 706" against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

All Lots in Blocks 8930, 8932, 8934, 8936, 8938, 8940, 8942 & 8944.

Lots 9, 10, 11, 12, 13, 14, 15 and 16 in Blocks 8830, 8831, 8832, 8833, 8834, 8835, 8836, 8837, 8838, 8839, 8840, 8841, 8842, 8843, 8844.

Tacoma Land Company's 5th Addition to Tacoma, W.T. The

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement to be made and filed in his office and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on roll call. Yeas 14. Nays 0. Absent 2. Armstrong, Rankin.

RESOLUTION
116-4973
By Special Committee.

Frank Leslie Davis was born in Wallsville, Ohio, December 2nd, 1856. In early manhood, after graduating from Simpson College, Indianola, Iowa, he took a post-graduate course in Engineering at the State University, Lawrence, Kansas; since which time he has devoted his life to Civil Engineering, and in such capacity has been employed by the Rock Island & Pacific Railroad Company, the Southern Pacific, the Northern Pacific and the Great Northern. He has been a resident of this City for about twenty years, and has, for the five years last past and for two preceding years filled the office of City Engineer of the City of Tacoma, and in the discharge of his duty as such official has given evidence of his ability as an Engineer, of his loyalty to the City of Tacoma and of his manly integrity.

WHEREAS, the members of the City Council of the City of Tacoma deeply deplore the taking from them by the hand of death on the 9th day of June, 1909, of their beloved friend and associate city official, Frank Leslie Davis; and

JUN-16 1909

WHEREAS, the members of said City Council desire to perpetuate and pay a tribute of respect to his memory, and also to extend their heartfelt sympathy to the family and relatives of the deceased; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the foregoing brief epitome of the life and character of the deceased, together with this resolution, be authenticated by the City Clerk under the seal of the City of Tacoma, and transmitted to the widow of the deceased, and that the same be also spread upon the Journal of the proceedings of this Council.

Adopted.

RESOLUTION
No. 542.

By Hawley.

Be it resolved by the City Council of the City of Tacoma, that South 48th Street from Park Avenue to Pacific Avenue be improved in the manner hereinafter described and that the cost and expense of making said improvement which shall include any sums which may be awarded to owners of adjoining property, as damages and costs by reason of said improvement, be assessed upon the lots of contiguous and proximate lots and parcels of land benefitted thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said street to the established grade with a roadway forty feet (40') in width and a sidewalk and parking space on the north side thereof twenty-two feet (22') in width and on the south side twenty-two feet (22') in width at Park Avenue, fifteen and two-tenths feet (15.2') in width at west side of "D" Street, twenty and one-tenth feet (20.1') in width at the east side of "B" Street and twenty-two and seven-tenths feet (22.7') in width at Pacific Avenue, constructing curbs, gutters and crosswalks of plank, sidewalks of cement concrete five feet (5') in width together with all necessary storm water drainage; also in curbing, concrete curbs, gutters or aprons to make same conform to lines and grades of new improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 718" against which the cost and expense of making said improvement, shall be charged by special assessment, to-wit:

RESOLUTION
No. 5062
By Hawley.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
That Ainsworth Avenue from 6th Avenue to the center of South 16th Street and Sprague Avenue from North 7th Street to South 11th Street and North 7th Street from Ainsworth Avenue to Sprague Avenue; South 8th Street from Sprague Avenue to "L" Street; "L" Street from South 8th Street to South 7th Street and South 7th Street from "L" Street to "K" Street be improved in the manner hereinafter described and that the cost and expense of making said improvement which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby in accordance with the laws of the State of Washington and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in the City of Tacoma, said assessment to be made in ten (10) equal, annual installments with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portions of said streets to the established grade, with a roadway on Ainsworth Avenue, on North 7th Street, and on Sprague Avenue from North 7th Street to Division Avenue thirty feet (30') in width, a roadway on Sprague Avenue from Division Avenue to South 11th Street, forty feet (40') in width, and in laying down on said roadways a pavement of asphalt on a concrete base with brick gutters; concrete and granite curbs and all necessary storm water drainage; also in altering any curb, gutter or pavement to agree with lines and grades of new improvement.

South 8th Street from Sprague Avenue to "L" Street; "L" Street from South 8th Street to South 7th Street and South 7th Street from "L" Street to "K" Street shall be improved only by the construction of storm water drainage.

Provided that those parts to be done by the Tacoma Railway and Power Company and the Pacific Traction Company under their franchises are not to be included in this improvement.

All of said work to be done made and completed in accordance with the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

RESOLUTION No. 577

By Hawley.

Be it resolved by the City Council of the City of Tacoma, that "Court D" from South 7th Street to South 11th Street be improved in the manner hereinafter described, and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of adjoining property as damages and costs by reason of said improvement, be assessed upon the adjoining contiguous and proximate lots and parcels of land benefitted thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal annual installments, with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said alley to the established grade, with a roadway twenty-four (24) feet in width, and in laying down on said roadway a pavement

of asphalt and sandstone blocks on a concrete base, with brick gutters, or a pavement of Granitoid, all to have concrete curbs and all necessary storm water drainage.

Also in constructing sidewalks of cement concrete four (4) feet in width, concrete retaining walls, and in altering any curbs, gutters and pavement now in place, to make same conform to line of new improvement.

Provided that where curbs and sidewalks are already in correct position, they shall not be included in this improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 432", against which the cost and expense of making said improvement shall be charged by special assessment to-wit:-

All the lots in blocks 708, 709, 908 and 909. Map of New Tacoma, W.T.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to give due notice to the owners of said property in the manner provided by the City Charter.

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the petition of the Oregon & Washington Railroad Co. for the vacation of certain streets and alleys in the City of Tacoma, the same was taken up for consideration, and on motion of Stewart the hearing was continued until 7:30 o'clock p.m., November 10, 1909.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement of Proctor Street from 5th Avenue to the center of North 27th Street in Local Improvement District No. 385, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Hawley, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

On motion of Stewart the ordinance granting a franchise to the Oregon & Washington Railroad Co. over certain streets and the right to erect and maintain an overhead viaduct, was taken from the table for consideration. On motion of Stewart Section 3 was amended to read: "The said overhead bridge, viaduct or structure, at the crossing of each street shall be so floored or ceiled that no oil,inders or waste shall fall into said streets from the engine or cars of the said grantee."

On motion of Brand Section 14 was added providing "that the said grantee shall begin construction under this franchise within six months after the same shall take effect, and thereafter continuously prosecute construction of the viaduct and have the same completed within two and one-half years; and the ordinance was placed in order of 3rd reading.

The Council then reverted in order of business to

Adopted.

RESOLUTION
No. 3084

By Bell.

WHEREAS, there has been considerable complaint, from time to time, by merchants and taxpayers in the city engaged in the Electric Supply business, that the City of Tacoma is engaged in a retail mercantile business by supplying consumers with lamps and other material at what is alleged to be cost, thus interfering with their legitimate business and making the claim that the City is losing considerable money through this method, that loss in breakage, careless checking of supplies sold, etc. That it is in many cases, simply as accommodation to a lot of transient people who rent a house or rooms, are here today and gone tomorrow, and that it is an imposition upon the legitimate taxpayer and retail business men. THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Controller, or proper officer, be instructed to furnish the City Council at its next regular meeting a statement, or balance sheet, showing the transactions in the purchase and sale of lamps and other material furnished consumers, the cost, receipts and expenses, and that this statement be explicit and technically correct.

Adopted.

RESOLUTION
No. 3085

By Turnbull.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Commissioner of Public Works be and is hereby instructed not to place any 200 candle power Tungsten lights in any part of the City without permission from the City Council.

Adopted.

RESOLUTION
No. 3086

RESOLUTION
 No. 123
 By Hawley.

WHEREAS, a resolution was adopted by the City Council of the City of Tacoma on the 18th day of August, 1909, ordering the improvement of Adams Street from the South line of South 12th Street to the south line of Section 1, Township 20 North, Range 2 East, W.M., and Pine Street from the south line of South 12th Street to the north line of South 15th Street, same being Local Improvement District No. 650, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, such cost and expense to include all sums which may be awarded to the owners of abutting property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said streets proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
 That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Engineer, relative to application of the Northern Pacific Railway Co. to construct trestle bridges across Wilton and Day Island Waterways, and recommended that the City Clerk be instructed to forward to Major C. W. Kutz, a letter, a copy of which is hereto annexed. Adopted.

The following is a copy of the annexed letter:

"Your communication to the City Clerk of the City of Tacoma under date of September 22nd, has been referred to the undersigned committee for action.
 As the War Department does not feel disposed to have the location of the line of the Northern Pacific Railway changed to the east side of the lagoon into which the Wilton Waterway empties, we believe that the proposed crossing will do as little damage as at any point it might cross.
 In answer to your request for an expression of opinion as to the size and character of the opening required for the accommodation of commerce, we would respectfully recommend that the opening should be not less than eighty feet in the clear, measured at right angles to the axis of the waterway, and that the bridge should be a lift instead of a draw.
 We beg to state that we appreciate the consideration you have given the resolution passed by this Council, and are gratified with the steps you have taken to protect any and all commerce that will necessarily be attracted to the west side of Tacoma."

RESOLUTION
No. 1113

By Hawley.
WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 22nd day of September, 1909, ordering the improvement of Lawrence Street from South 53th Street to South 64th Street, same being Local Improvement District No. 731, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, such cost and expense to include all sums which may be awarded to owners of abutting property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

Whereas the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call. Yeas 13. Nays 0. Absent 3. Kreger, Turnbull, Mr. President.

RESOLUTION
No. 1114

Be it resolved by the City Council of the City of Tacoma, that North 15th Street from Union Avenue to the West line of Section 36, T. 21 North, Range 2 East W.M., be improved in the manner hereinafter described, and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement, be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal annual installments, with interest at the rate of seven per cent. (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said street to the established grade with a roadway forty (40) feet in width, and a parking space on each side thereof twenty (20) feet in width, constructing curbs, gutters and crosswalks of plank, and all necessary storm water drainage.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 732", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:-

The South half of Blocks 135, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, and 149,

REPORTS OF SPECIAL COMMITTEES.

Your Special Committee on Municipal ownership of Water and Rail Terminals begs leave to submit the following report:

"The future greatness and progress of the City of Tacoma depends in a large measure upon the development of its harbor and water front area. A large part of the undeveloped water front property lying between the docks of the Chicago, Milwaukee and Puget Sound Railroad and Hylebos Creek has been platted into blocks and lots with streets dedicated to the public in such a manner as to prevent the natural development of said land through the construction of docks and water ways. These lands lie within a territory which is likely soon to be annexed to the City of Tacoma and taken within its corporate limits.

It is now reported that the owners of said property are about to apply to the Board of State Land Commissioners for permission to replat the same.

The combined area of the streets in the present plat of said property which it is proposed to replat amount to about ten acres, and it is of great importance that the said land be replatted in such a manner that the future interests of the city may be conserved.

We therefore recommend that the City Clerk be authorized and instructed to write to the Board of State Land Commissioners requesting them to submit to the City Council of the City of Tacoma for their consideration any proposed replat of said lands; and that the City Clerk enclose a copy of this report with his communication.

Calvin W. Stewart, Jr.
E. A. Lynn.
R. W. Jamieson."

Report adopted.

REPORTS OF OFFICERS.

The following communication was received from the Mayor:

"In response to the request of your honorable body for some suggestion relative to a water supply for the coming summer and until the gravity system can be brought in, should the city conclude

DEC 22 1909

to build same, I have the honor to state:

1st. As to the wells at South Tacoma. Two of the wells which were considered among our best are not now being pumped. In an effort to test sinking these wells to greater depths, the drill became clogged and left the well at a strata which seems to allow the water to be swallowed up as it were, and the static head drops so low that it requires too much power to pump it.

To say the water has given out is incorrect for the reason that other wells very near to these and drawing from the same vicinity have not given out. These wells will no more give out than the springs which are gushing from the ground in all directions out there, or until the source that supplies them gives out, whether it be the snow from the mountain as some learned men have told us, or the rain that falls on the prairie. When snow and rain cease to fall these wells will go dry and not until them.

As I have said time and again it is purely a question of expense. I have never finally committed myself to the wells as a permanent water supply. All persons knew they were an experiment. I said to try them and we have done so and have found the finest water in the world and plenty of it. No wells on earth produce an equal amount per well. But from present appearance it looks as if it may be too expensive as compared with the gravity system. And again there are doubtless many more chances of wells, pumps, machinery, electric power, transformers, etc., etc., to get out of order. All this we are only learning- you and I could not have guessed it all before. I am not discounting the wells. Mr. McGregor and Mr. Whitney have done wonders with them, bringing them up from 3,000,000 to 10,000,000 or 12,000,000 with every reason to believe we can increase the supply to 15,000,000 or 18,000,000.

The cost, however, stares us in the face. The air lift is an expensive pumping system. With the water we are getting now and what we can depend on from the tunnel Mr. McGregor informs me we can get along through next summer with possibly an occasional shortage, especially as we will be able to pump the full twenty four hours after February 1st, 1910. One other point before leaving the wells. I am satisfied we could get more water at less cost by resorting to one or more large open wells and using direct power or centrifugal pumps.

2nd. I have always felt favorably impressed with the Maplewood Springs, and I have never hesitated in so stating. Here is 18,000,000 or 20,000,000 millions of gallons of the best kind of water right at our doors which if brought direct to the city and pumped into the low service which is the big service would be the best proposition in the long run for I believe firmly that it will be at least two and a half years before we can depend on the gravity system. This is the opinion of experts of the highest character. We will be able to do very little the coming summer.

It must be voted on first- then considered by the commission government-- then the specifications exploited for its information and perhaps corrected or changed-- then advertized-- then the successful bidder must get his machinery, tools, employes, experts and others together. This will consume the most of the summer and little can be done after the rains set in. And after a fair start it will take at least two summers more, and so we will be sure to need Maplewood Springs before a gravity system can get in to the city and fairly commence business.

The in connection with the wells it will be a splendid auxiliary to the gravity system because you must not dream your troubles will be all over when you get Green River "running down hill"

to the city. That has been the experience of no other city that has a gravity system.

3rd. By stringently enforcing the laws for the protection of our water supply we can thoroughly prevent Clover Creek from contamination and pollution, and can get two or three if not four or five millions of gallons from that source, which would carry us over the coming summer. Strict surveillance along the creek by placing inspectors there and prosecuting anyone who would violate the law we need not fear any danger from that source. It is a nuisance for any person to contaminate the water in any way. Section 3650 to 54.

4th. But the most important proposition I have to lay before you is that the city place the whole service under the meter system. We have 13813 consumers about 10 per cent of whom are now required to use meters and consume about 1,300,000 to 2,000,000 gallons of water a day, or 1,110 each. There are 12,466 users under flat rate. We are supplying in round figures 12,000,000 gallons of water a day and after deducting the amount consumed by meters we have left 10,000,000 to 10,500,000 gallons which would leave about 800 gallons a day for each consumer who does not use a meter, less the amount of waste by consumers, leaky mains, street washing, and fire purposes, etc.

The loss from all above causes is estimated by Mr. Whitney at about 25 per cent of all water supplied but he says this is a very liberal estimate. Some estimates made by him will accompany this for your information. Mr. Whitney said to me that we would save about \$75. a day in expenses by having meters. Wherever they have been installed there has been a saving of from 25 to 50 per cent of the water supplied. The best meters cost about \$8 each-- cheaper ones can be had for \$6 each. The best are the cheapest in the long run. It will cost about \$4 each to place them. The charge for water could be reduced one half and the expense for inspectors would not be increased.

All cities are installing meters and it is a very slipshod way not to have them. It is like a business man who never takes an inventory of stock or strikes a cash balance.

Under our present system we never know where we are or how we stand-- we do not know how or where the great loss occurs-- some are paying much more than they should and many are wasting more than they use or pay for. Our meter rates now are extortionate. We will need about 12,000 meters to start with. Seattle at present has about 40 per cent of her system under meters and charges 50 cents for 500 cubic feet. She has just ordered \$70,000 worth of meters. Portland is under meter system, as are all well regulated cities. It may not be advisable to require every house to use a meter. But all these matters can be threshed out in Committee when this important matter is under consideration." Referred to Special Water Committee.

A communication was received from the City Treasurer reporting bank balances of City's funds for week ending Dec. 18th, 1909. Referred to Finance Committee.

A communication was received from the Com'r of Public Works submitting proposals for furnishing certain fire apparatus for the City. On motion of Brand, the communication was referred to COMMITTEE OF THE WHOLE.

A communication was received from the Com'r of Public Works, submitting copy of a communication from the City Electrician, asking for permission to remove the arc lamp now located at 63rd Street and McKinley Avenue, and replace same with a 200 cp. Tungsten lamp. On motion of Giblett, the communication was concurred in.

A communication was received from the Com'r of Public Works relating to the dangerous

condition of North 36th Street, near the old Mentzer Mill. On motion of Giblett, it was ordered that repairs be made at not to exceed \$200.00.

A communication was received from the Com'r of Public Works enclosing copy of a bill rendered the Metropolitan Park Board for water used in the various parks in the City. Referred to the Fire & Water Committee.

A communication was received from the Com'r of Public Works enclosing three bids for cleaning and painting the Standpipe on South "J" Street, and recommending that the contract be awarded to the lowest bidder. On motion of Giblett, it was ordered that the lowest bid be accepted.

RESOLUTIONS.

A resolution was introduced by Eberly directing the Com'r of Public Works to have a Tungsten street light installed at the intersection of South 12th and "L" Streets, and was referred to the Fire & Water Committee.

A resolution was introduced by Giblett, directing the Com'r of Public Works to Advertise for bids, in the manner provided by the Charter, for 5000 ft. of fire hose and to purchase 5 horses for the Fire Department of the City of Tacoma, and was referred to the Fire & Water Committee.

A resolution was introduced by Hawthorne directing the Com'r of Public Works to have Tungsten street lights installed at the intersections of South 12th and South 14th Streets on Durango St; and other streets., and was referred to the Fire & Water Committee.

A resolution was introduced by Russell directing the Com'r of Public Works to have a series Tungsten street light installed at the intersection of North 10th and Mason Streets, and was referred to the Fire & Water Committee.

A resolution was introduced by Hawley providing for the improvement of South "J" Street from South 56th Street to South 64th Street, in Local Improvement District No. 701, and was referred to the Streets & Alleys Committee.

A resolution was introduced by Rankin relating to the exchange of old for new Nernst Lamps, and re-considering the action of the Council on the 8th instant, on the communication of the Com'r of Public Works relating thereto, and was laid over for one week.

RESOLUTION No. 3128

By Hawley.

Be it resolved by the City Council of the City of Tacoma, that Sixth Avenue from the center of Warner Street to a point Fourteen thousand one hundred (14,100) feet West of the West line of Fletcher Heights Addition to Tacoma, Wash., be improved in the manner hereinafter described and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby in accordance with the laws of the State of Washington and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal, annual installments, with interest at the rate of seven per cent. (7%) per annum on deferred payments.

Said improvement shall consist in grading to the established grade, said portion of Sixth Avenue between Warner and Proctor Streets, with a roadway forty-eight (48) feet in width, and in laying down on said roadway a pavement of asphalt on a concrete base, with concrete gutters and curbs, and all necessary storm water drainage; grading that portion of Sixth Avenue between Proctor Street and the West line of Fletcher Heights Addition to the established grade with a roadway twenty (20) feet in width, and grading that portion of Sixth Avenue between the West line of Fletcher Heights Addition and a point fourteen thousand, one hundred (14,100) feet West of the West line of Fletcher Heights Addition to Tacoma, Wash., with a roadway forty (40) feet in width, and laying down on said roadways from Proctor Street to the said point, a pavement of asphalt twenty (20) feet in width, except as hereinafter provided, on a concrete base with wooden curbs or headers, and all necessary storm water drainage.

Provided that from Sta. 0+80 to 4+00, from Sta. 19+90 to 24+80; from Sta. 88+30 to 91+50, and from Sta. 123+11 to Sta. 141+00, a pavement of plank twenty (20) feet in width shall be laid, for the reason that asphalt pavement thereon is impracticable.

Provided that that portion to be done by the Tacoma Railway and Power Company under its franchise, is not to be included in this improvement. All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 347", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:-
