Resolved
March 24

RESOLVED by the City Council of the City of Tacoma that in Sewerage District No. 21, created by the Commissioner of Public Works on the 17th day of December, 1901, in the City of Tacoma, sewers be laid on the following lines, and in the manner hereinafter described, and that the cost and expense of the construction of said sewers be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No. 1382 of the City of Tacoma, approved June 17th, 1899, according to the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works, which said sewers and lines are as follows, to-wit:

Sewers for storm water drainage along the following lines:
In the alley between Steele and Trafton streets, from sewer hereinafter described in South 8th street to a point 100 feet north of South 12th street; thence a shallow ditch to be excavated to the north boundary of South 12th street.
In the alley between Trafton and State streets from the sewer hereinafter described in South 10th street to the north boundary of South 12th street; thence in a southwesterly direction across South 12th street to the south boundary thereof at a point 60 feet east of the east line produced, of Trafton street.

Sanitary sewers of 8 inch pipe along the following lines:
Beginning at the sanitary sewer hereinafter described in South 8th street in the intersection thereof of the alley between Steele and Trafton streets, thence south in said alley to a point 15 feet north of South 12th street; and
In the alley between Trafton and State streets from the center line of South 8th street to a point 15 feet south of the center line of South 12th street.

A sewer for storm water drainage: Beginning with 15 inch pipe in Pine street at the north boundary of Coulter's Addition, thence south in Pine street to North 8th street; thence east in North 8th street to Steele street; thence with 12-inch pipe in Steele street to South 8th street; thence east in South 8th street to the alley between Steele and Trafton streets; also in South 10th street, a 10-inch pipe from the last mentioned alley to the alley between Trafton and State streets.

A sewer for sanitary drainage of 8-inch terra cotta pipe on the following lines:
Beginning at the present sewer manhole in the intersection of Pine street and the alley between North 8th and North 9th streets, thence the pipe shall be laid to join the trench to be excavated for the storm water sewer hereinafter mentioned, and the remainder shall be laid in the same trench on the following lines: Beginning at the said manhole, thence in Pine street to North 8th street; thence in North 8th street to Steele street; thence in Steele street to South 8th street; thence in South 8th street to the alley between Steele and Trafton streets;

Also in South 10th street from last named alley to the alley between Trafton and State streets.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute an assessment district against which the cost and expense thereon shall be charged by special assessment, to-wit:

- Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, in block 1;
- Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, in block 2;
- Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, in block 3;
- All in Lyon's Addition to Tacoma, Washington, as shown on map of same filed for record in the office of the Auditor of Pierce County, Washington, September 31, 1890.
- Lots 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, and 23 in block 1;

PROPOSED AMENDMENTS TO THE CITY CHARTER OF THE CITY OF TACOMA.

Resolution 2641

WHEREAS the City Council of the City of Tacoma deems it necessary and expedient to amend sections 9, 7, 31, 33 and 34 of article 2; sections 44 and 47 of article 3; sections 62 and 64 of article 5; sections 63 and 67 of article 7; sections 34, 94, 93 and 106, article 9; sections 127, 128, 129, 130 and 136 of article 11; section 133 of article 12; sections 170 and 180 of article 14; section 187 of article 16, and section 213 of article 21, of the City Charter of the City of Tacoma; and

WHEREAS it is the intention of said City Council to offer the aforesaid mentioned amendments to the qualified voters of the City of Tacoma; now therefore

BE IT ENACTED, by the City Council of the City of Tacoma: That said City Council deems it necessary and expedient to offer to the qualified voters of said City the aforesaid mentioned amendments and hereby declares its intention to offer to said voters said amendments for their ratification or rejection at the next general municipal election to be held in the City of Tacoma on the first day of April, A. D., 1902,

which said amendments read as follows, to-wit:
SECTION 9, Article 2:

The officers of the City shall be a Mayor, Councilmen, (two of whom shall be elected from among the qualified voters of each ward,) a Treasurer, Controller, City Clerk, City Attorney, Commissioner of Public Works, Chief of Fire Department, Chief of Police, Harbor Master, five Park Commissioners, (who shall act together and constitute the Board of Park Commissioners), and Members of the Board of Health, and such other officers as may have been heretofore or shall hereafter be provided by ordinance.

The Mayor, the Controller and the Treasurer shall be elected by the people. The City Clerk shall be elected by the City Council. The City Attorney shall be appointed by the Mayor, but shall not enter upon his duties until such appointment has been confirmed by the vote of a majority of the members of the City Council. All other officers shall be appointed by the Mayor.

SECTION 7, Article 2:

All officers elected by the people shall hold their respective offices two years and until their successors are elected and qualified. The City Attorney shall hold his office for the same term as elective officers and until his successor shall have been appointed and confirmed. The Attorney shall not be subject to removal from office except for cause shown before the City Council, and then only upon the vote of two-thirds of its members. All other officers shall be subject to removal at the pleasure of the appointing power.

The term of all elective officers shall commence on the second Tuesday next after the City election, and of appointive officers, except the City Attorney, upon their appointment.

SECTION 31, Article 3:

Within ten days after his election or appointment shall have been legally declared, and before entering upon the duties of his office, every officer of the City who is by this Charter, or by any ordinance of the City or resolution of the City Council, required to give bond for the discharge of his duties, shall deliver such bond to the City Clerk, in the penal sum and with such surety or sureties as shall be so required, conditioned that such officer will faithfully and impartially perform the duties of his office.

Bonds of surety, Guaranty, Indemnity, or Insurance Companies which are organized and empowered by law to give such bonds shall be deemed equivalent to ordinary official bonds executed by such officers and signed by other sureties.

No such bond shall be held to be void because of any defect in its form, recital, conditions or substance, nor shall any principal or surety be discharged from liability thereon because of any such defect; but every bond intended as an official bond under this section shall hold and bind the parties to it to the full extent contemplated by the law or by the Charter, Ordinance or resolution requiring the same.

Any officer who shall accept any office to which he may be appointed or elected shall be held bound in the penal sum of any bond required by the Charter, Ordinance or Resolution to be given by him for the faithful and impartial performance of the duties of his office, whether in fact such bond be given or not.

Every official bond of the City of Tacoma must be approved by the City Council, and, when so approved, shall be filed with the Controller, except the bond required of such Controller, which shall be filed with the City Clerk.

SECTION 33, Article 2:

Whenever and so long as the Mayor may be for any cause temporarily unable to perform his official duties, the President of the City Council shall act as Mayor. When a vacancy occurs in any elective office, the Council may elect some person from among the qualified electors of the City to fill the said office until the regular election, at which time some person shall be elected to serve for the remainder of the unexpired term. If an appointive office become vacant, the Mayor may appoint some person to fill the office during the unexpired term, but no City Attorney thus appointed shall enter upon his duties until his appointment shall have been confirmed as provided in Section 9 of this Charter.

SECTION 34, Article 2:

Upon the vote of two-thirds of the members of the City Council, any officer of the City may be impeached and removed from office for incompetency, neglect of duty, or misconduct in office. In case of such impeachment, written charges shall be preferred against the accused, and at least ten days before the time set for the hearing thereof, a copy of such charges, together with a notice of the time and place of such hearing shall be served upon him. The accused shall be afforded a fair chance and opportunity to make his defense against such charges, and all proceedings in the matter of such impeachment shall be entered at large upon the journal of the Council. No person thus removed from office shall be eligible to reappointment or election during two years succeeding such removal.

SECTION 44, Article 3:

At ten o'clock A. M. of the second Tuesday following the municipal election the City Council shall meet, at which time the newly elected councilmen shall assume the duties of their office. The City Council shall meet at such other times as it may by ordinance or resolution determine; provided it shall meet at least semi-monthly.

Special meetings of the City Council shall be called by the City Clerk, upon the written request of four members thereof; said requests to state the subjects to be considered at said meeting, and no other subjects to be considered at said meeting. All sessions of the City Council shall be public.

SECTION 47, Article 3:

Every ordinance after its passage shall be recorded in a book kept for that purpose, which record shall be authenticated by the signature of the President of the City Council and attested by the City Clerk, and in case said ordinance is approved by the Mayor he shall also sign said record. Every ordinance shall within ten days after its passage and approval by the Mayor or its passage over the Mayor's veto, be published once in the official newspaper of the City. Every ordinance shall take effect and be in force after such publication and shall not take effect unless published as herein provided.

SECTION 32, Article 3:

The Chief of Police shall be the head of the Police Force of the City, and all policemen shall be subject to his immediate direction and command. The Mayor

shall appoint and commission such number of policemen as may be authorized by the City Council. The Mayor may of his own motion suspend or remove any police officer from office at pleasure. All duly appointed policemen shall be deemed deputies of the Chief of Police and shall have the same powers as the Chief to execute and serve process and arrest offenders within the limits of the City. The Chief of Police shall be ex-officio sergeant at arms of the City Council and shall attend all its meetings, but may assign any member of the police force to act in his place as such sergeant at arms. He shall regularly attend upon the City Courts and execute all process issued therefrom; he shall have the same powers as police officers under the laws of the State to arrest offenders with or without warrant, and shall exercise due diligence to preserve peace, quiet and order throughout the City. Unless otherwise provided by ordinance, he shall be keeper of the City Jail.

SECTION 64, Article 6:
The Mayor shall appoint and commission such Captains, Sergeants and sub-officers as may be authorized by the City Council for the proper organization and execution of the duties of the police force and any officer so appointed may be suspended or removed at the pleasure of the Mayor.

SECTION 65, Article 7:
The Mayor shall appoint and commission such number of sub-officers and firemen under the Chief of the Fire Department as may be authorized by the City Council, and the Mayor may at his pleasure suspend or remove any officer or fireman so appointed by him.

SECTION 67, Article 7:
That Section 67 of Article 7 which reads as follows: "the Chief of the Fire Department shall have the power to appoint such officers as the proper organization of the department may require, all of which appointments shall be subject to the approval of the City Council", be and the same is hereby repealed and abrogated.

SECTION 68, Article 9:
The said Commission shall negotiate the sale of all bonds of the City, in accordance with the provisions of the ordinance under which such bonds may issue, and shall, from time to time, invest the moneys which shall constitute the sinking fund for the redemption of the City debt, or any surplus of interest to the credit of the Interest Fund, in the purchase of bonds issued by the City, at the market price not exceeding the par value thereof. If at any times such investments cannot be made, then the said Commission may invest such funds in interest bearing securities of the Tacoma School District, now known as District Number Ten, the County of Pierce, the State of Washington, or the United States. Hereafter, the said Commission may purchase bonds of the City at a premium whenever the interest accruing on said bonds, from time of purchase to maturity, will be greater than the premium on said bonds and interest on the amount to be used to make the proposed purchase. Said interest to be computed at the average rate of interest earned by money in the sinking fund for the previous year, excepting the money that may be invested in bonds of the City, and for the time that will elapse between the date of proposed purchase and maturity of the bonds. No money belonging to the Sinking Fund or Interest Fund shall be loaned to any person or corporation.

SECTION 69, Article 9:
The Treasurer shall receive all moneys due and belonging to the City, and keep an accurate and detailed account of the same in such manner as at all times to show the exact financial condition of the City. Not later than the 15th day of each month, he shall report to the City Council a complete and itemized statement of all moneys received and paid out by him during the preceding month. Such statement shall show what funds were credited with moneys so received and from what funds moneys were so paid, and the amounts thus credited and paid; and further show the exact amount of money in each fund of the City on the last day of the preceding month. He shall also in such report show the amount of funds under his control at the time of making such report, and where the same are placed or deposited.

SECTION 70, Article 9:
The City Controller, within ten days from the time of notice of his election, and before entering upon the duties of his office, shall take and subscribe the oath of office and give to the City of Tacoma a bond in an amount to be fixed by the City Council, conditioned for the faithful discharge of the duties of his office. He shall have such deputies and clerical assistance as may be provided by ordinance; provided, that the deputies and assistants shall, when provided for by ordinance, be appointed by the head of the department.

Section 105, Article 9:
He shall report annually to the City Council, as soon as he has received from the County Assessor a certified summary of the property subject to taxation within the City, an estimate of the expenses of the City and likewise the revenue necessary to be raised for the current year.

SECTION 102, Article 11:
Before entering upon the duties of his office, the Commissioner of Public Works shall deliver to the City Clerk a bond in such sum as shall have been fixed by ordinance or resolution of the City Council, conditioned for the faithful performance of such duties.

SECTION 107, Article 11:
The Commissioner shall keep a correct and detailed account of all his official acts, and make report of the same to the City Council at the end of each month; and shall, from time to time, obtain, compile and furnish to the Mayor or City Council such data or information as they may require.

SECTION 107, Article 11:
The Commissioner shall be custodian and entitled to possession of all the property of the City, except as otherwise provided by this Charter or the ordinances of the City, and shall be responsible for the safe keeping and management of the same.

SECTION 109, Article 11:
Subject to the direction and control of the City Council and the law and ordinances of the City, the Commissioner shall have charge of and superintend all

public works of the City, and shall make such purchases of materials and supplies as may be authorized by ordinance or the City Council; but he shall make no purchase of material or supplies of an amount or value in excess of five hundred dollars except upon a written contract and after advertising for bids for furnishing such materials or supplies in the manner provided in Sections 100, 101 and 102 of this Charter. Whenever the City Council shall so require by ordinance or resolution, before any contract shall be entered into upon any work under this Charter, the same shall be submitted to the City Council for its approval and shall not take effect until so approved.

SECTION 100, Article 11:
Except as otherwise provided by Charter or Ordinance and subject to the direction and control of the City Council, the Commissioner of Public Works shall have power to make and enforce all local rules and shall have general supervision and charge over and concerning the following matters within the City, to-wit:
The construction, maintenance, repair, sprinkling, cleaning and use of all streets, alleys, bridges, sidewalks, wharves and public highways, and the construction, maintenance, repair and use of the same.

The moving of structures or buildings, the placing or construction of steps and approaches to buildings, the hanging or placing of signs or awnings, the erection of posts or poles, the stringing of wires, the placing of lumber or building materials necessary to the repair or construction of buildings or other structures, the building or laying down of railroad tracks, and the placing of steam boilers within any street, alley or public place.

The construction or placing of cellars, vaults, machinery or other structures, under any sidewalk, street, alley or public highway. The placing of pipes, tubes, conduits or like appliances under ground for conveyance of gas, water, electricity or other substances in streets, alleys, highways or public places.

The location, construction, maintenance, repair, cleaning or removal of all drains, sewers, gutters, wells, sinks, cesspools, privy vaults, and like structures or things affecting the sanitary condition of the City.

The construction, maintenance, repair, heating and lighting of all public buildings, and the rental or use of the same.

The erection, maintenance, repair and use of all posts, wires, lamps, transformers and appliances for lighting or heating streets, alleys, public places or buildings.

The water front and harbor and the anchorage of vessels therein.

SECTION 103, Article 12:
Upon the adoption or passage of any resolution by the City Council for the improvement of any street, avenue, or alley, the Commissioner of Public Works shall cause a survey, diagram and estimate of the entire cost thereof to be made by the City Engineer; said diagram and estimate shall be filed in the office of the Commissioner of Public Works for the inspection of all persons interested therein. The Clerk of said Commissioner shall forthwith cause a notice of such filing to be published daily the five days in the official newspaper; such notice shall contain a copy of the said resolution passed by the City Council, and must specify the street, highway avenue or alley, or part thereof, proposed to be improved, and the kind of improvement proposed to be made, together with the estimated cost and expense thereof, and also a general description, sufficient for identification of the property to be changed with the expense of making such improvement, and that if sufficient remonstrance be not made before the expiration of fifteen days after the date of the last publication said improvement will be made at the expense of the owners of the lots or parcels of land described in said notice, as hereinafter provided; but if within fifteen days after the final publication of said notice the persons owning one-half or more of the lots or parcels of land to be taxed for said improvement shall file with the Clerk of the Commissioner of Public Works a remonstrance against said improvement, grade or alteration, the same shall not be made at the expense of the owners of the lots as described, unless the City Council, by a two-thirds vote of all the members thereof, order said improvement made notwithstanding said remonstrance.

SECTION 170, Article 14:
There shall be a Board of Health to consist of the Mayor and President of the City Council, who shall be members ex-officio, and three physicians, in active practice, and graduates of some accredited Medical College, to be appointed by the Mayor. The Mayor to be ex-officio chairman of the Board. The first appointive members of the Board shall serve one, two and three years, and thereafter the term of office shall be three years. The members shall receive no compensation for their services. Meetings shall be held at least once a month, and whenever requested by the Mayor, the Commissioner of Health, or the majority of its members. Said Board shall have supervision of all matters pertaining to the sanitary condition of the City and its public institutions, and such other powers as hereafter may hereafter be conferred by ordinance.

SECTION 180, Article 14:
Said Board shall appoint and remove at pleasure a County Engineer of Health, who shall be a physician, and such other subordinate officers as may be authorized by ordinance.

The Commissioner of Health shall act as City Physician, and shall perform such duties as shall be required by ordinance. He shall be secretary and executive officer of the Board, and see that all ordinances relating to the sanitary affairs of the City, and the rules and regulations of the Board are enforced. Said Commissioner of Health shall receive a reasonable salary for his services the sum fixed by ordinance, but not exceeding three hundred dollars.

The Commissioner of Health shall visit the public buildings and institutions of the City, and the public and other schools within the City, as required by the Board, and investigate the sanitary condition of the same, and make monthly reports of such examinations to the Board. He shall also make to the Board a monthly and annual report of the sanitary statistics, including vital, mortuary and other sanitary statistics.

SECTION 187, Article 16:
The said Board shall have power and it shall be their duty subject to such rules and regulations as the City Council may by ordinance prescribe, to take charge of and exercise control over all parks belonging to the City. To-wit: First: To take charge of and exercise control over all parks belonging to the City. To appoint and remove at pleasure a "Superintendent of Parks", who shall be a competent person

scape Gardner and Florist; who, under control of the Board, shall have charge of all park work and workmen and shall make reports to the Board as required by it.

Second. To make report to the City Council from time to time regarding the condition of the parks, and to recommend appropriations by the Council for the improvement of the parks, and when such appropriations have been made, to expend the same in such improvements; but no member of such commission shall have power to create any debt, obligation, claim or liability, except with the express authority of said commission, conferred at a meeting thereof duly convened and held.

Third. To make such rules and regulations in regard to the use of the parks as shall best serve the interests of the public.

Fourth. To receive in the name of the City all moneys or other property donated for the improvement of the parks by individuals or corporations, and to expend and use the same in such manner as shall best carry out the intent of the donors. All moneys received shall be forthwith paid into the City Treasury, and shall be placed by the City Treasurer in a fund to be known as the Park Fund. The Commissioners shall take duplicate receipts therefor, one of which shall be filed with the City Controller; and all expenditures relating to the several parts under the control of said Commissioners, shall be provided for in the same manner as the expenditures of other departments, and shall be paid from the City Treasury when required, under the same rules and regulations governing the expenditures of other departments.

Fifth. To do all things necessary and proper to secure for the public the free use and enjoyment of said parks.

SECTION 218, Article 21:

All elective officers provided by the Charter shall receive in full compensation for all services of whatsoever kind rendered by them the salaries following, which shall be payable in orders on the Salary Fund at the end of each calendar month:

- Mayor, \$1200. per annum.
- City Treasurer, \$1200. per annum.
- City Controller, \$1200. per annum.
- Each Councilman, \$200. per annum.

The City Council shall fix by ordinance the salary of all other officers and employees provided by this charter or that may be created by ordinance; provided that unless such ordinance shall receive the vote of two-thirds of all members of the City Council said salary shall never exceed the amounts following:

- City Attorney, \$2400. per annum.
- Chief of Fire Department, \$1200. per annum.
- Chief of Police, \$1200. per annum.
- Commissioner of Public Works, \$1200. per annum.
- City Engineer, \$1200. per annum.
- Any other officer or employee, \$1200. per annum.

REPORTS OF SPECIAL COMMITTEES.

The SPECIAL COMMITTEE ON IMPROVING SIDEWALKS submitted the following report: We your committee appointed to investigate and report upon some feasible method to effect the repairing of defective sidewalks, have had under consideration the matter referred to us, together with the Assistant City Attorney, and respectfully report as follows: Practically all of the sidewalks of the City outside of the business district are constructed wholly of wood and as the various parts of the material in any such walk are equally exposed to wear and the elements, the duration of the life of each part is substantially the same, from which it follows that in the vast majority of cases if any part has become defective to such an extent as to need repair or re-placing, the whole walk is in like condition; therefore the only question confronting us is not the matter of repair, as that word is ordinarily used, but is one of re-construction. Such is the condition of the walks of the City which now require attention, save, it may be, in comparatively few cases where walks have become broken or injured from other causes than ordinary wear and the elements. Such cases may of course occur in walks which are in a good state of preservation or even in new ones.

Our investigation has been more especially directed to the question of the most practical and least expensive method to pursue in the prosecution of the work of putting the walks in proper condition, having in mind the cost of the work, and also the cost of the legal proceedings incident to the assessing of the same upon the property abutting thereon; and being so advised by the Assistant City Attorney as to the different methods of legal procedure, which may be followed under the laws of the State and the City Charter, we are of the opinion that the local improvement district assessment plan, substantially as now followed in street improvements is the simplest, most practicable, least expensive to the property owner, and best suited to all cases where walks are in such condition as to need reconstruction, which class includes nearly all cases requiring attention at this time.

The districts could be made quite large in most cases, covering much greater territory than in the ordinary street improvement districts. This would make the procedure comparatively less expensive, and would also induce better bids from contractors. We therefore recommend that in all such cases the local improvement plan be followed, and that the proper officer proceed to the institution of such proceedings in such cases, as may be necessary from time to time.

In many places in the City the owners have reconstructed walks in front of their property at their own expense. Whenever such reconstruction is of recent date or in good state of preservation and reasonably conforms to the general plan now adopted, or which may be adopted by the ordinance providing for such proposed reconstruction, such part should be left undisturbed, or changed so as to conform to the reconstruction, as the necessities of the case may require, and in assessing property fronting thereon the charges should be accordingly made for a less amount than where the entire reconstruction becomes necessary.

In the repairing and reconstruction of walks it is apparent that the conditions are different in different streets, and even on different parts of the same street. While it is admitted that the owners who desire to proceed themselves may have some intelligent guide, yet it is felt that the public would not be so well served if the City were to improve a street in such manner as to be best suited to the particular street. We are therefore of the opinion that the width of the roadway, sidewalk, walk, the material of which the walk shall be constructed and the width of the same, should be governed by the needs of the particular location, having in view the character in which the street is used, whether business or residence, or partly both, and also having in view the natural contour of the ground.

Since the creation of local improvement districts is accomplished by ordinance, wherein it is possible to define the nature of the improvement, and how it shall be constructed, there is no objection to this for the reason that such special ordinance would in the ordinary case, provide, instead of the general ordinance.

As to the repair of broken and injured walks which are in a good state of preservation, we recommend that the City cause the repair of the same, in the same manner as heretofore.

Respectfully submitted,
Committee discharged.

REPORTS OF OFFICERS.

A communication was received from the City Attorney, rendering the opinion that the City has the right to prohibit heavy teaming on a certain portion of Yakima avenue. Placed on file.

A communication was received from the Commissioner of Public Works, reporting the result of the pumping test of the Philips well at South Tacoma.

Referred to Committee of the Whole.

The report of the Building Inspector, for December, was received and referred to the Committee on Buildings & Public Property.

The report of the License Inspector, for December, was received and referred to the Police & License committee.

RESOLUTIONS.

A resolution was introduced by Dwevel, requiring the Northern Pacific Railway Company to maintain a flagman at its crossing on East "E" street. Referred to the City Attorney for opinion as to whether the flagman now there, who is also performing the duties of maintenance, is a full compliance with the provisions of Ordinance 1263.

By Bell.

WHEREAS, the owners of more than two-thirds of the private property abutting upon the alley between blocks 3110, 3111, 3210, 3211, 3310 and 3311, in the City of Tacoma, have petitioned for the location of a portion of said alley so as to reduce its width to 20 feet; therefore be it

RESOLVED, that 2.00 o'clock p. m., February 20, 1902, be set as the time for a public hearing determining the said petition.

Adopted.

UNFINISHED BUSINESS.

This being the time set for hearing and determining the petition of A. H. Gardner et al for reducing the width of the alley between blocks 3214 and 3215 to 20 feet, and vacating 10 feet on each side thereof, the petition was brought on for hearing, and there being no remonstrance against the same although due notice of said petition had been given as required by law, and on motion of Bell, the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same; which was done accordingly.

On motion of Bell, the Council reverted in order of business to

FIRST READING OF ORDINANCES.

By Bell.

AN ORDINANCE reducing the alley extending from North Second street to North Third street, between blocks 3214 and 3215 in that part of the City of Tacoma formerly called New Tacoma, to 20 feet in width, and vacating a portion thereof.

Read the 1st time by title, and referred to Streets & Alleys committee.

On motion of Holgate the Council then resolved itself into COM. TEE OF THE WHOLE to consider matters relating to supplying the City with electric current.

At 6:45 o'clock p. m. the committee rose and reported; recommending that the resolution by Hammond be adopted, and the ordinance introduced by Hammond on the 9th ultimo; providing for lighting the City with electric light be passed, as amended. Adopted.

The Council then reverted in order of business to

RESOLUTIONS.

Resolution No. 2667 By Hammond.

The cost to the City of current for lighting purposes will be, under the existing arrangement, 9.4 mills per kilowatt hour. The proposed contract with the Tacoma Cataract Company would raise that cost to 12 mills. In 1901 the City consumed 2,431,774 kw-hrs for lighting; and assuming that there will be no increase in the current this required during the coming five years, the loss certain to result from entering upon the contract proposed will readily appear from the following:

Cost of 2,430,000 units at 12 mills,	29,160
at 9.4 mills,	22,842
Loss in one year,	6,318
Loss in five years,	31,590

But the real loss would be much greater. For several years the annual increase of current required by the City for lighting has exceeded 20 per cent; and there is much reason to expect that proportion of growth to be maintained in future. If we estimate the amount of current to be consumed upon the basis of increase of 20 per cent, the loss to the City sure to accrue from entering upon the proposed contract may be properly estimated as follows:

1902, 2,950,000 consumed, loss	3,540
1903, 3,550,000 " "	4,260

To this must be added in the aggregate several thousand dollars for amount of forfeiture due present contractor on abrogation of its contract, expenses of removing machinery belonging to the City from power house of that Company, cost of making changes and connections in the light system incident to entering upon a contract with other parties, besides other items of necessary expense.

The machinery owned by the City and used under the present arrangement may be fairly estimated to be worth \$20,000, although there is no good reason to believe that sum could be realized for it by the City in the event of its sale. Hence, assuming that no part of that machinery would be of any value at the end of five years, the City would still stand under an upward of \$37,000 to retain its present arrangement for the supply of this current.

In view of these conditions it would be clearly unwise and against the best interests of the City to enter into the contract proposed with the Tacoma Cataract Company. Therefore be it

- RESOLVED; (1) That the ordinance under consideration be indefinitely postponed;
- (2) That said proposed contract be not ratified;
- (3) That the Commissioner of Public Works be instructed to take no action toward performance of said proposed contract on behalf of the City, and to at once notify said Tacoma Cataract Company that said proposed contract is not approved but is dis-affirmed by this Council;
- (4) That the City Attorney be requested to prepare such further resolution or order as may be necessary in the premises to dis-affirm said proposed contract.

Resolution No. 2668 By Harris.

WHEREAS, the Commissioner of Public Works of the City of Tacoma did, on said 20th day of December, 1901, sign a certain instrument purporting to be a contract between the City of Tacoma and the Tacoma Cataract Company, wherein and whereby said Company offers to sell and said City to purchase at 1.2 cents per kilowatt hour all of the electric current said City may need and use for the period of five years commencing after the first day of January, 1902; and

WHEREAS, an ordinance of said City is necessary to authorize said Commissioner of Public Works to execute such a contract as he has attempted to execute; or to ratify his act; and

WHEREAS, no ordinance has ever been passed authorizing said Commissioner of Public Works to execute said above mentioned instrument, or any ordinance ratifying his act of said 20th day of December, 1901; and

WHEREAS, said instrument is in no manner binding on said City and is void and of no effect and said City has no intention taking from said Cataract Company any electric current in order and according to the terms and provisions of said instrument; now therefore

BE IT RESOLVED by the City Council of the City of Tacoma; FIRST, That the Commissioner of Public Works be and he is hereby instructed and ordered not to take or receive from said Cataract Company any electric current for the use and benefit of said City under the terms and conditions of the instrument executed by him, as aforesaid, on the 20th day of December, 1901; and

SECOND, That said instrument be and hereby is declared to be void and of no effect and of no binding on said City in any manner whatsoever.

THIRD, That the City Clerk of said City forthwith duly serve a certified copy of this resolution upon the President or Managing Agent of said Tacoma Cataract Company.

Adopted on roll call. Yeas 10. Bell, Giblett, Hammond, Harris, Hawley, Hewitt, Holgate, Miller, Roice & Mr. President. Nays 4. Britton, Nevel, Jones & Johnson. Absent 2. Johnson & Johnson's.

RESOLUTIONS

RESOLUTION No. 1267. By Roll.

WHEREAS, the owners of more than two-thirds of the private property abutting upon an alley between blocks 1316 and 1317, in the City of Tacoma, have petitioned for the location of a portion of said alley so as to reduce its width to 25 feet; therefore be it RESOLVED, that 7:30 o'clock p. m., May 1st, 1902, be set as the time for hearing and determining the said petition. Adopted.

RESOLUTION No. 1268. By Roll.

BE IT RESOLVED by the City Council of the City of Tacoma, that South 23rd street, from the westerly curb line of Pacific avenue to the center line of 'B' street, in the City of Tacoma, be improved in the manner hereinafter described. And that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of Washington and Ordinance No. 148 of 1892 of the City of Tacoma, approved June 17, 1892.

Said improvement to consist of grading said above mentioned street to the established grade with roadway 30 feet in width, and curb, gutter and sidewalks on each side thereof; the said sidewalk to be 6 feet in width, with parking 3 feet 6 inches in width on each side thereof; that on the southerly side of said roadway the sidewalk and parking shall be elevated above the curb grade sufficiently to give a convenient access from the abutting property to the sidewalk which shall be made, done and completed according to the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute an assessment district against which the cost and expense of making the said improvement shall be charged by special assessment, to-wit: Lots 6, 7, 8, 9 and 10, in block 7711. Lots 6, 7, 8, 9 and 10, in block 7712. Lot 13, in block 7309. Lots 11 and 12, in block 7310. Lots 1, 2, 3, 4 and 5, in block 7811. Lots 1, 2, 3, 4 and 5, in block 7312.

All as shown on the map of Tacoma Land Company's First Addition to Tacoma, W. T., filed for record in the office of the County Auditor of Pierce County, Washington, on the 27th day of July, 1894. Lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10, in block 7309. Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, and 11, in block 7310.

All as shown on map of City Addition to Tacoma, Pierce County, Washington, filed for record in the office of the County Auditor of Pierce County, Washington, on the 17th day of December, 1900.

The Commissioner of Public Works is hereby instructed to cause a survey, diagram and estimate of the entire cost of said proposed improvement to be made and filed in his office, and give due notice to owners of said property in the manner provided by the City Charter.

AND BE IT FURTHER RESOLVED by the City Council of the City of Tacoma, that the petition adopted by the City Council on the 6th day of March, 1902, providing for the location of 'A' street between South 23rd street and the center line of 'B' street in the City of Tacoma, be and the same is hereby rescinded.

Adopted by City Council on roll call. Yeas 12. Nays 0. Absent: P. Hawley, Health and Fire.

MAR 27 1902

RESOLUTION No. 1669 By Hammond.

WHEREAS, under the provisions of Ordinance No. 1530, entitled, "An Ordinance granting to Fred S. Sander, Incorporated, its successors and assigns, a franchise to build and operate a street railway in the City of Tacoma, Pierce County, Washington," it is provided in the second sub-section of Section 23 of said ordinance, as one of the conditions to be performed before the grantee under said ordinance shall enjoy the privileges thereof, that the said street railway line (provided for in Section 1 of said ordinance) shall be in operation by running cars for the transportation of passengers over the whole of said line, according to the terms and provisions of said ordinance, within one year from the time said grantee, its successors and assigns, shall have filed its or their acceptance of said franchise with the City Clerk of the City of Tacoma; and

WHEREAS, said grantee did, on the 2nd day of March, 1901, file its absolute and unconditional acceptance of said franchise with the said City Clerk, and did subsequently, on the 7th day of March, 1901, file a second absolute and unconditional acceptance of the terms and provisions of said ordinance; and

WHEREAS, under the provisions of sub-section 3 of said Section 23 of said ordinance, said grantee did deposit with the City Treasurer of the City of Tacoma \$1000.00 in cash to be paid to the Treasurer of said City upon the failure of said grantee, its successors or assigns, to construct and complete its line of railway over the whole of the route designated in Section 1 of said ordinance within one year from the time said grantee, its successors or assigns, filed its written acceptance, as aforesaid; and

WHEREAS, more than one year has elapsed since the filing of the second acceptance of said franchise, as aforesaid; and therefore

BE IT ENACTED, by the City Council of the City of Tacoma, that the said \$1000.00, deposited by said grantee, as aforesaid, be and the same is, in accordance with the terms, provisions and conditions of said ordinance, absolutely and unconditionally forfeited to said City of Tacoma; and the said City Treasurer of the said City of Tacoma be and he hereby is, directed and authorized to pay said \$1,000.00 into the General Expense Fund of said City for the sole and separate use and benefit of said City.

Adopted.

RESOLUTION No. 1670 By Johnson.

BE IT RESOLVED by the City Council of the City of Tacoma that in Sewerage District No. 1, created by the Commissioner of Public Works on the 28th day of March, 1902, in the City of Tacoma, sewers be laid on the following lines, and in the manner hereinafter described, and that the cost and expense of the construction of said sewers be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1328 of the City of Tacoma, approved June 17, 1901, according to the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works, which said sewers and lines are as follows, to-wit:

Sewers for storm water drainage along the following lines: In the alley between Steele and Trafton streets, from sewer hereinafter described in South 8th street to a point 100 feet north of South 12th street; thence a shallow ditch to be excavated to the north boundary of South 12th street.

In the alley between Trafton and State streets from the sewer hereinafter described in South 12th street to the north boundary of South 12th street, thence in a southwesterly direction to the south boundary thereof at a point 60 feet east of the southeast corner of Trafton street.

RESOLUTION

WHEREAS, there is pending in the Senate of the United States, S. Bill 4579, and in the House of Representatives, H. R. Bill 103, GRANTING PENSIONS TO CERTAIN OFFICERS AND ENLISTED MEN OF THE LIFESAVING SERVICE AND TO THEIR WIVES AND MINOR CHILDREN and

Whereas, the said officers and men are engaged in a dangerous employment for the saving of lives and the protection of property, at all times calling for heroic deeds and heroic sacrifices, and,

Whereas, we believe the said officers and enlisted men should be entitled to pensions the same as Officers and men of the United States Navy, and that their widows and minor children should also be entitled to pensions the same as widows and children of officers and enlisted men of the United States Navy,

THEREFORE, Be it Resolved by the City Council of the City of Tacoma, that we earnestly petition the Senate and House of Representatives to pass the said bill, during the present session of Congress and enact the same into law.

And BE IT FURTHER RESOLVED, that a copy of these resolutions be forwarded to each Senator and member of Congress from the State of Washington.
Adopted.

By Hammond.

Whereas, the salaries of the employes of the City Library are and for some years have been below those paid by the city for the services of equal grade, and,

Whereas the long, effective and faithful services rendered by the present Librarian and his several assistants, should be recognized and rewarded, now,

BE IT RESOLVED, that it is the sense of this Council that the monthly salaries of the employes of said Library, should be fixed as follows, viz:

Librarian	\$100.00
First Assistant	80.00
Second, third and fourth assistants	65.00
Other assistants, (when authorized by the Council)	45.00 for the first six months, afterwards \$35.00

And the City Attorney, is hereby instructed to prepare an amendment to the salary ordinance of the City accordingly.
Referred to the Officials, Employes and Salaries Committee.

RESOLUTIONS.

By Hawley.

RESOLUTION No. 2697.

Be it resolved by the City Council of the City of Tacoma; that "D" Street from the southerly line, produced (across said street), of lot 2, block 703, to the paving adjoining the street Railway track in South 11th Street, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and an ordinance No. 1382 of the City of Tacoma.

Said improvement shall consist of paving said Street with asphalt or bituminous macadam, with roadway 28 feet in width, and paring the space between present and proposed curb lines; proposals to be invited upon both styles of paving mentioned; according to plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute the local improvement district against which the cost of making said improvement shall be charged by special assessment, to wit:

- Lots 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30, block 703,
 - Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 20, block 807,
 - Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, and 26, block 907,
 - Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25 and 26, in block 103,
- All as shown on Map of New Tacoma, W. T.

The Commissioner of Public Works is hereby instructed to cause a survey, diagram and estimate of the entire cost of said proposed improvement to be made and filed in his office, and give due notice to the owners of said property, in the manner provided by the City Charter.

Adopted on roll call, Yeas 14, Nays 1, Absent 1, Richards.

REPORT OF SPECIAL COMMITTEES.

The SPECIAL COMMITTEE Appointed to confer with the County Commissioners, presented the following report:

Your special committee, to visit the County Commissioners, in regard to the County paying for the maintenance of paupers, stricken with contagious diseases and provided for at the city's Quarantine station, respectfully report as follows:

That your committee had a meeting with said County Commissioners, on June 6th, and that the City was refused any and all assistance by said Board of County Commissioners, for the following reasons, to-wit:

1st: That the laws of our State distinctly say; that all incorporated cities must maintain quarantine stations, and must provide for all patients sent thereto who are un-able to provide for themselves.

2nd: That all other cities in our State, Seattle, Spokane, Fort Townsend, etc, have heretofore accepted and are now caring for such patients.

3rd: That in their opinion a person coming to the City from any part of the County, is under the jurisdiction of the City and must be provided for by the city, when found diseased within its limits.

4th: That, in their opinion, 90% of all paupers are produced by the City's saloons, gambling houses and houses of prostitution, and whereas such pauperism is produced by above named sources, from which the City receives large revenues, it should provide the means of subsistence to diseased patients.

5th: That in the majority of cases such diseases as are contagious are contracted within the limits of cities.

Your committee is still of the opinion that a great wrong is done to the citizens of incorporated cities, by making them contribute to the County poor fund, and again obliging them to provide for all County paupers at the quarantine station.

And this committee recommends that this report be referred to the Honorable Mayor and the Health Commissioner, for further consideration. Adopted.

REPORTS OF OFFICERS.

A communication, was received from the Mayor, relating to increasing the supply of water for the city, and referred to the Fire & Water committee.

RESOLUTIONS.

By Hawley.

RESOLUTION No. 2714.

Whereas a resolution was adopted by the City Council, of the City of Tacoma, on the 30th day of April, A.D. 1902, ordering the improvement of the Alley between "C" Street (commonly known as Opera Alley) from the southerly boundary of South 9th Street to the northerly boundary of South 13th Street, and the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No. 1382, of the City of Tacoma, approved June 17th, 1899; and

Whereas, the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and,

Whereas, the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for 5 days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said Alley proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and,

Whereas, 15 days have elapsed since the last publication of said notice, and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired, NOW, THEREFORE,

BE IT RESOLVED by the City Council, of the City of Tacoma, that said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement, and to proceed therewith according to the provisions of the City Charter and said ordinance No. 1382.

Adopted on roll call, Yeas 15, Nays 0, Absent 1, Hammond.

By Hawley.

RESOLUTION No. 2715.

BE IT RESOLVED by the City Council, of the City of Tacoma, that Adams Street, from the centre line of South 19th Street to the centre line of South 21st Street; and "C" Street from the centre line of said South 21st Street to the centre line of South 23rd Street, in the City of Tacoma, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No. 1382, of the City of Tacoma.

Said improvement shall consist of paving said streets with six inch planks supported by 6 inch stringers, with respective road-ways 56 feet in width, excepting under the franchises; and that a curb, gutter and side-walk be constructed on each side of the streets within the limits named, all to be done according to the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute the local improvement district against which the cost of making said improvement shall be charged by special assessment, to-wit: Lots 1,2,3,4,5,6,7,8,9,10,11,12,13,14,15,16,17,18,19,20,21,22,23,24,25,26,27 & 28; block 1904. By Hammond.

RESOLUTION

Whereas, W. O. Hardy, is about to submit to the United States a bid to furnish a site for a federal building in this city, and in order to comply with the terms of the Government as to the size of the site, and the streets on each side of the same, it will be necessary to vacate South 7th Street, between St. Helens Avenue and South "E" Street, and to lay out a new street, as indicated on plat furnished by Mr Hardy with his petition, and also to vacate a part of the alley between blocks 708 & 709.

BE IT RESOLVED, that it is the sense of this Council, that if the bid of Mr Hardy to furnish the site to the Government of the U. S. as described in the plat furnished, be accepted by the government, and if aptition complying with the law and ordinances of the City, signed by all of the property owners interested, together with a waiver of all damages by the said property owners, by reason of the said changes, and a good and sufficient bond be given for the making of a new street, as indicated on said plat, as good as the old one as to grading and side walks, that the Council should make such changes as are asked, and vacate 7th Street between St. Helens Avenue and South "E" Street, and also the alley between lots 708 & 709 as far as necessary, and lay out a new street, as requested.

Defeated, and resolution ordered to be placed upon file.

UN-FINISHED BUSINESS.

This being the time set for hearing and determining the petition of S. F. Snell et al, for reducing the width of the alley between blocks 1822 and 1823, and vacating 10 feet on each side thereof, the petition was brought on for hearing, and there being no remonstrance against the same although due notice of said petition had been given as required by law, and on motion by Hawley, the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same, which was done accordingly.

On motion of Peice, the following SPECIFICATIONS FOR FURNISHING ELECTRIC CURRENT FOR THE CITY OF TACOMA, were adopted:

1. Bids must be handed in to the Commissioner of Public Works, at his office in the City of Tacoma, Washington, between the hours of 9 a. m. and 11 a. m. on the 31st day of July 1924. No bids will be considered which are handed in before or after the time mentioned.
2. Bids shall be made at a price per kilowatt hour for furnishing to the City the several kinds of electric current hereinafter specified, for a period of five years from and after the date fixed in the contract to be entered into, which date shall not be more than 6 months after the date when the contract is awarded.
3. Each bid must be accompanied by a check, certified by a responsible bank, of which responsibility the Commissioner of Public Works shall be the sole judge, for five per cent. of the amount obtained by multiplying 11,000,000 kilowatt hours by the price bid for one of the kinds of electric current specified. This amount of kilowatts is assumed only for the purpose of fixing the amount of said certified check.
4. The bid can be withdrawn after having been received and opened by the Commissioner of Public Works.
5. Any bidder who refuses to enter into a contract according to the provisions of the Charter of the city of Tacoma, his bid, and these specifications, after the said contract has been awarded to him, will be declared irresponsible, and his certified check hereinbefore provided for shall be forfeited to the city of Tacoma, and collected and paid into the Water & Light Fund.
6. The Commissioner of Public Works reserves the right to reject any and all bids.
7. All proposals must be accompanied by an affidavit to the effect that the bid is genuine and not sham or collusive or made in the interest of or on behalf of any person or corporation named therein, and that the bidder has not directly or indirectly induced or

solicited any bidder to put in sham bid, or any other person or corporation to refrain from bidding, and that the bidder has not in any manner sought, by collusion, to secure to himself an advantage over other bidders. Any bid made without such affidavit, or in violation thereof, shall be absolutely void. (See section 102, City Charter)

8. All proposals shall be made upon and according to blanks furnished by the Commissioner of Public Works.

9. Upon the execution of the contract the successful bidder shall file with the Commissioner of Public Works a surety bond in a sum equal to the contract price, according to the provisions of section 105 of the City Charter and the law, insuring the completion of the contract according to these specifications. The said bond shall be executed by a surety company of known responsibility and good standing, which qualifications shall be judged by the Commissioner of Public Works.

10. The successful bidder shall agree to furnish, for and during five years from and after the date when power shall first be furnished under the contract to be entered into, all the electrical current required for the uses of the City, except for pumping city water, as follows, to-wit: (1) Alternating current of a normal voltage of 2200 volts, 60-cycle, two-phase. (2) Direct current at a normal voltage of 600 volts.

The successful bidder shall also agree to provide and furnish space in his power house for the feeder switchboards of the City, free of all charge and expense therefor to the City, said switch boards to be installed by the City, and to the satisfaction of the successful bidder, and operated by and at the expense of the successful bidder, and to deliver the several electrical currents aforesaid continuously and without interruption on the bus bars of the feeder switchboards of the City at the voltage above specified.

The power house aforesaid must be located within a radius of one-half mile from the corner of 13th Street and Pacific Avenue in the City, and not east of the channel crossed by the 11th Street bridge.

11. The City will agree to take and purchase from the successful bidder for and during the life of the contract to be entered into with said successful bidder all of the electric current or power which it may need, except for pumping City Water.

12. The current purchased and delivered shall be measured by recording watt meters owned and installed by the City, located on feeder switchboards of the City. Said meters may be tested and inspected at any and all reasonable times by any authorized representative or representatives of the City; provided the City, through its Commissioner of Public Works, shall first designate in writing to the successful bidder the names of the representatives of the City who are authorized by the City to inspect and test said meters. Said meters may be inspected and tested at any time by the successful bidder in the presence of the City's authorized agent. The cost of any inspection of said meters shall be borne by the party making such inspection or test. The reading of the watt meters for determining the amount of current delivered shall be taken by a representative of the successful bidder and a representative of the City at noon on the last day of each and every calendar month; and immediately thereafter said two representatives shall make a joint report in duplicate as to the result of such reading, one copy of which report shall be filed with the Commissioner of Public Works of said City and one copy thereof shall be filed with the successful bidder. Said report shall form the basis of charge for the current for such calendar month.

13. The successful bidder shall agree that the electric current for the various circuits of the City shall be delivered by him on the bus bars of the City's switchboard at a normal voltage of 2200 volts for alternating current, and of 600 volts for direct current.

The regulation for the alternating current for incandescent and inside arc lighting delivered as aforesaid, shall not vary more than three per cent, above or below normal under all conditions of the load. Said regulation and variation shall be determined by indicating and recording volt meters located on the bus bars of the City's switchboard. Said volt meters shall be owned, installed by and under the care and control of the City; provided, however, that the successful bidder shall have the right at any time, at his own sole cost and expense, to test said volt meters in the presence of such representatives of the City as shall be designated by the Commissioner of Public Works. If the regulation for alternating current for incandescent and inside arc lighting shall vary more than three per cent. above or below normal, as shown by said volt meters, for a period of time exceeding five minutes, then for each succeeding ten minutes or fraction thereof, said successful bidder shall forfeit the sum of five dollars, if in the judgment of the Commissioner of Public Works of said City such variation could have been avoided had the successful bidder used care in furnishing said current, and there shall be deducted from the amount due the successful bidder from the City for current at the end of each calendar month, the total amount of such forfeits. The successful bidder shall further agree that for any total interruption in furnishing said current as aforesaid, he shall pay to the City of Tacoma as liquidated damages the sum of \$100. for the first ten minutes, and \$20. per hour for each hour or fraction of an hour thereafter; provided, however, that said successful bidder shall not be responsible if said total failure to furnish current is due to unavoidable accident, of which the Commissioner of Public Works shall be the sole judge, act of God, or a mob, riot, civil commotion, public enemy, or labor "strike", and said successful bidder shall agree that in case of total failure to furnish current according to these plans and specifications, and the contract to be entered into, which failure shall be due to the act of any mob, riot, civil commotion, public enemy or labor "strike", that the City of Tacoma may, as a police power, take charge of the generating and operating plant of said successful bidder, which plant furnishes current to the City, and operate it at the sole cost and expense of the successful bidder during the time of said disability, and such operation any and all penalties provided by this section shall not be enforced; and provided further, that by agreement with the Commissioner of Public Works of said City the successful bidder may temporarily suspend the furnishing of current, and during such suspension no penalty shall attach.

Provided further, that the total amount of penalties and forfeitures that may be imposed upon the successful bidder in accordance with the provisions of this action shall not exceed in any one calendar month 20 per cent. of the monthly payment by the City for the average of the preceding three months. The City shall give notice in writing by its Commissioner of Public Works of any claim for forfeitures or penalties or liquidated damages within thirty days from the last day of the month within which such claims shall accrue, and its failure to give such notice within such time shall be deemed a waiver of any such claim.

14. The City reserves the right and the successful bidder shall agree that the City may by ordinance repeal the ordinances authorizing the contract to be entered into; and thereby without the action of any court or courts, revoke, annul and abrogate said contract; provided however, that said repealing ordinance shall provide that said contract shall not be abrogated till six months after the final publication of said repealing ordinance. And provided further, that if there shall be a total failure to furnish current for a period of five continuous days, then the City of Tacoma shall have the right to abrogate the contract forthwith without notice and without the act of any court or courts.

15. Alternating current furnished the City under this contract for incandescent and in-side arc lighting must not be furnished from the same transformers or dynamos or bus bars or any of them that supply directly at the same time power or current for uses of a character different from the uses of the City, or for any uses which will interfere with carrying out the regulation requirements in Section 13 specified; and the Commissioner of Public Works shall be the sole judge as to whether said uses are of a character different from the uses of the City, or as to whether said uses interfere with or are detrimental to the service given the City, and upon the order of the Commissioner of Public Works so to do, said Successful bidder shall within five days cease to furnish current or power to any other person from the same transformers or dynamos or bus bars or any of them, through which or by which current or power is furnished the City.

16. The City shall agree to make payment on the 20th of each month for all current furnished to and purchased by it for the preceding calendar month under the contract to be entered into, from its Water and Light Fund.

On action the Council then adjourned.

RESOLUTION

THEREAS a resolution was adopted by the City Council, of the City of Tacoma, on the 11th day of June, 1902, ordering the construction of sewers in local improvement district No. 127, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No. 1282, approved June 17, 1900; and,

WHEREAS, the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and,

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for 5 days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the kind of sewer proposed to be laid, together with the estimated cost and expense thereof, also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and,

Whereas 15 days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired;

NOW, THEREFORE, BE IT RESOLVED by the City Council, of the City of Tacoma, that said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said ordinance No. 1282.

Adopted on roll call, Yeas 15, Nays 0, Absent 1, Bell.

By Hancock.

BEFORE, that whereas, the United States Government has called for offers for a site for a Federal building requiring a plot of ground of greater depth than the usual City lots;

BE IT RESOLVED that if a site be selected that involves the vacation and use of an Alley or easement, it is the sense of this Council that such vacation be granted; provided, however, that the person or persons asking such vacation shall protect and indemnify the City of Tacoma from any damages to the owners of property in proximity thereto, and that such vacation of Alleys shall not be injurious to the City.

Read the 2nd time in full, and referred to the Judiciary Committee.

AN ORDINANCE authorizing and directing the Commissioner of Public Works, of the City of Tacoma, to enter into a contract for and on behalf of said City, with the Tacoma Railway and Power Company, a corporation organized and existing under and by virtue of the laws of the State of New Jersey, and having its principal place of business in said City of Tacoma, for the settlement of certain differences and disputes heretofore existing between said City and said Company.

Read the 2nd time in Full, and referred-together with the ordinance granting to T. B. & F. Co the privilege of transferring its franchises- to the Judiciary Committee.

UNFINISHED BUSINESS.

vonBoecklin moved that the award of the City Printing, to M. M. Mattison, be reconsidered; vote by roll call being demanded the result was as follows: Yeas 6, Nays 7, Absent 3. Whereupon the President declared the motion lost.

This being the time set for hearing and determining the petition, of Aetna Trust Company et al, for reducing the width of the alley extending from Division Avenue to North 4th Street, between blocks 3218 & 3219, 3218 & 3219, to 20 feet, and vacating 10 feet on each side thereof, the petition was brought on for hearing, and there being no remonstrances against the same although due notice of said petition had been given as required by law, and on motion of Hawley, the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same; which was done accordingly.

At which time the Council then adjourned.

Attest

James S. Jones
President of City Council.

W. B. ...
City Clerk.

Also reported as follows: Your committee on Streets & Alleys have had under consideration the communication of the Commissioner of Public Works notifying the Council of the expiration of the time for the filing of remonstrances against the improvement of Yakima Avenue by paving the same from Division Avenue to North 12th Street; also the several remonstrances filed and made against said improvement by various property owners thereon. Also the resolution introduced August 6th, 1902 ordering said improvement to be done. Also, an ordinance providing for said improvement and assessing the cost thereof upon the abutting property, introduced August 6th, 1902, and beg leave to report:

That they are of the opinion that in view of the lateness of the season at this time said work and improvement could not be commenced and prosecuted to advantage in the immediate future, and that if said work and improvement is to be done it should be commenced late in the coming winter or early in the coming Spring when weather will follow which is more favorable to work of such nature, which time is considerable more than six months from the present date, and would not give the Commissioner of Public Works sufficient time to cause the making of said proposed improvement after the final determination of the Council thereon, as provided by section 127 of the City Charter.

Your committee therefore respectfully recommends that this whole matter be laid on the table until the first regular meeting of this Council in January, 1903, then to be taken from the table and finally passed upon.

Adopted.

Also reported as follows: We, your committee on Streets & Alleys, have had under consideration the matter of the proposed improvement of River Street, and the communications relative thereto of the Commissioner of Public Works, T. H. Thompson, right-of-way agent of the Northern Pacific Railway Company, George B. Kandle, Chairman of the Board of County Commissioners of Pierce County, and E. G. Griggs, on behalf of the St Paul & Tacoma Lumber Company, and we beg leave to report that we are of the opinion that it is too late in the season at this time to advantageously proceed with said proposed improvement, but that it is the sense of your Committee that said improvement ought to be made at the earliest time when it can be done to advantage. We, therefore, beg leave to report and recommend as the sense of this Council that early in the coming Spring the City of Tacoma will be willing to contribute towards said proposed improvement 1/4 of the cost thereof, providing the said 1/4 does not exceed \$600.00, and providing said Northern Pacific Railway Company, St Paul & Tacoma Lumber Company and Pierce County shall each contribute an equal amount towards said proposed improvement.

Adopted.

The FIRE & WATER COMMITTEE reported back a petition, of J. E. Ashford, for the extension of water main to lots 3 & 4, block 6, Coulter's Addition, and recommended that it be granted and the Commissioner of Public Works be instructed to make the extension according to amended plans.

Adopted.

Also reported back the petition, of Mrs Linda Peterson & Mrs M. J. Vance, for the extension of water main to lots 18, 19, 20 & 21, block 1, Pasterday's Addition, and recommended that it be granted and that the Commissioner of Public Works be instructed to make the extension according to attached plans.

Adopted.

Also reported back the petition, of McArthur-Lucas Lumber Co, for the extension of electric lines beyond end of Center Street Car line, and recommended that it be granted and extension be made according to plans of City Engineer, provided petitioners guarantee a revenue of \$75.00 per year to the City.

Adopted.

Also reported back a communication, from Commissioner of Public Works, relating to a petition of E. S. Fritch et al for extension of water-main, and recommended that it be placed on file.

Adopted.

Also reported back a petition, of R. E. Anderson & Co, for rebate of excessive water charges, and recommended that it be placed on file.

Adopted.

The BUILDINGS & PUBLIC PROPERTY COMMITTEE reported back an ordinance, "Providing for leasing a certain tract of land to the Tacoma Golf Club, and recommended that it be passed.

Adopted.

The POLICE & LICENSE COMMITTEE reported back an application, by Columbia Brewing Co, for a liquor license on lots 16 & 17, block 9, Mechanic's Addition, and recommended that it be granted.

Adopted.

Also reported back the petition, of A. J. Jarland et al, for the extension of pound limits to include territory east of South "M" and North of South 23rd Street, and recommended that it be granted and that the proper officers amend the ordinance covering the same.

Adopted.

The CLAIMS COMMITTEE reported as follows: In reference to claim of Mrs F. A. Wood for damages to a certain dress, valued at \$30.00, alleged to have been caused by fumigation by City officials, we, your committee recommend that one dollar and fifty cents (\$1.50) be allowed Mrs F. A. Wood, in settlement of her claim.

Adopted.

RESOLUTIONS.

By Hawley.

WHEREAS, a resolution was adopted by the City Council, of the City of Tacoma, on the 23rd day of July, 1902, ordering the improvement of South 7th Street, from the center line of Lawrence Street to the center line of Warner Street, in the city of Tacoma, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No. 1382, approved June 17, 1899; and

WHEREAS, the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and,

Whereas the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said Street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making said improvement; and,

Whereas 15 days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner

AUG 1 1902

of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing returns thereon has expired; NOW, THEREFORE,

BE IT RESOLVED by the City Council, of the City of Tacoma, that said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

WHEREAS the Legislature of the State of Washington, at a session in the year 1901, passed an act entitled "An act to enable cities that have adopted charters under the provisions of an act entitled 'An act to provide for the government of cities having a population of twenty thousand (20,000) inhabitants, or more, and declaring an emergency to exist', approved March 24th, 1890, to validate warrants and other obligations and evidences of indebtedness on the part of such cities issued by the corporate authorities thereof, for salaries of elective officers of such cities, where the only ground of invalidity of such warrants, obligations and evidences of indebtedness is that the charter of such cities did not prescribe the compensation to be received by such officers", which said act was approved by the Governor of the State of Washington, March 1st, 1901; and,

WHEREAS the charter of the City of Tacoma, adopted in the year 1890, under the provisions of said act, approved March 24th, 1890, did not prescribe the compensation of the City Controller of said City, of the City Treasurer of said City, of the City Councilmen of said City or of the City Physician of said City; and

WHEREAS all of said officers were elective officers from the date of the adoption of said charter in the year 1890, until the amendment of said charter in the year 1896; and

WHEREAS, there are now outstanding unpaid warrants hereinafter described, issued on the part of the City of Tacoma prior to January 1st, 1896, which said warrants were issued by the corporate authorities of the City of Tacoma for the salaries of said officers; and

WHEREAS, the services of such officers have been fully and regularly rendered and performed and the only ground of invalidity of such warrants is that the compensation of said officers was not prescribed in the Charter of the City of Tacoma at the time the services were performed for which said warrants were issued; and

WHEREAS, the holders and owners of the warrants hereinafter described, have agreed to surrender the said warrants held by them, upon the payment of the face of each of their said warrants with interest at the rate of four per cent. per annum from the date when said warrants were issued, respectively "Not paid for want of funds" up to August 22nd, 1901; Now, Therefore,

BE IT RESOLVED by the City Council, of the City of Tacoma, that the warrants hereinafter particularly described by number, date, of issue, date of endorsement, payee and amount, which said warrants were issued upon the general fund of the City of Tacoma between the 1st day of November, 1890 and the 1st day of January, 1896 for the payment of salaries of City Controller, City Treasurer, City Physician and City Councilmen be and the same are hereby validated and declared valid obligations of the said City of Tacoma; and the City Treasurer is hereby authorized and directed to pay the principal of said warrants together with the interest at the rate of four per cent. per annum, from the date said warrants were severally endorsed "Not paid for want of funds" up to the 22nd day of August, 1901, from the general fund of said City, and the said warrants are described as follows, to-wit:

WHEREAS, the City Council, of the City of Tacoma, did duly advertise for bids for the public printing of said City for the year beginning August 1st, 1902, and ending July 31st 1903; and,

WHEREAS, in response to said advertisement certain persons and corporations did submit bids as follows, to-wit:

- The Daily News Publishing Company, at the rate of \$1.00 per inch
- Tacoma Ledger Company, at the rate of 55 cents per inch
- Allen & Lamborn Printing Company, at the rate of 30 cents per inch
- M. M. Mattison, at the rate of 28 cents per inch; and

WHEREAS, after due consideration of each and all of said bids said City Council refused to award said contract to the Tacoma Ledger Company and did award said contract to M. M. Mattison, and fixed the bond which said M. M. Mattison was required to give for the faithful performance of said contract at \$5000.00, with some responsible surety company as a surety; and,

WHEREAS the bid of Allen & Lamborn Printing Company has been withdrawn and said M. M. Mattison has failed to enter into said contract and to furnish the bond required of him, and has withdrawn his bid, NOW, THEREFORE,

BE IT RESOLVED, by the City Council, of the City of Tacoma, that the action of said Council in declining to award the said contract to the Tacoma Ledger Company be and the same is hereby rescinded;

And be it further resolved by said Council that the contract for doing the public printing for said City for the period of one year beginning August 1st, 1902, be and the same is hereby awarded to said Tacoma Ledger Company for said period of time at the rate of 55 cts per inch, and that said Tacoma Ledger Company shall, upon the execution of said contract, furnish a good and sufficient bond in the sum of \$5000. for the faithful performance of the said contract, which bond shall have as a surety thereon some responsible surety company, lawfully doing business in the State of Washington.
Adopted.

BE IT RESOLVED by the City Council of the City of Tacoma, that the certain resolution adopted by the City Council on the 9th day of July, 1902, instructing the Commissioner of Public Works to call for bids for the excavation of a test well and a larger well for water supply in South Tacoma be and the same is hereby rescinded.
Adopted.

By Olson.

BE IT RESOLVED by the City Council, of the City of Tacoma, that in Sewerage District No. 126, created by the Commissioner of Public Works of the City of Tacoma, on the 18th day of August, 1902, sanitary sewers of eight inch pipe be constructed and laid on the following described lines, to-wit:

Beginning at the sewer manhole in the intersection North 26th Street and Starr Street, running thence east in said North 26th Street to North 11th Street; thence in North 11th Street to the alley between "E" Street and Tacoma Avenue; thence in said alley to a point 15 feet distant westerly from North 10th Street.

In "E" Street from the above mentioned sewer in North 11th Street to a point 130 feet westerly from the westerly boundary of said North 11th Street.

In the alley between "E" Street and "D" Street, from said sewer in North 11th Street to the east boundary of the Tacoma Mill Company's Addition; also

That a portion of the above mentioned district be further improved by drainage of certain swamp land in the following manner: in the said alley between "E" Street and Tacoma Avenue shall be constructed two drops with six inch pipe connecting with said sanitary sewer, and in "E" Street a drop shall be constructed about fifty feet from the easterly boundary of North 11th Street, and from said drop a four inch pipe shall be run to the said sewer in North 11th Street. Shallow trenches shall be excavated in said "E" Street and said alley in the most convenient manner for collecting swamp water and conveying the same to the said drops.

That the cost and expense of constructing said sanitary sewer and drainage sewers and drops and the said ditches be assessed upon the adjoining, contiguous and proximate lots, blocks and parcels of land benefited thereby, in accordance with the laws of the State of Washington and ordinance No. 1382 of the city of Tacoma, approved June 17th, 1899.

It is hereby declared that the following lots and parcels of land will be benefited by the construction of said sewers and swamp drainage system, and shall constitute an assessment district, which shall be known and designated as local improvement district No. 126, against which the cost and expense of constructing said sewers and swamp drainage system shall be charged by special assessment, to-wit:

- Lots 1,2,3,4,5,6,7,8,9,10,11 and 12, in block 4008

Council Chamber, 7.30 o'clock p. m. Aug 25, 1902.

Council reconvened, present 10: Britton, Donahue, Duevel, Giblett, Hammond, Mahncke, Salmson, Smith, VonBoecklin, and Mr President. Absent 6: Bell, Hawley, Olson, Richards, Roice & Snyder.

On motion, of Giblett, Council resolved itself into a committee of the Whole, to take into consideration an ordinance granting a Franchise, to E. J. Felt, to build and operate a street Railway in the City of Tacoma. At 10 o'clock p. m. the committee rose and reported as follows: We, the COMMITTEE OF THE WHOLE, recommend that section 22, of what is known as the "Felt" ordinance, be amended to read as follows:

Section 22: Each and every of the rights, privileges and franchises granted by this ordinance shall not be assigned by said grantee, his heirs, executors, administrators or assigns, without the consent of the City of Tacoma given by ordinance; and in no event and at no time shall the franchise granted by this ordinance be assigned, or any of the property, real or personal, of said grantee, his heirs, executors, administrators or assigns, used in connection with or appertaining to the operation of the said street railway line or lines within the City of Tacoma, be assigned, transferred or conveyed to any person, firm or corporation now operating or maintaining any other line of street railway within the limits of the City of Tacoma, or their assigns, and if said grantee, his heirs, executors, administrators or assigns, shall ever operate its said street railway line or lines along any of the streets, alleys or public places designated in section one of this ordinance in conjunction with any other line or lines of street railway now operated and maintained by any person, firm or corporation, or their assigns, than by said grantee, his heirs, executors, administrators or assigns, except by the giving and receiving of transfers, as provided in this ordinance, then each and every of the rights, privileges, authorities and franchises granted by this ordinance shall become null and void and of no effect whatsoever; and the City Council of the city of Tacoma shall be the sole judge as to whether or not said grantee, his heirs, executors, administrators or assigns, have consolidated, sold, transferred or conveyed, or are operating his or their said line or lines of street railway in conjunction with any other line or lines of street railway operating at the time of the passage of this ordinance within the limits of the City of Tacoma, contrary to and in violation of the strict terms, provisions and conditions of this ordinance.

Also recommend that another section be added to said ordinance, to be known as section 14 1/4, and to read as follows:

Section 14 1/4: The grantee, his heirs, executors, administrators and assigns are hereby granted the right and privilege during the life of this franchise, to run their cars upon the tracks of any other person, firm or corporation operating a street car or cars upon any of the streets, avenues and alleys of the City of Tacoma under a franchise granted by the said city of Tacoma over which the said city of Tacoma now has or may hereafter have the right to give and grant trackage rights and privileges upon the same terms and conditions imposed upon the grantee, his heirs, executors, administrators and assigns herein in section fourteen of this ordinance.

Adopted. On motion, of Smith, the remonstrance, of the West Coast Grocery Company et al, against laying additional car tracks on Pacific Avenue, was withdrawn from the Franchise Committee and together with the "Felt" ordinance referred to the Judiciary Committee.

On motion, of Salmson, the order of business was reverted to communications.

COMMUNICATIONS.

A communication, from the Tacoma Railway & Power Company, was received, extending an invitation to the Council and City Officials to go to Seattle, Tuesday, 26th instant, on the Seattle and Tacoma Interurban Railway. On motion, of Giblett, the invitation was accepted with thanks.

On motion the Council then adjourned.

The BUILDINGS & PUBLIC PROPERTY COMMITTEE reported back an ordinance, "Dedicating a strip of land to public use as a public highway," and recommended that it be passed.

Adopted.

The SALIERS & LICENSES COMMITTEE reported back an application, of Pacific Brewing & Malting Company, for renewal of liquor license on lot 1, block 1106, and recommended that it be placed on file.

Adopted.

The HEALTH & HOSPITALS COMMITTEE reported back the report, of the Health Commissioner, for month of July, 1907, as follows: Your committee has had under consideration the health report of our quarantine station for the month of July. We find that there were six patients during this month, with 36 hospital days. The station has cost the City for month of

Proceries,	\$72.05
Meat,	8.35
Medicine,	17.37
Nurse,	60.00
Doctor Harrison,	50.00
Guard,	65.00

Total \$272.77

We find the grocery bill much in excess of what it should be, and by personal investigation we learn that the cost of groceries and provisions used per meal, according to the bills, is 25% higher than that of the Tacoma Hotel, and 55% more than that of an ordinary 25 cent meal at a restaurant.

Your committee, does not at this time, wish to blame any persons connected with the health department for extravagance, and it has the assurance that greater attention in this regard will be given to the interests of the tax payer.

In justice to Dr. Schug's report for the month of June, we state, that by mistake, he wrongfully charged a fumigation bill to the quarantine station, causing the fumigation bill for the station to be unnecessarily high, which at that time was so stated.

Your committee further reports that its chairman inspected our quarantine station, last week, and found the general appearance clean and orderly. It, however, requests that an inventory of the entire equipment of the station be attached to the August report.

We wish to recommend that certain necessary improvements be made:
First- As the present cook stove is altogether too small for the requirements of the station, we advise that it be replaced by a cooking range.

Second- That unless the additional house which was built last year be strengthened, it will be dangerous to the occupants therein, and we therefore recommend that it be weather-boarded; the work to be done by our nurse, while there are no patients at the station.

Third- That the necessary lumber be sent to the station for the construction of an out-house for ladies; also that sufficient lumber be provided to construct a cupboard, in which provisions can be kept locked.

Fourth- That 308 feet of barbed wire be sent there to complete the barbed wire fence around the station.

We deem it advisable that the nurse be kept under pay to watch and improve the quarantine station, but think it advisable that he pay his own boarding expenses while no patients are being taken care of.

We, your committee on Health & Hospitals, respectfully recommend that an appropriation of \$115.00 be made, or so much thereof as may be necessary, to pay for the above named improvements, and that the proper officers be instructed to draw warrants to that amount, and that the Commissioner of Public Works be instructed to purchase the necessary articles and materials, and to proceed with the work above mentioned.

Adopted.

RESOLUTIONS.

By Hawley.

BE IT RESOLVED by the City Council, of the City of Tacoma, that East "I" Street from the Northerly boundary of Puyallup Avenue to the center line of South 21st Street, and Railroad Avenue, from the center line of said South 21st Street to a line in and of right parallel to the center line of said Railroad Avenue 250 feet distant northerly from the said center line of South 21st Street (excepting the portions of said street in and adjacent to the various tracks of the Northern Pacific Railroad Company, which the said Company is required to pave under its several franchises) be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots, blocks and parcels of land benefited thereby, in accordance with the laws of the State of Washington and ordinance No. 1382 of the city of Tacoma.

The said improvement shall consist of paving with four inch plank laid on four inch by six inch stringers, in the manner hereinafter mentioned, in the respective portions of the said street and avenue, to-wit:

From the northerly boundary of Puyallup Avenue to the southerly boundary produced across said East "D" Street of lot 14, in block 7120, of the Tacoma Land Company's 1st addition to Tacoma, W. T., the said paving to be laid in a width of 24 feet; and from the said lot line produced to the said northerly limit of this improvement, the said paving shall be laid in the width of 56 feet.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute the local improvement district against which the cost of making said improvement shall be charged by special assessment, to-wit:

RESOLUTIONS.

By Hawley.

BE IT RESOLVED, by the City Council of the City of Tacoma, that all graded streets within the boundary lines hereinafter described, be improved in the manner herein-after described, and that the cost of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and ordinance No 1382 of the City of Tacoma.

Said improvement shall consist of constructing on said graded streets side-walks of cement or other permanent fire-proof material, the same to be five feet in width, excepting on South 9th Street and South 11th Street, between Tacoma Avenue and "K" Street, where the same shall be seven feet in width; and on Tacoma Avenue between South 9th Street and South 11th Street, where the said walk shall be 16 feet in width; also by extending the parking property line on streets 60 feet in width, and to a distance of 20 feet from the line on streets 100 feet in width, excepting on Tacoma Avenue, where the present curb shall remain; also upon such streets where the same is required by reason of steep grades, new plant gutters and curbs shall be constructed and in others a proper gutter shall be made by excavating the same; also that the road-way of certain streets may be lowered to secure drainage from parking into new gutters; provided, however, that no sidewalks shall be constructed where cement walks are now built and in good condition and at the proper line and grade; all to be done according to the plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

This improvement shall not include the re-construction of cross-walks outside of the parking and within the road-way other than to such an extent as may be necessary to properly connect the same with the sidewalk at the edge of the parking by suitable aprons or otherwise.

The boundary lines of said district to be as follows:
Beginning at the intersection of the respective center lines of South 11th Street and Tacoma Avenue; thence northerly along the center line of South 11th Street and South 8th Street; thence westerly along the center line of Tacoma Avenue to the center line of line of Sprague Avenue; thence south along the center line of South 8th Street to the south-

-west corner of Ainsworth Addition; thence east to the south-east corner of Woodruff's Addition; thence south to the center line of South 11th Street; thence easterly to the place of beginning.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement and shall constitute the local improvement district against which the cost of making said improvement shall be charged by special assessment, to-wit:

All the lots in blocks 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833 and 834;
All in Ainsworth Addition to Tacoma, W. T.

All as shown on map of New Tacoma, W. T.

A communication, from the Commissioner of Public Works, relating to Local Improvement District No. 98, was received and ordered to be placed on file.

A communication, from the Commissioner of Public Works, relating to Local Improvement District No. 99, was received and ordered to be placed on file.

A communication, from the Mayor, vetoing an ordinance, passed Sept 10th, 1902, "Providing for leasing a certain tract of land to the Tacoma Golf Club with an option to purchase same" was received and on motion of Reice ordered to be put upon the journal, as follows:

Whereas, with return Ordinance No. 1382, entitled an ordinance providing for the leasing by the City of Tacoma to the Tacoma Golf Club, a corporation, the following described land, to-wit: Beginning at the southeast corner of lot number four, Section twenty-one, Township nineteen north, Range three east of the Willamette Meridian; running thence west along the south boundary of said lot number four and lot number nine, in section twenty, said Township and Range a distance of thirty-six chains, more or less, to the east bank of Bushallier Creek; thence north along bank of said creek and the Government meander line along the easterly side of Squaw Lake a distance of forty-one chains, more or less, to the north boundary of a certain tract of land owned by the Tacoma Railway & Power Company; thence east along the said meander boundary line and the same produced a distance of thirty four chains, more or less, to a point twenty chains north of the northwest corner of lot number twelve, in said section twenty-one; thence north thirty-seven and thirty-eight hundredths chains to the place of beginning, containing one hundred thirty nine acres, more or less; All of said measure being in accordance with the Government Survey, and giving the said Golf Club an option to purchase the same.

The reasons for withholding approval from this Ordinance are that the stipulated rental of twenty-five dollars per year as provided by Section two of said Ordinance is insufficient. It is merely nominal. The option proposed is without consideration beneficial to the City, and if entered into the City will be obliged to hold this land for ten years and then sell it to the Golf Club at ten dollars per acre, notwithstanding, the land, and in all probability will, double or treble in value in the meantime. It is unlikely that any private corporation would enter into any such lease or its lease or option to sell the same unless it was the intention by so doing to enable the Golf Club the use of the land rent free and to give the Club whatever appreciation in value there may be in the land in the next ten years. Certainly no private corporation, however successful, whose finances are in the condition of the City's finances are would entertain such a proposition.

It is true that Section two of this ordinance it is provided that the Golf Club should expend a certain sum in improving this land and in default of such expenditure the improvements contemplated are to be void and the improvements to become the property of the City. The improvements contemplated are for the benefit of the Golf Club and would be of no value to the City.

A further objection to the proposed lease and option lies in the fact that by leasing this land out of the center of the City's land as proposed and leave the City, as it will, with two disconnected tracts, neither of which fronts upon the Lake will deprive and depreciate the remaining land of the City.

It is also submitted that the land proposed by this Ordinance to be leased and sold is worth and should bring to the City today more than ten dollars per acre.

It is costing the City nothing to hold this land and if it appreciates in value, which it certainly will, the City should get the full benefit of the appreciation.

It has been urged that the City should encourage the Golf Club by entering into this lease and option. It could with as much reason be urged that the City should encourage other private institutions by appropriating money or other property of the City to the use and benefit of such private institutions.

A glance at the City's finances will convince the most liberal person that the City is in no position to extend to any private corporation any such encouragement.

Respectfully submitted,

Louis F. Campbell, Mayor.

A communication, from the City Engineer, accompanied by an "Amended Map of 2nd School and Addition to Tacoma, and relating thereto, was received and referred to the Streets and Alleys Committee.

On motion of Smith, the Ordinance leasing a certain tract of land to the Tacoma Golf Club was laid upon the table.

The COMMITTEE ON ENROLLED ORDINANCES reported that ordinances Nos. 1706 to 1742 inclusive had been correctly enrolled and recommended that the report be placed on file.

Adopted.

The HEALTH & HOSPITALS COMMITTEE REPORTED AS FOLLOWS: We, your committee on "Health and Hospitals" having had under consideration the communication of the Health Commissioner in regard to the City garbage beg leave to report as follows: Your committee finds that the collection of garbage throughout the entire city by licensed garbage collectors, as suggested in said communication, would be impracticable and very expensive, because of the large area of our city with its ungraded alleys and widely separated homes. It would be almost impossible for a contractor to bid on this work. We find that \$60.00 would be a low estimate of the probable cost of this method of disposing of the garbage. Under the present method each household, barn occupant or owner pays for the removal of garbage from his or her premises, the total sum of those payments amounting, as near as can be ascertained, to \$15,000. per year. Of course, this only covers about one-fourth of the entire city garbage, there being almost no garbage collected south of 21st Street, or west of "K" Street, or in the New Addition. Especially is this so in the so-called "Nigger Tract". In regard to the non-collection of garbage in these districts we find that it has not always been so. Three years since the garbage men did more night work in these districts in one month than they have during the entire summer now drawing to a close. An examination of their books will verify this statement. We have ordinances which cover all nuisances, especially the dumping of garbage in out-of-the-way places in the City. All that we see necessary to keep our city clean and in a healthy condition is amore active person who will see that the beforementioned ordinances are complied with. Your committee finds that many people have no knowledge of the existence of these ordinances; and we recommend that the Health Commissioner be provided with printed cards warning people not to violate these ordinances, which shall be posted in conspicuous places. At the same time serving notices on property owners and occupants. We recommend that the suggestion of our Health Commissioner, that air-tight metallic cans be used for the

collection of garbage instead of wooden boxes now in use on Pacific Avenue, Commerce Street and "C" Street between 7th and 15th Street, be carried into effect, such cans to be provided by landlords or property owners. We further recommend that the recommendation of the Health Commissioner regarding the collection of garbage be not considered and that the communication be placed on file.

Also reported as follows: A communication was handed to your committee to-day stating that sanitary conditions are very bad in the vicinity of the old Power House, where there are at present two large dairies located, about a block west and two blocks south of it; and also that on Oak Street near "I" Street, properly under the Oak Street bridge, a lot of manure is to be found which should be removed. Your committee therefore respectfully recommend that the sanitary inspector, Mr Worley, be instructed to visit those places and send in a report as he finds conditions to your committee on Health & Hospitals.

RESOLUTIONS.

WHEREAS, a resolution was adopted by the City Council of the City of Tacoma on the 25th day of July, 1902, ordering the improvement of Commerce street, from the easterly boundary of Jefferson Avenue to the westerly track of the Northern Pacific Railway Company in Hood Street (now vacated), and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1282, approved June 17th, 1902; and

WHEREAS, the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS, the Clerk of said Commissioner of Public Works has due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property sought to be charged with the expense of making such improvement; and

WHEREAS, 15 days have elapsed since the last publication of said notice and no demonstration against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing demonstration has expired, NOW, THEREFORE,

BE IT RESOLVED, by the City Council of the City of Tacoma, that said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1282.

Adopted on roll call, Yeas 15. Nays 0. Absent 1: Hawley.

WHEREAS, the City Controller has certified to the City Council that there is at this date the sum of Twenty two thousand Four hundred dollars (\$22,400.) surplus to the credit of the Interest Fund of the City, which surplus can under the provisions of the City Charter be invested, NOW, THEREFORE,
BE IT RESOLVED, that the proper officers are hereby authorized to draw and pay for the sum of Twenty two thousand Four hundred dollars (\$22,400.), and the City Treasurer is hereby authorized to pay the same.

Adopted.

RESOLUTION No. 2769.

By VonBoecklin. WHEREAS, the assessment roll for Local Improvement District No. 48, certified by the Commissioner of Public Works to the City Council on the 28th day of August, 1902, came regularly on for hearing on the 17th day of September, 1902, upon notice duly published; and

WHEREAS, certain exceptions and objections thereto have been made and filed and it appears that said assessment is erroneously apportioned and charged against certain lots therein named to a greater amount than the benefits resulting thereto; and certain other lots are not charged their due proportion of the cost of said improvement, NOW, THEREFORE,

BE IT RESOLVED, by the City Council of the City of Tacoma, that said assessment and assessment roll be and the same is hereby set aside and that the same be not approved as certified; and

BE IT FURTHER RESOLVED, by the City Council of the City of Tacoma, that the COMMISSIONER OF PUBLIC WORKS make out and certify to this Council a new assessment roll properly charging the cost and expense of said improvement in said Local Improvement District No. 48 to the lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17th, 1902; and upon filing the same with the City Clerk, said Clerk give notice thereof in the usual manner as if the same were then originally filed and certified by the said Commissioner of Public Works.

Adopted on roll call, Yeas 15. Nays 0. Absent 1: Hawley.

Adopted.

Also reported back the petition, of Henry Mohr et al, for the improvement of South 9th Street, as follows: Your committee on Streets & Alleys have had under consideration the petition of Henry Mohr et al, relative to opening and improvement of South 9th Street. We find that said petition was presented for the purpose of an initiatory step looking to the ultimate opening and improvement of all the streets abutting upon and which would pass through, if continued, the so-called "Nigger Tract". Your committee is of the opinion that the proposed improvement of South 9th Street as petitioned for should be for the present delayed and that proceedings should be instituted looking to the condemnation of land to secure the right of way of all streets which abut upon and which would pass through said "Nigger Tract", save 10th and 12th Streets, 11th Street being already dedicated and improved. Your committee therefore recommends that the City Attorney's office be directed to prepare the proper ordinance and institute the necessary proceedings for condemnation of right-of-way for all streets now abutting upon said so-called "Nigger tract" and which, if projected, would pass through said tract, save and except 10th and 12th Streets.
 On motion, re-committed to Streets & Alleys Committee.

The FIRE & WATER COMMITTEE reported back the petition, of J. H. Davis et al, for a Fire Hydrant and Alarm Box, at corner of South 8th Street and Ainsworth Avenue, and recommended that a Hydrant be placed at corner of South 8th & Ainsworth Avenue, and a fire Alarm box at corner of South 8th & Asotin Streets.
Adopted.

Also reported back the report of Chief of Fire Department, for month of September, 1902, and recommended that it be placed on file.
Adopted.

The BUILDINGS & PUBLIC PROPERTY COMMITTEE reported back the communication, of Tacoma Cemetery Co, relating to its application to purchase a certain strip of land, and recommended that a strip 50 feet wide and approximately 350 feet front, be sold to the Cemetery Company for \$400.00.
Adopted.

The POLICE & LICENSE COMMITTEE reported back the petition, of Mrs L. A. Friedenburg, for a rebate of Found fees, and recommended that it be denied.
Adopted.

The CLAIMS COMMITTEE reported back the communication, of Mrs George J. Mill, relating to her claim for \$50.00, and recommended that former action of committee be rescinded and that, as the City has no right to pay anything on the claim, nothing be allowed.

RESOLUTIONS.

By Olson.

BE IT RESOLVED, by the City Council of the City of Tacoma, that in Sewerage District No. 20, created by the Commissioner of Public Works of the City of Tacoma, on the 18th day of August, 1902, sanitary sewers of 8 inch pipe be constructed and laid on the following described lines, to-wit:

Beginning at the sewer manhole in the intersection of North 20th Street and Starr Street, running thence east in North 20th Street to North 11th Street; thence in North 11th Street to the alley between "E" Street and Tacoma Avenue; thence in said alley to a point at 15 feet distant westerly from North 10th Street.

In "E" Street from the above mentioned sewer in North 11th Street to a point 130 feet distant westerly from the westerly boundary of said North 11th Street.

In the alley between "E" Street and "D" Street from the said sewer in North 11th Street to the east boundary of the Tacoma Mill Company's Addition; also

That a portion of the district above mentioned be further improved by draining of certain swamp land in the following manner:

In the said alley between "E" Street and Tacoma Avenue shall be constructed two drops with six inch pipe connecting with said sanitary sewer, and in "E" Street a drop shall be constructed about 50 feet from the easterly boundary of North 11th Street and from said drop a four inch pipe shall be run to the said sewer in North 11th Street. Shallow trenches shall be excavated in said "E" Street and in said alley in the most convenient manner for collecting swamp water and conveying the same to said drops.

The cost and expense of constructing said sanitary sewers and drainage sewers and drops and the said ditches be assessed upon the adjoining, contiguous and proximate lots, blocks and parcels of land benefited thereby, in accordance with the laws of the State of Washington and Ordinance No. 1382 of the City of Tacoma, approved June 17th, 1899.

It is hereby declared that the following lots and parcels of land will be benefited by the construction of said sewers and swamp drainage system and shall constitute a assessment district which shall be known and designated as local improvement District No. 170, against which the cost and expense of constructing said sewers and swamp drainage system shall be charged by special assessment, to-wit:

- Lots 1,2,3,4,5,6,7,8,9,10,11 and 12, in block 4008
- Lots 1,2,3,4,5,6,7,8,9,10,11 and 12, in block 4009
- Lots 1,2,3,4,5,6,7,8,9,10,11 and 12, in block 4010
- Lots 1,2,3,4,5,6,7,8,9,10,11 and 12, in block 4011
- Lots 1,2,3,4,5, and 6, in block 4108
- Lot 12, in block 4109
- Lots 7,8,9,10,11 and 12, in block 4110
- All in the Tacoma Mill Company's Addition to Tacoma.

- Lots 1,2,3 and 4, in block 4.
- In Hanson's Addition to Tacoma City, W. T.

A tract of land bounded and described as follows, to-wit: Beginning at the southeast corner of Starr and North 20th Streets; running thence east to the west boundary of Hanson's Addition to Tacoma City, W. T.; thence south 130 feet; thence west to the east boundary of Starr Street; thence north 130 feet to the place of beginning; All in the City of Tacoma, Pierce County, Washington.

The Commissioner of Public Works is hereby instructed to cause said notice to be given by his clerk and plans for the said work, profile and diagram and estimate of cost to be prepared by the City Engineer and filed in the office of said Commissioner, and generally to proceed with the said improvement in accordance with the provisions of the City Charter.

That the resolution adopted by the City Council of the City of Tacoma on the 20th day of August, 1902, relative to construction of sewers in Local Improvement District No. 120, be and the same is hereby rescinded, the said resolution being numbered 2753.

By Hawley.

BE IT RESOLVED, by the City Council of the City of Tacoma, that all the graded streets within the boundary lines hereinafter described, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of Washington, and Ordinance no. 1382 of the city of Tacoma.

Said improvement shall consist of constructing on said graded street, sidewalks of cement or other permanent, fireproof material, except as hereinafter mentioned, the same to be six feet in width, with the following exceptions, viz: On South 9th Street and South 11th Street, between Tacoma Avenue and "K" Street, the said walks to be seven feet in width, on Tacoma Avenue between South 8th Street and South 9th Street, the said walk to be seven feet in width; between South 9th and south 11th Street, the said walk to be sixteen feet in width; on Yakima Avenue the said walk to be seven feet in width. Provided, however, that upon any or all of the fronts of the respective blocks within this improvement, where the average depth of earth necessary for proper support of the said permanent walks exceed two feet, the sidewalks shall be constructed of surfaced lumber, two inches by six inches in size, and the said walks to be seven feet in width, all to be supported in a substantial manner on wooden posts, caps and stringers, with posts resting on concrete or other permanent footing; in places where a cavity exists under present walks and a well supported parking adjacent to property line is in place, the said cavity shall be filled and cement or other permanent walk laid on same; also, in places where wooden walks are provided, as hereinafter mentioned, none of the present walks shall be renewed that have been laid not more than two years and are in perfectly good condition in every respect as to material, lines and grades.

This improvement shall not include the re-construction of cross-walks outside of the parking lines and within the roadways, other than to such an extent as may be necessary to properly connect the same with the sidewalks at the edge of the parking by suitable aprons or otherwise.

The boundary lines of said district to be as follows:

Beginning at the intersection of the respective center lines of South 11th Street and Tacoma Avenue; running thence northerly along the center line of Tacoma Avenue to the center line of South 8th Street; thence westerly along the center line of Tacoma Avenue to the center line of Sprague Avenue; thence south along the center line of Sprague Avenue to the southwest corner of Ainsworth Addition; thence east to a point 130 feet distant westerly from the westerly boundary of "M" Street, measured at right angles thereto; thence southerly parallel to said "M" Street, to the center line of South 11th Street aforesaid; thence east, westerly along same to the place of beginning.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement and shall constitute the local improvement district against which the cost of making said improvement shall be charged by special assessment, to-wit:

All the lots in blocks 812,813,814,815,816,817,818,819,820,821,822,912,913,914,915,916,917,918,919,920,921,922,1012,1013,1014,1015,1016,1017,1018,1019,1020,1021, and 1022, all as shown on map of New Tacoma, W. T.

All the lots in blocks 822,823,824,825,922,923,924, and 925, all in Central Addition to Tacoma, W. T.

NOV 1 1902

All the lots in blocks 825,826,827,828,829, and 926, all in Woodruff's Addition to Tacoma, W. T., as shown on amendatory map thereof.

All the lots in blocks 829,830, 831,832,833, and 834, all in Ainsworth's Addition to Tacoma, W. T.

All the lots in blocks 922,923,924,925,926,1022,1023,1024,1025 and 1026, all in Struve's first Addition to New Tacoma, W. T.

Lot 12, in block 26, in Thompson's Addition to Tacoma, W. T.

A tract of land bounded and described as follows:

Beginning at the northwest corner of Struve's First Addition to New Tacoma, W. T.; running thence south to the northerly boundary of South 11th Street; thence westerly along same to a point 130 feet distant from the westerly boundary of "M" Street; thence northerly parallel to said boundary of "M" Street, to the South boundary of Woodruff's Addition to Tacoma, W. T., thence east along same to the place of beginning.

The Commissioner of Public Works is hereby instructed to cause a survey, diagram and estimate of the entire cost of said improvement to be made and filed in his office and give due notice to the owners of said property, in the manner provided by the City Charter.

BE IT FURTHER RESOLVED, by the City Council of the City of Tacoma, that resolution No. 2759, adopted by the said City Council of the said city of Tacoma on the 3rd day of September, 1902, ordering the construction of sidewalks approximately as hereinbefore mentioned, be, and the same hereby is, rescinded.

Council reconvened, present 15: Bell, Britton, Donahue, Duvel, Giblett, Hammond, Hawley, Mancke, Olson, Roice, Selmsen, Smith, Snyder, VonBoecklin and Mr President. Absent 1: Richards.

On motion of Duvel Council resolved itself into a committee of the WHOLE to consider the "Felt" Franchise.

At 10.50 o'clock the Committee rose and reported having had under consideration the "Felt" Franchise, and recommended that said franchise be amended as follows:

"After the word 'corporation' in the last paragraph in section 14, be inserted the words 'over whose tracks the City of Tacoma has not the right to grant trackage privileges,'"

That section 21 of the original ordinance be inserted, to read as follows:

Section 21: The said City of Tacoma shall, at any time, have the right to appropriate by purchase, at a reasonable price, the property of said grantee, his heirs, executors, administrators or assigns, of every name, nature and description, located within the limits of the City of Tacoma and connected with or appertaining to his or their said street railway lines, together with all the rights, privileges and franchises granted by this ordinance; but in fixing the price to be paid by said City of Tacoma for said property, no value whatsoever shall be included for this franchise.

That there shall be inserted in section 17 of the "Felt Franchise" the paragraph in section 22 of the original franchise relating to the inspection of grantee's books, and that said paragraph be amended to read as follows: "and said grantee, his heirs, executors, administrators or assigns, shall keep proper and sufficient books of account, showing such receipts in an orderly manner, and shall permit and allow said books, at all times within business hours, to be inspected by the City Controller of said City of Tacoma, or by any committee or person who may be appointed by the City Council to inspect the same"

That section 19 of the original ordinance be inserted in the "Felt" ordinance, which reads as follows:

Section 19: The City of Tacoma hereby expressly reserves the right to compel said grantee, his heirs, executors, administrators or assigns, at any time when the said City Council of said City of Tacoma may deem it necessary or expedient for the public welfare or public safety, to move said track or tracks of said grantee, his heirs, executors, administrators or assigns, or any portion thereof, from the ordinary grade level of any of said streets, alleys or public places and to be carried upon either wooden or metallic trestles, as said City Council of the City of Tacoma may determine, at such elevations as may be requisite for proper

over-head railway construction, all at the sole cost and expense of said grantee, his heirs, executors, administrators or assigns, and according to the plans and specifications which shall first be approved by the Commissioner of Public works of said City."

That the following section be inserted in the "Felt" Franchise:

Section --

Whenever the said grantee, its successors or assigns, shall fail to operate any portion of its or their track laid down along any of the streets mentioned in this ordinance for a period of 30 days, provided said failure to operate is not caused by riots, civil commotion, acts of the elements, or other causes over which said grantee, its successors or assigns, have no control, then and thereupon all rights, privileges, authorities and franchises granted by this ordinance shall forthwith cease and determine and be of no effect whatsoever, without the passage of any resolution or ordinance by the City Council of the City of Tacoma, or any act or deed of any court; and said grantee, its successors and assigns, shall, within thirty days after written notice served upon it or them by the Commissioner of Public Works of said City at any time after it or they shall have failed to operate its said track, tracks or any portion thereof for said period of thirty days, shall forthwith remove any and all its rails, poles, wires and appliances of every name, nature and description from said street or streets and shall leave said streets in as good a condition for public travel as they would have been had no street railway tracks ever been laid down upon said streets; and if said grantee, its successors and assigns, shall fail to remove said rails, poles, wires and other appliances, the said City of Tacoma shall remove the same at the sole cost and expense of said grantee, its successors and assigns, or at its election shall appropriate the same to its own use and behoof without any compensation being paid to said grantee, its successors or assigns."

And recommended that said Franchise, as amended, be re-committed to the Judiciary committee to be re-written, as amended, and then reported to the Council. Adopted.

Giblett moved that when Council adjourned that it take a recess until Tuesday 7.30 o'clock p. m. November 18, 1902. Carried.

Council reconvened, present 13: Bell, Britton, Duvel, Giblett, Hammond, Hawley, Mancke, Olson, Roice, Smith, Snyder, Von Boecklin and Mr President. Absent 3: Donahue, Richards and Selmsen.

On motion of Hawley, Council resolved itself into a committee of the WHOLE to consider the Tacoma Railway & Power Company Franchise.

At 10.50 o'clock p. m. the committee rose and reported as follows: We your committee of the WHOLE have had under consideration the Franchise of the Tacoma Railway & Power Company, and recommend that the following amendments be made thereto:

Insert in section 1 the following words: PROVIDED, HOWEVER, that nothing in this ordinance contained shall be deemed or construed to amount to a warranty on the part of the said City of Tacoma that any part of the above described route is upon a legally established or existing street, but said City of Tacoma hereby grants the right to construct and operate said railway line subject to the conditions, provisions and reservations hereinafter set forth only in so far as said City now has, or hereafter may have, control over said streets and the routes hereinbefore designated, subject always to any and all rights of any owners of private property lying within said route or abutting upon said streets."

Strike out all of section 3 except the last paragraph, and insert the following words: "Whenever the said grantee, its successors or assigns, shall fail to operate any portion of its or their track laid down along any of the streets mentioned in this ordinance for a period of 30 days, provided said failure to operate is not caused by riots, strikes, civil commotion, acts of the elements, or other causes over which said grantee, its successors or assigns, have no control, then and thereupon all rights, privileges, authorities and franchises granted by this ordinance shall forthwith cease and determine and be of no effect whatsoever, without the passage of any resolution or ordinance by the City Council of the City of Tacoma, or any act or deed of any court; and said grantee, its successors and assigns, shall, within thirty days after written notice served upon it or them by the Commissioner of Public Works of said City at any time after it or they shall have failed to operate its said track, tracks or any portion thereof for said period of thirty

NOV 13 1902

days, shall forthwith remove any and all its poles, rails, wires and appliances of every name, nature and description from said street or streets and shall leave said streets in as good a condition for public travel as they would have been had no street railway tracks ever been laid down upon said streets; and if said grantee, its successors and assigns, shall fail to remove said rails, poles, wires and other appliances, the said city of Tacoma shall remove the same at the sole cost and expense of said grantee, its successors and assigns, or at its election shall appropriate the same to its own use and behoof without any compensation being paid to said grantee, its successors or assigns."

Insert in section 5 the following words: "and where said track shall be parallel to the track of any other person or corporation laid prior to the track of the grantees herein on any of said streets mentioned in section 1 of this ordinance, said grantees shall plank or macadamize the whole space between their tracks, and the end of the ties of the track of such other person or corporation".

Insert in section 5 the following words: "The tracks of said street railway may be of standard gauge, and where double tracks shall be laid along any portion of said route the distance from center to center of said tracks shall not be more than twelve feet, except on streets where there are tracks of other street railway lines, when the twelve feet shall be measured from center of next track".

Insert at end of section 6 the following words: "said franchise shall not be assigned or transferred to any other person or corporation without the consent of the City of Tacoma given by ordinance, except as above specified".

Insert in 9th line of section 7 after the word "statement" the words "under oath".

Insert at end of section 7 the following words: "and in case said grantees shall at any time hereafter, while this franchise remains in force, fail to pay into the said City Treasury any sum of money required to be paid under this section, at the time required by this section, or shall fail to make any report or to file the same as herein required, then all rights, privileges, authorities and franchises granted hereby shall be suspended until such report and payment shall have been made".

Insert in section 10 after word "constructing" the word "reconstructing".

Insert in section 10 the following words: "Whenever the track or tracks of said grantees shall cross or be crossed by the track or tracks of any other line of railway, the rails of each shall be so altered or cut as to permit the cars of each to pass without obstruction". That all of section 14 1, 2 be stricken out.

And ask permission to sit again. Adopted.

On motion Council then adjourned. Attest: L. B. Woodruff, City Clerk. J. B. Jones, President of City Council.

REPORT OF STANDING COMMITTEES

The JUDICIARY COMMITTEE reported back an ordinance, amending section 1 of ordinance No. 1243, and recommended that it pass. Adopted.

Also reported back an ordinance, reducing the width of alley, between block -s 3822 & 3823, to 20 feet, and recommended that it pass. Adopted.

Also reported back an ordinance, vacating Division Avenue, between South Prospect Avenue & South Oakes Street, and recommended that it pass. Adopted.

The FINANCE COMMITTEE reported having examined and approved the following bills, and recommend their payment:

Table with 3 columns: Bill Number, Description, Amount. Includes bills Nos. 15941 to 15953, 15954 to 16013, 16014 to 16015, 16016 to 16017, and 16018.

And recommend the passage of the following resolution: RESOLVED, that the above bills be and are hereby ordered paid, and the proper officers are directed to draw warrants on proper funds for the payment of the same.

Adopted.

Adopted.

Also reported back the petition, of Henry Mohr et al. for the improvement of South 9th Street, as follows: We your committee on Streets & Alleys have had under consideration the petition of Henry Mohr et al, relative to the opening and improvement of South 9th Street through the so-called "Nigger Tract". We find that this petition was presented for the purpose of initiating steps looking to the ultimate opening and improving of a large number of other streets abutting upon and which would pass through, if projected, the so-called "Nigger Tract". Your committee is of the opinion that the proposed improvement of South 9th Street should be for the present delayed, and proceedings instituted looking to the condemnation of land to secure the right-of-way of South "N", "O" and 9th Streets and Ainsworth Avenue through said "Nigger Tract". Your committee therefore recommends that the City Attorney's office be directed to prepare the proper ordinance looking to the institution of proceedings for the condemnation to acquire the right-of-way for said streets and avenues; provided, however, the owners of property interested in the opening of said streets and avenues furnish to the City the names of all of the owners and parties interested, any portion of whose land would be taken by such condemnation.

Adopted.

Also reported back the petition, of E. D. Morgan et al., for opening of South 12th Street, between South "L" and South "M" Streets, and recommended that it be granted and that the Commissioner of Public Works be instructed to remove said fence, running across 12th Street.

Adopted.

NOV 24 1902

Council Chamber, 7.30 o'clock p. m. November 24, 1902.

Council reconvened, present 13: Bell, Britton, Donahue, Duevel, Giblett, Hammond, Hawley, Mahncke, Olson, Richards, Roice, Salmon, Smith, Snyder, VonBoecklin and Mr President.

On motion of Bell, Council resolved itself into a committee of the WHOLE to consider the Tacoma Railway & Power Company Franchise.

At 10 o'clock p. m. the committee rose and reported as follows: Your committee has had under consideration the Tacoma Railway & Power Company Franchise and recommend the following amendments:

At end of section 15 insert the following words: "Subject, however, to the right of the City to regulate, by ordinance, the hours during which, and the particular streets upon which, freight may be carried".

At the end of section 19 insert the following: "PROVIDED, HOWEVER, that each and every right, privilege, authority and franchise by this ordinance granted, shall, without the passage of any resolution, ordinance, or any action of any kind whatsoever on the part of the City of Tacoma, be null and void and absolutely of no effect, upon the failure of the said grantees to perform any of the conditions hereinafter specified, to-wit:

FIRST:

That said grantees shall file an absolute and unconditional acceptance of this franchise in writing with the City Clerk of the City of Tacoma within forty (40) days after the publication of this ordinance".

SECOND:

Said street railway line shall be completed and in operation by running cars for the transportation of passengers each way over the routes described in section one of this ordinance, within the times mentioned and in accordance with the provisions of section two"

THIRD:

That at the time of the acceptance of this franchise, said grantees shall deposit with the City Treasurer of the City of Tacoma one thousand dollars (\$1,000.); and in case said grantees shall fail to construct and complete and have in operation its whole line of street railway along and over the routes designated in section one of this ordinance, within the time and in the manner specified, said grantees hereby waive, relinquish and absolutely forfeit any right of any nature whatsoever, either in law or equity, which they may have had to said one thousand (\$1,000.00); PROVIDED, HOWEVER, that when said grantees shall have fully and faithfully complied with all the terms, conditions and provisions of this ordinance with reference to the construction and completion of the line or lines of street railway here in designated, within the time or times herein designated, within which any and all acts are to be performed upon the part of said grantees, then, upon the certificate of the Mayor of the said City of Tacoma to the effect that said terms, conditions and provisions have been complied with by said grantees, said City Treasurer shall pay over said sum of one thousand (\$1,000.00) to said grantees".

At end of line 2 in section seven, after the words "gross receipts" insert the words: "from passenger fares".

At end of line 5 in section seven, after the word "Extensions" insert the words: "and upon receipts from freight in accordance with the provisions of ordinance No. 1231".

To further amend ordinance by making the provisions of Ordinance No. 1723, relating to building and keeping in repair bridges" applicable to this ordinance.

and that this ordinance be recommitted to the Judiciary Committee to be redrafted according to amendments and report same to Council.

RESOLUTION No. 1791.

By Olson. BE IT RESOLVED, by the City Council of the City of Tacoma, that in Sewerage District No. 32, created by the Commissioner of Public Works, of the City of Tacoma, on the 20th day of November, 1902, sanitary sewers of eight inch pipe be constructed and laid on the following described lines, to-wit:

Beginning at the present sewer manhole in the intersection of North 28th Street and Lawrence Avenue; thence west in North 28th Street to a point 15 feet east of the east boundary of Puget Sound Avenue.
 Also, in the alley between North 28th Street and North 29th Street, beginning at the present sewer manhole in Lawrence Avenue; thence west in said alley to a point 15 feet east of the east boundary of Puget Sound Avenue.

That the cost and expense of constructing said sanitary sewer be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1332 of the City of Tacoma, approved June 17th, 1899.

It is hereby declared that the following lots and parcels of land will be benefited by the construction of said sewer and shall constitute an assessment district, which shall be known and designated as "Local Improvement District No. 132," against which the cost and expense of constructing said sewer shall be charged by special assessment, to-wit:

- All of the lots in block 3, All of the lots in block 4,
- All in Bureka Addition to Tacoma, W. T.,
- All of the lots in block 7, All of the lots in block 8,
- All of the lots in block 11, All of the lots in block 12,
- All in the Wygant Addition to Tacoma, W. T.

The Commissioner of Public works is hereby instructed to cause notice to be given by his Clerk, and plans for said work, profiles, diagrams and estimates of cost to be filed, and generally to proceed with said improvement in accordance with the provisions of the City Charter.

Adopted on roll call. Yeas 16. Nays 0.

By Britton.

BE IT RESOLVED, by the City Council of the City of Tacoma, that the Commissioner of Public Works, of the City of Tacoma, be and is hereby directed to grade and improve the right-of way recently condemned by the City of Tacoma for a roadway, between the bridge crossing the Northern Pacific Railroad track on South "H" Street and South 35th Street, at a cost not to exceed two hundred and fifty dollars.

Said roadway, grading and improvements to be of such width and character as in the judgment of the Commissioner of Public Works will accommodate the travel on said roadway.

The warrants for the expense of said improvement to be drawn on the General Expense Fund.

Referred to Streets & Alleys committee.

By Richards.

BE IT RESOLVED, by the City Council of the City of Tacoma, that the Commissioner of Public Works, of the City of Tacoma, be and he hereby is directed to correspond with P. L. Wheeler, or the owner of lots 8,9,10,11 and 12, in block 517, Stacy's Addition to the City of Tacoma, being the southwest corner of Wright Park at the intersection of South "I" Street and 6th Avenue, with a view to the City's purchasing said property, and that he inform said P. L. Wheeler, or the owner of said lots that it is the sense of the Council of said City that the City will pay the sum of \$3500. for a warranty deed conveying said lots to the City, free and clear of all incumbrance, and if said Wheeler or the owner of said lots refuses to sell the same for \$3500.00, that the proper steps shall be taken for the condemnation of said property.

Adopted on roll call. Yeas 16. Nays 0.

By Bonanno.

RESOLVED, by the City Council of the City of Tacoma, that the petition of the St Paul & Tacoma Lumber Company, as amended for leave to modify its form of dedication upon the re-plot of a part of the Tacoma Tide Lands, shown as "Amended Supplemental Sheets 4 and 5 prepared in triplicate sets of two sheets each and heretofore approved by resolution of the City Council, on September 17th, 1902, be granted, and that the said form of dedication upon said map or plat may be modified by adding thereto substantially the following reservations and corrections, to-wit:

UNFINISHED BUSINESS

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement of South 25th Street, from the westerly boundary of Pacific Avenue to the easterly boundary of Jefferson Avenue, the same was brought on for hearing, and it appearing that no objections have been made to said assessment and assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, and on motion of Hawley, it was decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same, which was done accordingly.

This being the time set for hearing and determining the petition of John Nolan, et al, for vacation of a portion of the alley between blocks 4024 & 4025, so as to reduce its width to 20 feet, the petition was brought on for hearing, and there being no remonstrance against the same although due notice of said petition had been given as required by law, and on motion of Hawley, the petition was granted, and the City Attorney was directed to prepare an ordinance providing for the same; which was done accordingly.

NEW BUSINESS.

Snyder offered the following as a substitute for section 13 of the Tacoma Railway and Power Company franchise:

Section 13:

Whenever any person has obtained permission to use any of the streets of said City for the purpose of removing any building across the track or tracks now owned or which may hereafter be acquired and owned by said grantee, its successors and assigns, and are ready so to move, the said grantee, its successors and assigns, shall, at its or their own cost and expense, upon 24 hours written notice from such person, immediately raise, cut or remove any or all of its or their wires which may obstruct the removal of such buildings across said track or tracks: PROVIDED, HOWEVER, that if said person shall un-necessarily delay moving such building across said track or tracks after said wires shall have been raised, cut or removed for the purpose herein stated, the conditions herein imposed upon the grantee, its successors or assigns, shall not prevent said grantee, its successors or assigns, from recovering from said person any damages to said grantee, its successors and assigns, arising from neglect of prompt removal of building across said track or tracks; PROVIDED, FURTHER, that in case of the refusal of the grantee, its successors and assigns, to comply with such notice as herein provided, then the Commissioner of Public Works of said City of Tacoma shall have the right, power and authority, to raise, cut or remove said wires for the purpose

NOV 26 1902

of removing said building across said track or tracks, and the amount of such expense shall, upon demand on the part of said City of Tacoma, be paid by the said grantee, its successors and assigns, to the said City; and whenever any of the wires of said grantee, its successors and assigns are cut for the purposes aforesaid, by the Commissioner of Public Works of said City, said grantee, its successors or assigns, shall replace said wires at their own cost and expense.

Smith moved to amend the substitute by inserting after the 9th line the words: "Such notice shall be served by any person competent to serve process in a civil action upon said grantee, its successors and assigns or any of its or their representative or agents".

Carried.

On motion, Snyder's substitute for section 13 of Tacoma Railway and Power Company franchise, as amended, was adopted.

On motion of Britton, Council resolved itself into a committee of the WHOLE, to consider the communication of the City Attorney relating to the "Felt" franchise.

REPORT OF SPECIAL COMMITTEES.

THE SPECIAL COMMITTEE appointed to confer with Chamber of Commerce committee reported as follows: We, your SPECIAL COMMITTEE, appointed to investigate the building of a bridge across the Puyallup Waterway and the most feasible and convenient place for same, beg leave to report as follows:

That a draw span bridge be placed across said waterway say at South 21st Street on the plans presented by the City Engineer some months since after certain modifications, plans for which he is now preparing and which we trust will be finished in time to be reported herewith.

The City Engineer also presented to us three plans for building at 11th Street, as follows:

First. To put in place the draw span 144 ft. 6 inches long that was taken from South 21st Street, and build on each side thereof two fixed spans 121 ft. 3 inches long. The official waterway at this place is 450 ft. wide, and on each side of the fixed spans trestle work is put in to reach the banks. Driving the piles to support this

structure 20 ft. below the future bottom of the dredged channel, provided that it is dredged to 22 ft. at low tide, the Engineer's estimate is \$10,710.

Second. To build a structure on exactly the same plans, with the piles driven 20ft. under the present level of the ground, so that all piles would come out whenever a future channel was dredged by the Government, he estimates would cost \$9,600.

Third. To build a structure, using the same draw span and covering the balance of the waterway with trestling, would cost \$5,400; piling to be driven 20 ft. below the present bottom provided it can be done with a hammer,

All of these plans figure no value for the draw span which is at present stored in the City barn. The only cost figured on in regard to it is cost of moving it to the site and setting it up. If the 11th St. site were used and this span used there would be some deterioration in it for the use, which under any circumstances for say two years, would be about \$1,000.

Building of any of these structures at 11th St. on account of the short draw span would be only temporary. There is no probability that the War Department would allow such a short draw span to be put in for a permanent structure. It is possible that they would allow it to be put in as a temporary structure, to be removed at any time upon demand of the Secretary of War. Under such circumstances we could not recommend the building of anything but the third plan proposed for this site, and it is somewhat doubtful if the Secretary of War would allow us to build on that plan on account of the narrow opening on each side of the draw pier. The balance of the space being filled by trestle piling, according to the Engineer's plan only 18 ft. apart, would be an additional possible objection to the Government Officials. Vessels fortyfeet in width have been built on the Puyallup waterway above 11th St., and in all probability others will be built there in the future. As the clear opening on each side of the draw pier is only 50 ft., it does not take an expert to understand that it is a dangerous matter to attempt to take a vessel forty feet wide through such an opening. Undoubtedly if the attempt were made and the vessel damaged, the city would be sued for the damage. Roadways would have to be built on this bridge on each side thereof at considerable expense to the City or abutting property owners in order to utilize the bridge.

A few parties have talked of possible factories being located on the North end of the tide flats toward deep water. If establishments were so located a bridge at 11th St. would be quite convenient for them, but there seems to be nothing positive in regard to such locations, and even if they were made it would not cost any more for such establishments to reach a bridge located at South 21st St. than it would establishments South of 21st St. to reach 11th St. There are quite a number of small factories mentioned to your Committee as being built in a very short time South of 21st St. provided the bridge is put in.

We are led to believe that a bridge at 21st St. on the modified plan of the City Engineer will be approved by the Department as a permanency. Under such circumstances it could remain there until the growth of the territory and the traffic passing through it and over it demanded a larger and better structure, or until it had to be replaced on account of age.

Under such circumstances we, your committee, feel that it is best to place this structure at South 21st St., and recommend that that site be selected, and that the necessary plans and request for permission to build be forwarded to the War Department by the proper officers as speedily as possible. That detailed plans be gotten ready, so that as soon as permission is received from the War Department, work can commence. The City Engineer estimates the probable cost of this bridge at \$11,000 exclusive of land on the East side necessary for swinging the draw. In regard to this land, we think that the owners of the property on the East side should deed the necessary land, and if there should be any damage to abutting property on that side on account of the draw rest being located close to the bank, that they should satisfy the owners thereof, and we report recommending the building of this bridge provided the owners of property on the East side of the channel will first procure the City title for the necessary property and release from damage as mentioned above.

We also recommend that the question of providing the money for this expenditure be immediately referred to the Finance Committee, but beg to suggest that the necessary funds can, in our opinion, be taken from the Light & Water surplus.

RESOLUTIONS

By Olson.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 8th day of November, 1902, ordering the construction of sewers and drains in Sewerage District No. 28, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17th, 1902; and

WHEREAS THE Commissioner of Public works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS, the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said streets and alleys in said district in which said sewers were to be laid and constructed, the kind to be laid, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and,

WHEREAS, 15 days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of the Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired, NOW, THEREFORE,

BE IT RESOLVED, by the City Council of the City of Tacoma, that said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call, Yeas 15. Nays 0. Absent 1: Richards.

By Edilton.

BE IT RESOLVED, by the City Council of the City of Tacoma, that the Commissioner of Public works of the City of Tacoma, be and is hereby directed to grade and improve the right-of-way recently condemned by the city of Tacoma for a roadway, between the bridge crossing the Northern Pacific Railroad track on South "H" Street and South 35th Street, at a cost not to exceed two hundred fifty dollars.

Said roadway, grading and improvements to be of such width and character as in the judgment of the Commissioner of Public Works will accommodate the travel on said roadway.

The warrants for the expense of said improvement to be drawn on the General Expense Fund.

RESOLUTIONS

By Donahue.

2717

RESOLVED, by the City Council of the City of Tacoma, that the petition of the St Paul & Tacoma Lumber Company, as amended, for leave to modify its form of dedication upon the re-plat of a part of the Tacoma Tide Lands, shown as "Amended supplemental Sheets 4 & 5", prepared in triplicate sets of two sheets each and heretofore approved by resolution of the City Council, on September 17th, 1902, be granted, and that the said form of dedication upon said map or plat may be modified by adding thereto substantially the following reservations and corrections, to-wit:

"Reserving and excepting from this dedication, however, that portion of Canal Street shown as extending across and within the meander line of section three(3), Township twenty (20), North of Range three(3) East, and reserving also to the St Paul & Tacoma Lumber Company, its successors and assigns, the right to continue the use of and maintain across Canal Street, between blocks Twenty-one(21) and Forty-three(43) of the Tacoma Tide Lands, an open channel or waterway of the width of not to exceed fifty (50) feet; PROVIDED SAID CHANNEL OR WATERWAY SHALL BE ALWAYS LOCATED AND MAINTAINED TO THE SATISFACTION AND APPROVAL OF THE CITY, acting through its proper officers, and whenever the City desires to improve and use the said street, and upon notice to the company, the company shall, at its own expense bridge the said channel or opening to the satisfaction and approval of and as required by the city, acting through its proper officers, and shall thereafter maintain the said channel or waterway and bridge at the sole expense and risk of the said company and to the satisfaction and approval of the city, acting through its proper officers."

RESOLVED further, that the City Clerk of the city Council be and he is hereby authorized and directed, after the said dedication is so modified, to endorse upon said maps or plats substantially the following words:-

"I hereby certify that, at a meeting of the City Council in regular session on the day of , 1902, the following resolution was duly adopted:-

"RESOLVE that the re-plat of the Tacoma Tide lands, together with the form of dedication of the Middle Waterway and the Streets shown thereon, and with the certain reservations to the St Paul & Tacoma Lumber Company, therein contained and referred to and endorsed upon said plats, and which maps are designated "Amended Supplemental Sheets 4 and 5 respectively", be and the same are hereby approved, ratified and confirmed."

And for that purpose it is hereby further resolved that said maps and plats with the form of dedication and reservations so endorsed or to be endorsed thereon, be and they are hereby approved, ratified and confirmed.

Adopted.

Also reported as follows: After considering the communication of the Womens Christian Temperance Union, your committee on Police & License begs leave to report:

We think the writers of the communication misapprehend the facts and the measures proposed in connection with the social evils of our city. It seems to be thought by them that some method of dealing with vice is proposed and that some safeguards now afforded to youths are to be taken down. In both, they are in error.

For several years a district has been situated in which have been subjected to monthly fines. The plan has worked well, and has met with just criticism, is the best that has been offered. The evil cannot be eradicated by any system of proscription so far devised. Experience has proven this beyond doubt. It will not be denied that the vice exists and has always existed in every city of the United States in spite of all prohibitory laws. We are a little wiser and no doubt stronger than our fathers, and can see no reason to hope that we can succeed where they failed. The evil, and its points of contact and its points of contact with our youth may be greatly reduced; but, if past and present conditions, conditions of society remain the same, and our temptations to better them, we think it better to reduce the number of points of contact of the evil among youth by confining the traffic to one place, than to attempt to scatter it in a hundred parts of the city in secret hiding where we cannot hope to reach it.

The Opera Alley is a particularly unfortunate district in which to tolerate a vice. It is surrounded by residences, passed at both ends by the cable cars, in too close proximity to the Central and High Schools, in the route of school children going to and from school each day. It would be difficult to find any other point in the city where so many people of both sexes and all ages would be brought into hourly contact with the vice. It is proposed to substitute for this conspicuous spot one less exposed to the public gaze, and out of the public loop, remote from all the schools, away from all residences, not in the

A thousand youth pass and repass Opera Alley in plain sight of its denizens where they are likely to pass the district proposed. By the change, the chances of direct contact and contamination from the vice will be vastly reduced. Where it now is no man or woman can avoid seeing and thinking about the evil; there, no man need see it who is not in search for it. The evil minded will seek it as they have always done; but it will no longer be the factor it has been in the making of evil minds. There is no force more active in the creation of vice than the frequent contemplation of it. It is not proposed to repeal any law now in force, or to sanction any evil practice anywhere; but to deal in a practical way with a base force that we can at best only restrain. If anybody believes he can stamp out the evil, his way will not be barred. The laws remain as they are and the law making bodies - this council or the legislature - are open for enactment of such other laws as he may offer.

The courts will be open to hear complaints and to punish crimes and nobody will be hindered from resorting to them in future as they have in the past. We propose a practical remedy for an admitted evil, and stand ready to adopt or to assist in establishing any other remedy that may promise results. We believe, with the writers of the communication, that every safeguard should be thrown around youth to protect it from this vice to the end that our young men may be manly and our women pure, living in unadmitted society and it is for the purpose of increasing those safeguards that we have acted in the past and shall continue to act.

We tear down no barrier to vice in what we propose, but erect an additional obstruction to its spread. We are at one with the Union in the desire to shield our youth, however we may differ in ideas concerning the means to the end. If they cannot agree with us, at least what we propose offers no obstacle to any efforts of their own.

We therefore recommend that the communication be placed on file, and that a copy of this report be forwarded by the Clerk to the Secretary of the Union.

RESOLUTIONS

By Britton.

WHEREAS the Legislature of the State of Washington at a session in the year 1901, passed an act entitled "An act to enable cities that have adopted charters under the provisions of an act entitled 'An act to provide for the government of cities having a population of twenty thousand (20,000) inhabitants or more, and declaring an emergency to exist, approved March 24th, 1890, to validate warrants and other obligations and evidences of indebtedness on the part of such cities issued by the corporate authorities thereof, for salaries of elective officers thereof, where the only ground of invalidity of such warrants, obligations and evidences of indebtedness is that the charter of such cities did not prescribe the compensation to be received by such officers", which said act was approved by the Governor of the State of Washington, March 1st, 1901; and,

WHEREAS the charter of the City of Tacoma, adopted in the year 1890, under the provisions of said act, approved March 24th, 1890, did not prescribe the compensation of the City Controller of said City, of the City Treasurer of said city or of the City Physician of said City; and,

WHEREAS all of the said officers were elective officers from the date of the adoption of said charter in the year 1890 until the amendment of said charter in the year 1896; and,

WHEREAS there are now outstanding warrants, unpaid, hereinafter described, issued on the part of the City of Tacoma prior to January 1st, 1896, which said warrants were issued by the corporate authorities of the City of Tacoma for the salaries of said officers; and,

WHEREAS the services of such officers have been fully and regularly rendered and performed and the only ground of invalidity of such warrants is that the compensation of said officers was not prescribed in the charter of the City of Tacoma at the time the services were performed for which said warrants were issued; and,

WHEREAS the holders and owners of the warrants hereinafter described have agreed to surrender the said warrants held by them, upon the payment of the face of each of their said warrants with interest at the rate of four per cent per annum from the date said warrants were endorsed respectively; not paid for want of funds" up to August 22nd, 1901; now therefore,

BE IT RESOLVED, by the City Council of the City of Tacoma, that the warrants hereinafter particularly described by number, date of issue, date of endorsement, payee and amount, which said warrants were issued upon the general fund of the City of Tacoma between the 3rd day of November, 1890 and the 1st day of January, 1896 for the payment of salaries of City Controller, City Treasurer and City Physician be and the same are hereby ratified and declared valid obligations of the City of Tacoma, and the City Treasurer is hereby authorized and directed to pay the principal of said warrants together with interest at the rate of four per cent per annum from the dates said warrants were severally endorsed; not paid for want of funds" up to the 22nd day of August, 1901, from the General Fund of said City, which said warrants are described as follows, to-wit:

Warrants issued by the QUAKER CITY NATIONAL BANK of Philadelphia:

Number.	Date of Issue.	Payee.	Amount.	Date indorsed.
C-10136	Apr. 9, 1894.	S. C. Slaughter,	\$200.00	April 11, 1894.
C-10142	Apr. 9, 1894	Geo. W. Boggs,	300.00	April 11, 1894.
C-10155	Apr. 9, 1894	J. Armstrong,	150.00	April 11, 1894.

By Salmons.

WHEREAS the City of Tacoma did on the 4th day of December, 1902, by ordinance approved that day, confirm the assessment roll for the improvement of South 25th street, from

the westerly boundary of Pacific Avenue to the easterly boundary of Jefferson Avenue, in the City of Tacoma, by paving said street with four inch plank, in Local Improvement District No. 49, whereby there was assessed upon lots 4, 5 and 6, in block 2406, in the Tacoma Land Company's first Addition, an assessment of \$185.00, being the portion of the cost of said improvement charged against said property, and

WHEREAS said City of Tacoma is the owner of said property and should therefore pay the amount assessed against the same as aforesaid, now therefore be it

RESOLVED, by the City Council of the City of Tacoma, that the proper officers are hereby instructed and authorized to draw a warrant on the General Expense Fund of the city; and the City Treasurer is hereby instructed and authorized to pay said warrant out of the monies belonging to the General Expense Fund and place same to the credit of Local Improvement Fund No. 49, the same being the fund created by ordinance no. 1730 in connection with said improvement.

Adopted on roll call. Yeas 10. Nays 0.

By Hawley.

BE IT RESOLVED, BY THE City Council of the City of Tacoma, that Steele street, from the north curb line of North 8th Street to the center line of North 8th Street, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the state of Washington and ordinance No. 1332 of the City of Tacoma.

Said improvement shall consist of grading said street to the established grade with a roadway 30 feet in width, and by constructing wooden curbs and gutters on each side thereof and constructing plank cross walks 3 feet in width in the intersection of all streets and alleys; that cement sidewalks be constructed from Yakima Avenue to North 14th Street and plank sidewalk from North 14th Street to North 8th Street; all sidewalks to be four feet in width and to be laid on both sides of the street, according to plans and specifications to be prepared by the City Engineer and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute the local improvement district for the same; the cost of making said improvement shall be charged by special assessment, to-wit:

- Lots 1,2,3,4,5,6,7,8,9,10,11,12,13,14,15 and 16, in block 1,

REPORT OF SPECIAL COMMITTEE

THE SPECIAL COMMITTEE appointed to confer with Tacoma Railway & Power Company reported as follows: Your special committee appointed to confer with the officials of the Tacoma Railway & Power Company and E. J. Felt for the purpose of attempting to make arrangements for trackage over the line of the Tacoma Railway & Power Company from South 25th Street North to the wharf, for E. J. Felt under the ordinance now pending in the City Council for a street railway franchise over certain streets in the City of Tacoma, beg leave to make the following report:

Your committee desire to state that both Mr Felt and the officials of the Tacoma Railway & Power company, assert that they are willing to enter into fair and reasonable trackage arrangements on Pacific Avenue from South 25th Street to the wharf.

Your committee has held two meetings with Mr Felt and the officials of the Tacoma Railway & Power Company and their respective attorneys, and both parties ask for further time to see if they can arrive at an agreement as to the terms of such trackage arrangements.

Your committee respectfully recommends that further consideration of the two ordinances granting certain franchises to E. J. Felt and the Tacoma Railway & Power Company be postponed for one week without change in the status of said ordinances.

(Signed) G. C. Britton.

I. B. Richards.

Ben Olson.

THE HEALTH & HOSPITALS COMMITTEE reported back the report of the Health Department, for the month of November, 1902, and recommended that it be placed on file.
Adopted.

Also reported as follows: We, your committee on Health & Hospitals, have had under consideration the cost per patient at the City Hospital, as compared with the cost per patient in Seattle and Spokane, and beg leave to report that after communicating with the proper officials in the cities named, we have obtained the following information, to-wit:

That the City of Spokane pays twenty-five cents per meal for each patient, and is thereby relieved of all care for dining room and kitchen. In Seattle the City furnishes the house and allows three dollars per week for the board of each patient. Seattle has a superintendent, who is nurse, cook and guard, who receives for himself and wife \$90.00 per month, who board at their own expense. Whenever there are more than twelve patients at the Hospital, he is allowed a cook, and if more than twenty-one patients the city pays for an extra nurse.

The difference of the expense between Seattle and Tacoma, taking the same number of patients, as per our Health Commissioner's report for the month of June, 1902, the month for which your committee received the first full report, shows a difference in cost of 356¢ in favor of Seattle; in July 106¢; in August 39¢; in October 147¢; in November 41¢; and taking the average for the last five months, it shows a difference of 137¢ in favor of Seattle.

We would respectfully recommend that a Superintendent for the Hospital be appointed by the Mayor, and that the Commissioner of Public Works be authorized to make a contract with him; the superintendent to fill the position of guard, nurse and cook, at a salary of six hundred dollars per year; that whenever there are more than twelve patients at the hospital he be allowed ten dollars per week for extra help; and if more than twenty-one patients he be allowed twenty dollars per week for extra help; he to employ his own assistants; that he receive for board for each patient during the months beginning with the first day of November and ending with the first day of May, each year, the sum of three dollars and fifty cents per week; and from the first of May to the first of November three dollars per week for each patient; the City to furnish everything except the provisions.

REPORT OF SPECIAL COMMITTEE

Reported as follows: YOUR SPECIAL COMMITTEE appointed to confer with the Tacoma Railway & Power Company, and E. J. Felt regarding trackage on Pacific Avenue, beg leave to make the following report: That a majority of the Committee, to-day, called upon Mr Dimmock, the representative of the Tacoma Railway & Power Company and were informed by him that Mr Felt had submitted to them a proposition for trackage on Pacific Avenue but owing to the unusual amount of work of making the annual report of his Company at the close of the year he would not be ready to take up the matter of trackage for a period of about ten days.

Your committee recommends that no action be taken with either ordinance granting franchises to E. J. Felt or the Tacoma Railway & Power Company until two weeks from this date, and that the committee be continued.

Signed: G. C. Britton.
