Dear Nannie,

No London this time. Latest plans are to stay here until about March 7th. Then westward to pick up my pictures which will have been on exhibition in Kansas City, then to Honolulu to launch another show staying there about five days.

In the meanwhile I'll be in Manhattan and glad to see you and Stan any time. Lew Wallace M.D. is still with me and still says nothing of leaving but there is no reason why we can't double up when you come on. He can sleep with me and I'm sure you'll get along alright - he, by the way is a great admirer of yours.

I've not sent Stan a formal receipt for check etc as that can be done when I see him.

It's just as well that you didn't appear this last week end. It has been unpleasantly cold for gadding about. Just say when and all will be O.K.

Love and mine to Stuffy

Scho.
