RECOMMENDATION
1/23

By Doten.

Be it resolved by the City Council of the City of Tacoma, that South "J" street from South 27th street to Center street be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1322 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven (7) per cent. per annum on deferred payments.

Said improvement shall consist in regrading said street to the newly established grade, with a roadway forty feet (40') in width, and a sidewalk and parking space on each side thereof twelve feet (12') in width, also in constructing curbs, gutters and crosswalks of plank, and all necessary storm water drainage.

Said improvement shall also consist in taking up old sidewalk plank, and relaying five foot (5') sidewalks with same, changing any old lines or grades to make same conform to lines of new improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district, to be known and designated as "Local Improvement District No. 617", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

All the lots in Blocks 2719 and 2720,
All in Eaton's Apendatory Plat of Forbes' Add. to New Tacoma.

All the lots in Blocks 7 and 8,
All in Van Dusen's Addition to the City of New Tacoma.

All the lots in Block "C", All in Smith & Fife's Addition to New Tacoma.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on roll call. Yeas 15. Nays 0. Absent 1. Clark.

By Hawthorne.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
That the Commissioner of Public Works be and is hereby instructed and directed to employ an expert electrician, for a period of thirty days, for the purpose of making a thorough examination of the electric light system of the City of Tacoma. Said expert to make a written report of the condition of the system and to make such recommendations as will place the said system in a condition

to give the most efficient service; and also to particularly show the defects, if any, in the present electric system, and to furnish the City Council with a copy of the report. Provided that the appointment of such electrician together with the amount to be paid for his services shall be submitted to the City Council for its approval before being made.

Adopted.

RESOLUTION
By Hawley.

Be it resolved by the City Council of the City of Tacoma, that in Sewerage District No. 174 created by the Commissioner of Public Works on the 29th day of January, 1908, a sanitary sewer of eight inch (8") terra cotta pipe, be laid upon the following described lines, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby, in accordance with the Laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven (7) per cent. per annum on deferred payments:-

In the alley between Alaska street and Wilkeson street from South 21st street to Center street; in the alley between Wilkeson and Ash streets from South 19th street to Center street; in the alley between Hosmer and Ash streets from South 19th street to a point opposite lot 21, Block 6, Carroll & Hannah Addition, and from a point opposite lot 13, Block 6, Carroll & Hannah Addition, to Center street; Hosmer street from South 21st street to South 25th street, and from a point opposite lot 11, Block 10, Catlin's Addition, to Center street; in the alley between Hosmer street and Sprague Avenue from South 19th street to South 23d street; in Sprague Avenue from South 23d street to South 25th street, and from a point opposite lot 13, Block 9, Carroll & Hannah Addition, to the South Tacoma Trunk Sewer; in the alley between Sprague Avenue and Ferry street from South 19th street to South 23d street; in Ferry street from South 25th street to the South Tacoma Trunk Sewer; in South 19th street from the alley between Ferry street and Sprague Avenue to the alley between Sprague Avenue and Hosmer street; in South 21st street from the alley between Sprague Avenue and Hosmer street to the alley between Hosmer and Ash streets; in South 23d street from Sprague Avenue to the alley between Sprague Avenue and Hosmer streets, and from the alley between Hosmer and Ash streets to the alley between Ash and Wilkeson streets; in Center street from Wilkeson street to Sprague Avenue.

UNFINISHED BUSINESS.

This being the time set for hearing appeals from the assessment and assessment roll for construction of water mains on "O" and other streets in Local Improvement District No. 518, the same was taken up for consideration together with the remonstrance of Frank Cleveland, et al, thereunto and the questions raised and the objections urged in said appeal were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeal had been duly and fully considered by said City Council, upon motion of Richards, duly seconded, it was ordered that the objections presented by said appeal be each and all over-ruled and the prayer thereof denied, and that said assessment and assessment roll be approved and confirmed; and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the construction of water mains on an alley and certain streets in Local Improvement District No. 525, in the City of Tacoma, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Richards, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

On motion of Woodworth, the action of the Council on the 22nd inst, on the communication of the Com'r of Public Works, reporting one remonstrance against the improvement in L.I.D. No. 222, was reconsidered and the communication referred back to Streets & Alleys Committee.

On motion of Richards, the council reverted in order of business to

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 15th day of January, 1908, ordering the improvement of Division Lane from East "D" Street to the center of Howe Street, that part of South 38th Street from East "J" Street to the center of Howe Street, and that part of Morton Street lying west of the east line of East "E" Street, same being Local Improvement District No. 612, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said streets proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call. Yeas 12. Nays 0. Absent 4. Clark, Duevel, Woodworth, Mr. President.

RESOLUTION
No. 4367
By Noten.

Be it resolved by the City Council of the City of Tacoma, that the alley between Tacoma Avenue and "E" Street, from Division Avenue to North 1st street, be improved in the manner herein after described, and that the cost and expense of making said improvement, be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal, annual installments, with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of said alley to the established grade, with a roadway fifty (50) feet in width, and a parking and sidewalk space on each side thereof fifteen (15) feet in width, and in laying down on said roadway a pavement of asphalt on a concrete base, with brick gutters, concrete or granite curbs, and all necessary storm water drainage.

Said improvement shall also consist in constructing cement concrete sidewalks six (6) feet in width, taking up and relaying any curbs, gutters, sidewalks or pavements to make same conform to lines and grades of new improvement.

Provided that part of the intersection of the alley with North 1st street shall be paved with sandstone blocks.

Provided also, that that portion to be paved by the Tacoma Railway & Power Company, under its franchise, be not included in this improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 400", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

All the lots in Blocks 3010 and 3011, All in Map of New Tacoma, W. T.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office and to give due notice to the owners of said property in the manner provided by the City Charter.

REPORTS OF SPECIAL COMMITTEES.

The Special Committee to which was referred the communication of the Com'r of Public Works relating to Delin Street improvement in Local Improvement District No. 88, submitted the following report:

FIRST, We find the engineer in drawing plans and specifications, did so in the belief that Delin Street was eighty feet wide its entire length. The specifications provided for a roadway thirty-one feet in width and parking and sidewalk space nine feet in width on the east side of said Delin Street from Pacific Avenue to Tacoma Avenue, showing the T.R. & P.Co's tracks in center of eighty foot street. After the contract had been let and work in progress, it was discovered there had only been forty feet of street dedicated to the city through what is known as the City Addition. This being the case, the property lying west of the street through said addition and abutting on said improvement should have been assessed, which was not done.

SECOND, The specifications for that portion of said improvement lying between Division Lane and South Thirty-eighth Street a distance of about four blocks, provided for a roadway twenty-eight feet in width, with sidewalk and parking space twelve feet in width on east side of said improvement. We find the T. R. & P. Co. owns the property on the west side of said improvement and abutting thereon and should have been assessed for said improvement also, which was not done.

THIRD, The T. R. & P. Co's tracks are so located and at such grades as to render it impossible for the contractor to complete this work according to plans and specifications, and we fail to find wherein the Commissioner of Public Works has ever made demand on the T.R. & P.Co. to move its tracks and alter its grades to conform to said plans and specifications, or wherein the City Attorney has proceeded in a legal way to compel said company to move said tracks.

FOURTH, We find the contractor has done everything in his power to complete said work and has done so as far as the conditions stated above will permit.

THEREFORE, Under existing conditions we believe but two solutions of the difficulty exist:
FIRST, To refuse to accept the contract or confirm the rolls, which would compel the contractor to bring suit against the city.

SECOND, To amend the assessment rolls in the manner recommended by the City engineer, and accept the contract as completed.

We do not believe either solution of the difficulty satisfactory to the parties interested, but would recommend the adoption of the latter.

There is a probability this will be adjusted finally through the courts and we consider this the most satisfactory way to dispose of it at present.

L. Turnbull, Chairman.
E. B. Lynn,
O. Duevel.

The East one-half of Block 8614,

All in Tacoma Land Co's 1st Addition to Tacoma, W. T.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on roll call. Yeas 14. Nays 0. Absent 2. Clark, Turnbull.

RESOLUTION
No. 1400
By Doten.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 19th day of February, 1908, ordering the improvement of the alley between Tacoma Avenue and "H" Street from Division Avenue to North 1st Street, same being Local Improvement District No. 400, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said alley proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call. Yeas 14. Nays 0. Absent 2. Clark, Turnbull.

RESOLUTION
No. 1401
By Doten.

Be it resolved by the City Council of the City of Tacoma, that Cliff Avenue from Division Avenue to South 7th street, and South 2nd, 4th and 5th streets from "C" street to Cliff Avenue, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby in accordance with the laws of the State of Washington and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five equal annual installments, with interest at the rate of seven per cent. per annum on deferred payments.

Said improvement shall consist in grading said portions of South 4th and 5th streets to the newly established grade, with roadways thirty (30) feet in width, and a sidewalk and parking space on each side thereof twenty-five (25) feet in width, grading the West parking space on Cliff Avenue from Division Avenue to a point 146 feet South of the South line of South 5th street, and from a point 408.55 feet North of the center line of South 7th street to the center of South 7th street, point 408.55 feet North of the center line of South 7th street to the center of South 7th street, said parking space to be fifteen (15) feet in width, except the South 73 feet, which will be twelve (12) feet in width.

Said improvement shall also consist in constructing cement concrete sidewalks seven (7) feet in width on the West side of Cliff Avenue, and five (5) feet in width on both sides of South 4th and 5th streets. Said improvement shall also consist in constructing curbs, gutters and crosswalks of plank, and all necessary storm water drainage; altering all present aprons, curbs and gutters, to make same conform to lines of new improvement.

South 2nd street from "C" street to Cliff Avenue shall be improved on the North side by the construction of cement concrete walk and steps.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefited by said improvement, and shall constitute a local improvement district, to be known and designated as "Local Improvement District No. 606," against which the cost and expense of making said improvement, shall be charged by special assessment, to-wit:

All the lots in Blocks 5, 205, 405 and 505,
All in Map of New Tacoma, W. T.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to

Give due notice to the owners of said property in the manner provided by the City Charter. And be it further resolved that resolution No. 4314, and all other resolutions in conflict herewith, be, and the same are hereby rescinded.

Adopted on roll call. Yeas 12. Nays 2. Reed, Woodworth. Absent 2. Clark, Turnbull.

RESOLUTION
No. 4317
By Doten.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 11th day of March, 1908, ordering the improvement of River Street from its intersection with St. Paul Avenue to a point forty (40) feet South, and St. Paul Avenue from its intersection with River Street to a point about thirty-five (35) feet southerly of the intersection of the center line of South 21st Street, same being Local Improvement District No. 378, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, enacted June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said streets proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call. Yeas 15. Nays 0. Absent 1. Doten.

RESOLUTION
No. 4318
By Doten.

Be it resolved by the City Council of the City of Tacoma, that Pacific Avenue from the center of South 17th street to the center of South 21st street; from the center of Puyallup Avenue to the center of South 25th street, and from the North curb line of South 26th street, to the North curb line of South 35th street be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal annual installments, with interest at the rate of seven per cent (7%) per annum on deferred payments.

Said improvement shall consist in removing the present asphalt surface on Pacific Avenue, from the center of South 17th street to the center of South 21st street, and from the center of Puyallup Avenue to the North line of South 25th street, and replacing the same with vitrified brick on present concrete base; grading Pacific Avenue from the North line to the center line of South 25th street, and from the North curb line of South 26th street, to the North curb line of South 35th street, to the established grade, with a roadway at South 25th street intersection sixty-eight (68) feet in width; a roadway between South 26th street and South 31st street sixty (60) feet in width, and a roadway between South 31st and South 35th street fifty (50) feet in width, and in constructing on said roadways a pavement of sandstone blocks, except that portion North of the South property line of South 27th street, and South of the North curb line of South 34th street, where pavement shall be of brick; all to be on a concrete base, with brick gutters, concrete and granite curbs, and all necessary storm water drainage.

Said improvement shall also consist in taking up and relaying all walks, curbs, gutters and aprons necessary to make same conform to lines and grades of new improvement; also in extending all aprons to curbs, and in taking out and replacing any damaged concrete base.

Gould, representing property in Block 7808; Fred Wild, representing Block 7612; and Lots 1 & 2, Block 7712; Hugo Schmidt, representing property in Block 8503; George L. Brooks, representing Lots 1 & 2, Block 7808; and D. W. Perry, representing property at 3533 South "G" Street in the City of Tacoma. And each and all of said appeals were by the clerk read in full to the City Council, and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Whitman, duly seconded, it was ordered that the objections presented by said appeals be each and all over-ruled and the prayer thereof denied, and that said assessment and assessment roll be approved and confirmed; and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time to which was continued the hearing of the assessment and assessment roll for the improvement of the alley between North 30th Street and North 31st Street from Proctor Street to Washington Avenue, constituting Local Improvement District No. 388, the following appeals were taken from the table for consideration, viz: Two appeals from A. Swanson, representing Lots 1, 2 & East 1/2 of 3, Block 3, Puget Park Addition; and the appeal of A. F. Liddell, representing Lots 8 & 9, Block 3, Puget Park Addition, in the City of Tacoma. And each and all of said appeals were by the clerk read in full to the City Council, and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Whitman, duly seconded, it was ordered that the objections presented by said appeals be each and all over-ruled and the prayer thereof denied, but the City Engineer be instructed to correct the roll showing rebate for omission of gutters and the roll be confirmed as corrected.

This being the time to which was continued the hearing of the assessment and assessment roll for the construction of water mains in Local Improvement District No. 524, the following joint appeals were taken from the table for consideration, viz: The joint appeals of Frank P. Pentress, representing Lots 7 & 8, Block 38 and Anthony M. Arntson, representing Lots 3, 4, 5 & 6, Block 38 all in Buckley's Addition; and the joint appeals of Ada Follett, representing Lots 15 & 16, Block 38; Ray Gillespie, representing Lots 11 & 12, Block 38 and Harry Booth, representing Lots 9 & 10, Block 38, all in Buckley's Addition, in the City of Tacoma. And each and all of said appeals were by the clerk read in full to the City Council, and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Whitman the remonstrances together with the roll were referred back to the Fire & Water Committee.

This being the time to which was continued the hearing of the charges against Peter Sandberg for selling intoxicating liquor to Edward Golden, a minor, the same was taken up for hearing and on motion of Hawley the hearing was continued to 7:30 o'clock p.m. April 29th, 1908.

This being the time to which was continued the hearing of the charges against Christofersen & Keebo for selling intoxicating liquor to Andrew Jotse, a minor, the same was taken up for hearing. H. W. Lueders appeared for the defendants and objected to the Council taking action on account of license having been issued after the offense was committed and that the Council had therefor lost Jurisdiction. The objection was over-ruled and on motion of Hawley the hearing was continued to 7:30 o'clock p.m. April 29th, 1908.

On motion of Whitman the Council reverted in order of business to

The Committee on VACATIONS & CONDEMNATIONS submitted the following report relating to certain petitions from the Northern Pacific Railway Company:

Your committee having considered the application of said Company for the vacation, regrading and viaducting of certain streets, to-wit: 15th, 21st, "A" and other streets, for the purpose of facilitating the Northern Pacific's plans for the erection of a depot on Pacific Avenue, and believing that the best interests of the City of Tacoma demand the opening of a number of streets, the elimination of grade crossings, and the better facilitating of the handling of freight and traffic by teams between that portion of the city lying south and east of the present station of Northern Pacific and the principal retail portion of the city lying north thereof, and particularly believing that the citizens of South Tacoma are entitled to a thoroughfare through the car shop property of the Northern Pacific, and that in view of the present size and prospective growth of the city more perfect and adequate streets and approaches to the water front should be insured, and it being apparent that the Northern Pacific Railway Company has it in its power to benefit the city in the above particulars and to facilitate its own and the general business of the public, and as the depot plans of the Northern Pacific Railway Company were made with a view to becoming useful at some future date when the Company shall have constructed its line via the way of Point Defiance, we therefore RECOMMEND AND REPORT AS FOLLOWS:

I. That before any of the requests of the Northern Pacific Railway Company be granted or incorporated into any ordinance, the said Northern Pacific Railway Company shall, either by purchase or condemnation, acquire all of the property along its proposed route, or obtain a release and waiver of all damages to abutting property, or any property that may be damaged by the vacation, viaducting, regrading or other changes in the streets, alleys and public property along said route, before any rights or privileges are granted by the City, by ordinance or otherwise, for the carrying out of the plans as heretofore submitted to the City Council.

II. After so acquiring the necessary property and obtaining the releases from the property owners for all damages, we recommend that the petitions of the Northern Pacific Railway Company be granted provided that the said Company will agree as follows:

- (a) At its own expense to viaduct South 15th Street from Pacific Avenue to Dock Street, with approaches to such viaduct from Dock Street to be built upon the land of the said Northern Pacific Railway Company.
- (b) To viaduct South 21st Street with approaches to Dock Street and Winthrop Avenue; said approaches to be constructed on the land of said Company.
- (c) To viaduct Winthrop Avenue from South 21st Street to South 23rd Street the full width of said Winthrop Avenue.
- (d) To construct a viaduct from Pacific Avenue commencing at a point where the Commercial Street bridge is located and extend the same to the Northern Pacific Dock at a point where the steamer "Flyer" now lands, of sufficient width and strength to carry a double street car line and to accommodate team traffic and pedestrians.
- (e) To connect 15th Street by viaduct on "A" Street with 14th Street.
- (f) The said Railway Company to agree to build all viaducts the full width of the street whenever they shall be required so to do by order of the City Council of said City of Tacoma.
- (g) To provide and dedicate a sixty (60) foot street along the present main line track between Pacific Avenue and "A" Street and viaduct the same if necessary.
- (h) To provide a subway under its tracks at 17th Street and Pacific Avenue of sufficient capacity to accommodate team traffic, street cars and pedestrians.

(i) to dedicate a strip of land 100 feet wide on the east side of the present line up Pacific Avenue from South 20th Street to the present railway crossing; so that Pacific Avenue between said points will be of a uniform width of 200 feet, and to agree to pave the same according to plans and specifications to be approved by the City Council.

(j) To dedicate, grade and pave, according to plans and specifications, the alley between Pacific Avenue and "A" Street, from South 20th Street to South 21st Street, so that said alley shall be of a uniform width of eighty (80) feet between said points.

(k) To provide and dedicate a street, or roadway, from Dock Street from the Commercial Dock, extending along the water front and connecting with Pacific Avenue at its Northern Terminus, to Old Tacoma; thence along the water front to connect with Front Street, so as to provide a thoroughfare beginning at Dock Street and extending to the Tacoma smelter.

(l) To provide a fire tug site on the water front and deed the same to the City of Tacoma.

(m) To bulkhead and fill in Front Street its full width with the dirt taken from the tunnel at the Narrows, and the excavations made for tracks along the railroad right-of-way.

(n) To provide crossings at all street crossings between Old Town and the Smelter, and to construct approaches on all cross Streets to Front Street.

(o) To enter into an agreement to construct a steel bridge, according to plans and specifications to be approved by the City Council, from the viaduct on South 21st Street across the City Waterway, with all necessary approaches thereto.

(p) To open South 50th Street in South Tacoma through the car shops site.

III.

When the Northern Pacific Railway Company has acquired the property and obtained the releases as hereinbefore provided, and has entered into an agreement with the City of Tacoma to carry out all of the provisions above stated, the City Council shall pass an ordinance vacating such streets and permitting the said Railway Company to construct the viaducts and make all of the improvements as herein specified; and provided further, that after such ordinance is passed the agreement herein referred to shall contain a provision that the Railway Company will commence the construction of the depot according to the plans and specifications heretofore filed with the City Clerk of said City, within thirty (30) days after the passage of said ordinance and the execution of the agreement, and complete the same within eighteen (18) months thereafter; and will commence the construction of its railway along the water front and the boring of its tunnel around Point Defiance within four (4) months from said date, and will complete the same within two (2) years thereafter; and said agreement shall provide that in case the Northern Pacific Railway Company shall fail to perform all of the conditions enumerated in said agreement and herein specified, that the said ordinance shall become void and of no effect, and no rights, privileges or authority shall inure to the said Northern Pacific Railway Company.

Respectfully submitted,

W. A. Whitman,
J. B. Hawthorne,
H. J. Doten.

On motion of Whitman was referred to Committee on Vacations & Condemnations of new council.

REPORTS OF SPECIAL COMMITTEES.

The SPECIAL COMMITTEE on WATER SUPPLY reported back a communication from Carl A. Skurud, relating to water supply for the City of Tacoma, and recommended it be placed on file. Adopted.

The SPECIAL COMMITTEE appointed to confer with the County Assessor relative to the assessment of real property within the city for the purpose of taxation, submitted the following report:

Your committee met with the Honorable Mr. Rallsback, County Assessor of Pierce County, pursuant to your instructions, and conferred with him relative to the values at which real property should be assessed by the Assessor, and found that the Assessor agrees with the committee that unplatted property in the City of Tacoma should be assessed on a basis adopted for the assessment of adjoining platted property, making due allowance as to the unplatted property for the proportionate part thereof that would be taken for streets, alleys and public highways if platted, and also deducting a reasonable amount for cost of platting, abstracting, etc., of such unplatted property.

We find that a large per cent of the property in the city is assessed at about one-fourth to one-third of sixty per cent of its present actual cash or selling value. For illustration: Property which will sell on the market for a thousand dollars instead of being assessed for six hundred dollars is assessed from \$100. to \$150. We deem it proper for the purpose of making assessments of property uniform throughout the city that a basis should be adopted whereby all property will be assessed at 60% of its actual value, whether that property be platted or unplatted.

We would recommend that the Council appoint a new committee to again confer with the County Assessor and to render to the County Assessor such assistance as may be proper for the purpose of obtaining a fair and uniform basis for assessing property within the city.

Respectfully submitted,

W. A. Whitman,
Committee { Jos. B. Hawthorne,
W. R. Giblett.

Adopted.

The SPECIAL COMMITTEE appointed with power to act as to the City's water supply submitted the following report:

Tacoma, Wn., February 27th, 1908.
The City Council of the City of Tacoma at its regular meeting on February 26th, 1908, having duly appointed a committee of three with full power to act for the Council in perfecting such plans as may be necessary to obtain at the earliest date practicable a sufficient water supply for the City of Tacoma, the members of said committee, to-wit: Mayor George P. Wright, Councilman

L. L. Doud and Councilman W.A. Whitman, this day met for the purpose of organizing and taking under consideration such matters as are necessary to carry out the provisions stated in their appointment.
C. M. Riddell, Secy.

On motion of Mayor Wright Councilman W. A. Whitman was nominated for Chairman of said committee, and on vote being taken he was unanimously elected Chairman; and it being necessary that a record of the proceedings of said committee should be kept, the City Attorney was by unanimous vote designated to act as Secretary.

Mayor Wright moved that the committee proceed to build a 48" wooden pipe line from Maplewood Springs along Clark's creek to a junction with the Northern Pacific right-of-way, to follow said right-of-way to at or near the city limits, to deliver the water by gravity to a pump station to be located by the Engineer in the Indian Addition; said pump station to have a capacity for pumping the entire output of Maplewood Springs, estimated at eighteen million gallons, and deliver the same by pipe line to the low service reservoir of the city. The cost of said improvement to be paid for from the fund to be created out of the water receipts from the sale of water by the City of Tacoma; it appearing to the committee that the sale of water will justify the setting aside of a sufficient amount to pay for the entire work without impairing the operation of its water system within said city.

Which motion was duly seconded, put to vote and unanimously carried.

It was moved by Councilman Doud that the City Engineer be instructed to immediately proceed to complete plans and specifications for pipe line, intake, pumping station, all necessary machinery, etc., to convey the water from Maplewood Springs to the city, and also to furnish at the earliest possible time right-of-way maps to the City Attorney for the purpose of securing right-of-way for said pipe line and site for pump house; the City Attorney upon receipt of said maps to proceed forthwith to secure said right-of-way; that the City Attorney in preparing the specifications should state that the said work be completed within 90 days from the date the contract is let, and that upon the completion of said plans and specifications the necessary steps be at once taken for advertising for bids and letting contract to proceed with construction of the work; said advertisement for bids to be not later than the 9th day of March, 1908.

Motion was duly seconded, put to vote and unanimously carried.

Mayor Wright moved that plans and specifications be prepared for letting one contract for the head works and gravity main extending from Maplewood Springs to the pump station in Indian Addition, and for the letting of another contract for the building of a 40" main from the pump station in Indian Addition to the low service reservoir in the city, and that the building of the pump station and installation of machinery be carried out by the Commissioner under the direction of the committee. The second contract to include the strengthening of all bridges over which the pipe line shall pass, and a proper inlet into the reservoir, as indicated on the plans.

Motion was duly seconded, put to vote and unanimously carried.

Mr. Wright moved that the Commissioner of Public Works be instructed to advertise for bids for the furnishing and installing at the pump station in the Indian Addition, of two (2) six million gallons Turbine Pumps and motors, including electrical apparatus, etc., according to the specifications on file with the Commissioner; work to be completed within 90 days from date of letting the contract.

Motion was duly seconded, put to vote and unanimously carried.

Councilman Doud moved that the Commissioner be instructed to advertise for bids for the erection and completion of a pump house according to plans and specifications on file with the Commissioner.

Motion seconded, put to vote and unanimously carried.

Councilman Doud moved that the Commissioner be instructed to advertise immediately for bids for piping six new wells at South Tacoma with air lift system, the work to be completed inside of 30 days after the wells are completed.

Motion duly seconded, put to vote and unanimously carried.

Moved by Councilman Doud that seven copies be made of the minutes of the meeting, and that a copy be furnished to each member of the committee, to the City Attorney, Commissioner of Public Works, City Engineer and City Clerk.

Motion duly seconded, put to vote and unanimously carried.

The committee then took under consideration the question of removing the filth in the gulches, and it was decided that the Commissioner of Public Works be instructed to forthwith proceed to make all necessary changes so as to conduct the drainage by way of a by-path around the reservoirs, and instruct the Engineer to make an estimate of the necessary expense to be incurred in said work.

The Commissioner was further instructed to operate the wells at South Tacoma to their full capacity and not to use any gulch water except in cases of emergency.

On motion meeting adjourned.

C. M. Riddell, Secy.

The committee met on Monday, March 2nd, 1908, all members being present. The minutes of the previous meeting were read by the Secretary and approved. On motion it was decided to take a recess until Tuesday noon of March 3rd.

On Tuesday, March 3rd, the committee convened with all members present. On motion it was determined that the call for bids under the proposal should be for the shortest time possible under the provisions of the City Charter.

The City Attorney was ordered to prepare an ordinance transferring One hundred thousand Dollars from the General Fund to the Maplewood Extension Fund and submit the same to the City Council for action; and was also instructed to prepare and have introduced an ordinance ordering the construction of the Maplewood Extension.

The Commissioner of Public Works was authorized to make all necessary repairs on the South Tacoma flume, and to take all necessary action to increase the flow of water through the said flume. Also to proceed at once to eliminate the flowing of surface water through the sewers in the vicinity of the gulches, and to prepare the specifications for the pumps and motors to be installed in the pump house as contemplated in the Maplewood Extension, and to advertise for bids for the construction of said pump house in the proposal for said Maplewood Extension by separate contract, and to also advertise for the pumps and motors to be installed in said pump house.

C. M. Riddell, Secy.

The committee met on March 7th, all members being present.

On motion the committee directed that the Commissioner of Public Works submit advertisement inviting proposals for the construction of the Maplewood Water Extension, in subdivisions as provided for in the specifications.

On March 17th the committee met with all members present, it being the day on which the bids for the construction of the Maplewood Extension were to be received by the Commissioner of Public Works. After all bids had been submitted the committee considered the same and the Commissioner of Public Works was ordered to reject all of said bids and to re-advertise for proposals for the construction of said Maplewood Extension, and further directed that Engineer Cunningham change the specifications and the proposals, extending the time for the full completion of said system. The Engineer being present said change in the specifications was duly made and approved by the committee.

The committee then took a recess and met from day to day until March 30th, when bids were received for the construction of said Maplewood Extension. The bids after being opened were duly considered by the committee and the committee thereupon instructed the Commissioner of Public Works to award the contract for the construction of the 48 inch gravity main to George Milton Savage, and also instructed him to award the contract for the 40 inch force main to said George Milton Savage, together with the standpipe at the pumping station; the committee also instructed the Commissioner to award the contract for the construction of the pumping station to Knøell Bros., and to award the contract for the two pumps to the Hallidie Machinery Company, after having taken under consideration all of the bids and giving a full hearing and considering the plans of the different bidders for the said pumps.

The committee having considered the bids on the head works at Maplewood Springs decided that the bids were excessive, and that the head works could be built by the city under the supervision of Engineer Cunningham at a great saving; therefore the bids for the head works were thrown out and the committee thereupon instructed the Commissioner of Public Works as soon as the injunction suit then pending against the construction of the dam at the springs was disposed of, to immediately place Engineer J.H. Cunningham in charge of the construction of the head works and have all work done under his supervision and direction, and authorize him to employ all of the necessary help and purchase all necessary material for the completion of the head works in every particular.

The committee then took a recess until the afternoon of said day at which time Mr. Kneeland, the owner of the fish hatchery at Maplewood Springs, was present and submitted a proposition that in consideration of \$2,000 he would agree to remove his hatchery to a point below the dam to be constructed by the city, and also move his fish-pond, so as to in no wise conflict with the use of the water of said springs or with the construction of the head works. After due consideration the committee rejected said offer and instructed the City Attorney to proceed with the case in court and to bring the same to a conclusion as early as possible.

No further business coming before the committee said committee adjourned.

The following communication was received from the Mayor, relating to water supply from the South Tacoma wells:

To the Honorable City Council,
Gentlemen:

I am perhaps but little better acquainted with the pressing needs of the city than most of you but I shall take the privilege given me by the Charter of calling attention to some matters that in my judgment will commend themselves to your mind for early action.

Having informed myself from the Engineers in charge, personal examination and other reliable sources, I am thoroughly convinced there is an abundance of water in the South Tacoma Wells and all that is needed is more power there to raise it, after putting the wells in order by cleaning some and adjusting the air pipes in others. This power can be secured and work done at an expense of from \$8,000 to \$10,000. I saw several wells tested that had been out of commission since they were sunk and when connected up they had plenty of water, and I am convinced that any of the wells will produce considerable water. Several of them are too close together which will reduce their volume no doubt, but from statements of experts, all of them will improve the longer and more constantly they are used as ducts will be created leading to the perforations. The remains of the defunct deep well will make a fine producer no doubt, and the offer of the digger to give it to the city should be accepted in my judgment. There are evidences of a flowing well in the big open well, and one gentleman offers to guarantee that it alone will produce eight million gallons.

A committee should be appointed immediately to take this matter up if it is not in the province of the regular standing committee, and push this matter. At the conclusion of the litigation now pending in relation to the Maplewood Springs proposition, it will be too late to hope to get any helpful results for the coming summer, and whatever merit there may have been in it originally it certainly would not be the part of wisdom to go on and expend \$250,000 or \$300,000 at this time. All our energies and the money necessary should now be expended on the South Tacoma wells as they are our only hope for a supply of water when the dry hot season strikes us. Then like good patriotic citizens let us waive what little personal advantage any of us may gain or satisfaction we might receive from carrying out of any pet scheme. My duty seems plain to me and unless the Council orders otherwise I shall instruct the City Attorneys to use all fair legal means to obstruct the carrying out of the proposed contract Maplewood Springs proposition at this time. I have come to this determination after deliberate thought and after consultation with those best informed upon the law and the facts—some of which I have reasons not to mention. It is a heavy responsibility but with your approval I am willing to accept it.

I hope you will authorize me to retain on the pay roll those noble but unfortunate firemen who came near losing their lives in the performance of their duty. I have given the management of the department into the hands of Mr. Jesse Poyns, who has had long experience in that work.

There is a large amount of business in the hands of the City Attorneys—several heavy damage suits—thirty odd cases in all, and besides, after my experience on the Police Court bench I know that Court is in need of the services of an attorney. If this matter is referred to the proper committee I can explain the matter more fully.

I shall from time to time call your attention to other matters. You are the law makers and I shall be ready to carry out your will as expressed in ordinances you may enact.

Respectfully,

John W. Idnek,
Mayor.

Placed on file.

A communication was received from the Chief of Fire Dep't, asking that the firemen recently afflicted in the Crown Drug Store fire be kept on the pay roll until they are able to resume their duties. Placed on file.

RESOLUTION
No. 415
By Turnbull.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 18th day of March, 1908, ordering the improvement of South Park Avenue from South 38th Street South to the City limits, same being Local Improvement District No. 370, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

Adopted on roll call. Yeas 16. Nays 0. Absent 0.

RESOLUTION
No. 416
By Turnbull.

Be it resolved by the City Council of the City of Tacoma, that St. Helens Avenue from the present sandstone block pavement on South 9th street to the center line of Sixth Avenue, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal, annual installments, with interest at the rate of seven per cent. (7%) per annum on deferred payments.

Said improvement shall consist in grading said portion of St. Helens Avenue to the established grade, with a roadway fifty-two (52) feet in width, and laying down on said roadway a permanent pavement of sandstone blocks on a concrete base, with brick gutters, granite curbs, and all necessary storm water drainage.

Said improvement shall also consist in altering all present pavements and curbs, to make same conform to lines and grades of the new improvement, reconstructing sidewalk, extending all sidewalk to curbs, taking up and relaying the same where necessary.

Provided that that part of said St. Helens Avenue to be paved by the T. R. & P. Company, under its franchise, be not included in this improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 401", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

All the lots in blocks 607, 707 and 807,
Lots 1, 2, 3, 4, 5, 6, 7, 8 and 9, in Block 608,
Lots 15, 20, 21, 22, 23, 24 and 25, in Block 706,
All in Map of New Tacoma, Wash. Ter.

APR 22 1908

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on roll call. Yeas 16. Nays 0. Absent 0.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 18th day of March, 1908, ordering the improvement of South "O" Street and Ainsworth Avenue through the Smith & Fife Addition; Grant Avenue from South 23rd Street to the South line of Smith and Fife Addition, and Alaska Street from South 21st Street to South 25th Street, same being Local Improvement District No. 609, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said streets proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

RESOLUTION

By Doud.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Commissioner of Public Works of the City of Tacoma be and he hereby is required to furnish for the use and benefit of this Council the following information, to-wit:

First. Find the amount of power required to operate each well of the South Tacoma Wells System, keeping the number of hours in operation.

Second. Find the number of cubic feet of free air used per minute for each compressor in use, and the combined amount for the whole plant in operation.

Third. Find the minimum gauge pressure required to start each well.

Fourth. If possible find the amount of free air required to run each well.

Fifth. Find the flow of each well per day, keeping the number of hours operated.

And that this information be furnished to this Council once each week after the passage of this resolution and until a further order of this Council.

Adopted.

RESOLUTION

By Doud.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA,
THAT WHEREAS, the City of Tacoma and its inhabitants are in urgent need of a more adequate water supply, and

WHEREAS, there is now a certain case pending in the Supreme Court entitled: "F.L. Griffin, Appellant, vs- City of Tacoma and George Milton Savage, Respondents," which suit will determine the validity of the contract heretofore entered into between said City of Tacoma and said George Milton Savage for the construction of the greater part of the construction work necessary to bring in the water from the Maplewood Springs, and

WHEREAS, said case was heretofore on the 21st day of April, 1908, submitted to the said Supreme Court on the record and briefs in said cause, and

WHEREAS, since said date a new City Attorney has been appointed, NOW THEREFORE

BE IT RESOLVED, that said City Attorney, if he has any additional or further propositions to present in said cause other than has already been presented, that he be and is hereby instructed to immediately and forthwith do so, to the end that said cause may be at the very earliest possible moment decided by said Supreme Court, and to the end that said City of Tacoma may know whether said contract is legal or illegal and the question of bringing in or not bringing in the water from said Maplewood Springs may be dealt with according to the results of said decision of said Supreme Court, and

BE IT FURTHER RESOLVED, that no tactics or actions on behalf of the city or any of its officers shall in any manner whatsoever be invoked or permitted to prevent a speedy and quick decision of said cause.

Adopted unanimously.

RESOLUTION

RESOLUTION No. 4126. By Wilkeson.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: THAT WHEREAS there are many boys in the city of Tacoma without suitable home influences and who, if left without restraint will develop into criminals; and WHEREAS many of said boys are now causing trouble for parents and citizens generally and still are not so far steeped in crime that they should be sent to a reform school; NOW, THEREFORE,

BE IT RESOLVED, that a committee of three be appointed by the President of the City Council of the City of Tacoma, to collect data and examine into the legal possibilities of

establishing a farm where boys without proper home influences can be sent and there taught some honorable means of earning a livelihood and receive instructions best calculated to develop good and useful citizens.

Adopted.

By Hawthorne.

Be it resolved by the City Council of the City of Tacoma, that the Commissioner of Public Works be and is hereby instructed to cause to be prepared, plats and description of property necessary to be condemned, for the extension of Sixth Avenue, West to the Sound, and to make the necessary surveys for the same.

Adopted.

By Wilkeson.

BE IT RESOLVED, By The City Council of the City of Tacoma, as follows: WHEREAS, the commercial and transportation growth of the City of Tacoma, as one of the most important sea ports on the Pacific Coast has been brought to a standstill by reason of an action commenced in the name of the United States (by attorneys other than the regular Attorneys for the Government), on behalf of certain Indian Citizens of the United States, who were formerly members of the Puyallup Tribe, but who have been full citizens since the year 1887,

AND WHEREAS, by such action the title to the tidal lands composing all parts of the City's Harbor, not now owned or controlled by the Northern Pacific Railway, is attacked to such an extent that the various Railway and other innocent purchasers and holders of such tidal lands cannot with safety or prudence proceed with extensive terminal improvements and ocean transportation facilities now under way and being commenced, until such litigation is determined by a Court of last resort,

AND WHEREAS, the unavoidable delay incident to such litigation, is working and cannot fail to continue working, irreparable and permanent injury to this City and to this entire region of country,

AND WHEREAS, since the birth of the State of Washington in 1889, the United States has recognized the State's title to these lands and has permitted the State to exercise dominion thereover, and to sell same to the present innocent holders, who paid the full legally appraised value therefor without notice and without any means of obtaining notice, as to old Indian claims now being asserted, whereby the United States is in equity and morally bound to confirm existing titles and to aid the State in maintaining same,

AND WHEREAS, the citizens of Tacoma, and surrounding Country, feel deeply hurt, and have become enraged that the Secretary of the Interior should permit the prosecution of such an action through the attaches of, and upon the counseling of, H.S. Grosscup the Chief Western Counsel and Attorney for the Northern Pacific Railway, which now holds the City in bondage so far as commercial facilities by water and transportation by land are concerned.

THEREFORE, We Respectfully but Earnestly Assert, that it is a crying shame, and an outrage, felt keenly by all our citizens, that this litigation should proceed in the name of, or be conducted by, anyone other than the Attorney-General of the United States, and the United States Attorney for the Western District of Washington.

AND BE IT FURTHER RESOLVED, That the Mayor of this City, he, and he is hereby requested, to forthwith transmit these resolutions to the President of the United States, and request the President, to personally use his good offices towards the obtaining of some immediate settlement of the matter, and the Mayor of the City, is hereby authorized to take any and all steps necessary to that end.

Adopted unanimously.

By Creager.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 18th day of March, 1908, ordering the construction of a sanitary sewer of eight (8) inch pipe along the following described lines, to-wit:

On South "L" Street from South 11th Street to connect with present sewer at South 14th Street; and to include the construction of manholes; same being Local Improvement District No. 176 and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and

RESOLUTION
No. 4435
By Turnbull.

Be it resolved by the City Council of the City of Tacoma that South "G" street from the present pavement on Sixth Avenue, to the center of South 27th street, be improved in the manner hereinafter described, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in ten (10) equal, annual installments, with interest at the rate of seven per cent. per annum on deferred payments.

Said improvement shall consist in grading said portion of said street to the established grade, with a roadway forty (40) feet in width, and laying down on said roadway a pavement of asphalt or brick, except intersections of cross streets, where pavement shall be sandstone blocks, all on a concrete base, with brick gutters, concrete and concrete steel bound curbs and all necessary storm water drainage.

Said improvement shall also consist in altering lines or grades of present pavements, walks, aprons, curbs, etc., to make same conform to lines and grades of new improvement, extending all aprons to curbs, taking up and relaying same where necessary.

Provided that those intersections already paved, and that part to be done by the Tacoma Railway & Power Company, under its franchise, are not to be included in this improvement.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works. It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 337," against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

RESOLUTIONS.

RESOLUTION
No. 1116

By Wilkeson.

WHEREAS, the Commissioner of Public Works of the City of Tacoma owns an automobile which he uses constantly in the performance of his duties as such Commissioner aforesaid, and WHEREAS, the business of the city is done in a more expeditious and satisfactory manner by the use of said Commissioner's automobile than it would be by the use of a horse and buggy, and WHEREAS, by the use of a horse and buggy by the Commissioner of Public Works the City of Tacoma would be put to considerable more expense than in the maintenance of the said Commissioner's automobile while in the employ of the city; NOW, THEREFORE,
BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
That the City of Tacoma reimburse the Commissioner of Public Works for the necessary expenses incurred in furnishing gasoline, maintaining and repairing said automobile while it is used in the business of the city incident to the performance of the duties of the office of said Commissioner of Public Works.

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the assessment and assessment roll for Local Improvement District No. 527, the roll together with the remonstrances thereto were taken up for consideration and on motion of Hawthorne it was ordered that the roll be corrected and the hearing continued to 7:30 o'clock p.m. July 8th, 1908.

This being the time to which was continued the hearing of the assessment and assessment roll for improvement in Local Improvement District No. 329, the roll together with the remonstrances thereto were taken up for consideration and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Turnbull, duly seconded, it was ordered that the remonstrances be overruled and denied and the Com'r of Public Works instructed to correct the assessment roll by reducing the assessment against lots 2, 3, 4 & 5, Block 4317, fifty (50) per cent., and that the amount of such reduction be equally distributed over the balance of the District; and that the roll as corrected be approved and confirmed and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time to which was continued the hearing of appeals from the assessment and assessment roll for Local Improvement District No. 350, the same together with the remonstrances thereto were taken up for consideration, and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Turnbull, duly seconded, it was ordered that the objections presented by said appeals be each and all over-ruled and the prayer thereof denied, and that said assessment and

assessment roll be approved and confirmed; and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement in Local Improvement District No. 329, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Turnbull, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

On motion of Turnbull the Council reverted in order of business to

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the assessment and assessment roll for Local Improvement District No. 527, the roll together with the remonstrances thereto were taken up for consideration and on motion of Hawthorne it was ordered that the roll be corrected and the hearing continued to 7:30 o'clock p.m. July 8th, 1908.

This being the time to which was continued the hearing of the assessment and assessment roll for improvement in Local Improvement District No. 339, the roll together with the remonstrances thereto were taken up for consideration and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Turnbull, duly seconded, it was ordered that the remonstrances be overruled and denied and the Com'r of Public Works instructed to correct the assessment roll by reducing the assessment against lots 2, 3, 4 & 5, Block 4317, fifty (50) per cent., and that the amount of such reduction be equally distributed over the balance of the District; and that the roll as corrected be approved and confirmed and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time to which was continued the hearing of appeals from the assessment and assessment roll for Local Improvement District No. 350, the same together with the remonstrances thereto were taken up for consideration, and the questions raised and the objections urged in said appeals were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeals had been duly and fully considered by said City Council, upon motion of Turnbull, duly seconded, it was ordered that the objections presented by said appeals be each and all over-ruled and the prayer thereof denied, and that said assessment and

RESOLUTIONS.

By Wilkeson.

WHEREAS, it now appears that by the provisions of its first resolution No. 4361, adopted February 12, 1908, providing for the improvement of the alley between Tacoma Avenue and "E" Street, from Division Avenue to North 1st Street; and by the provisions of its second resolution No. 4400, adopted March 25, 1908, ordering the said improvement to be done; and by its Ordinance No. 3292, approved March 25, 1908, further providing for said improvement, according to plans and specifications theretofore prepared by the City Engineer, and then on file in the office of the Commissioner of Public Works, the tracks of the street railway of the Tacoma Railway and Power Company were by order of this Council located in said alley as they have since been constructed; and that no just cause exists for requiring them to be removed or interfered with; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: That the resolution of this Council Adopted June 24, 1908, requiring the Commissioner of Public Works "to remove all street car tracks on that part of "C" Street between Division Avenue and North First Street which was recently condemned and which is not included in the original forty-foot alley", be rescinded.

Adopted.

On motion the Council then adjourned.

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the petition of the Oregon & Washington Railroad Company, for the vacation of certain streets and alleys, on motion of Hawthorne the hearing was continued to 7:30 o'clock p.m. September 9th, 1908.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement in Local Improvement District No. 378, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Turnbull, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

This being the time set for hearing appeals from the assessment and assessment roll for the improvement of the alley between Tacoma Avenue and "E" Street from Division Avenue to North 1st Street, constituting Local Improvement District No. 400, the following appeal was taken from the table for consideration, viz: The appeal of R. J. Davis, representing Lots 10, 11 & 12, in Block 5010, in the City of Tacoma. And said appeal was by the Clerk read in full to the City Council, and the question raised and the objections urged in said appeal were brought on for hearing before the City Council as a body. And after the questions suggested and the objections urged in said appeal had been duly and fully considered by said City Council, upon motion of Turnbull, duly seconded, it was ordered that the objections presented by said appeal be each and all over-ruled and the prayer thereof denied, and that said assessment and assessment roll be approved and confirmed and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time to which was continued the hearing of the assessment and assessment roll for the improvement in Local Improvement District No. 527, the same was taken up for consideration together with the remonstrances thereto, and the question suggested and the objections urged in said appeals had been duly and fully considered by the City Council, upon motion of Hawthorne duly seconded, it was ordered that the remonstrances be placed on file, and that the assessment and assessment roll as corrected be approved and confirmed, and the City Attorney was directed to prepare an ordinance in due form for the approval and confirmation of said assessment roll which was done accordingly.

This being the time set for hearing appeals from the assessment and assessment roll in the matter of the improvement in Local Improvement District No. 619, and it appearing that no objections have been made to said assessment or assessment roll, and no appeal taken therefrom; and after due deliberation and consideration of said assessment by the City Council, on motion of Turnbull, it was unanimously decided and determined to approve and confirm said assessment and assessment roll; and the City Attorney was directed to prepare an ordinance confirming and approving the same for introduction and passage by the City Council, which was done accordingly.

On motion of Turnbull the Council reverted in order of business to

Council Chamber 7:30 o'clock p.m. Aug. 14th, 1908.

Council met in special session under call of the Mayor. Present 16. Armstrong, Brand, Chapman, Creaiger, Doud, Giblett, Hawley, Hawthorne, Hogberg, Jamieson, Rankin, Tead, Stambaugh, Turnbull, Wilkeson, Mr. President.

The following communication was received from the Mayor:

To the Honorable City Council,
of the City of Tacoma.
Tacoma, Wn., August 14th, 1908.

Gentlemen:
My purpose in calling you together in special session at this time is to enable you to take into consideration the grading of East "H" Street, which is embraced in what is known as Local Improvement District No. 348. There seem to be a great many complaints of the manner in which the street is being graded, by the people who are particularly interested in the property lying along the street, and I invite your consideration of the subject and your efforts to arrive at a satisfactory conclusion in the matter.

And I remain,
Your very obedient,
John W. Linck,
Mayor.

On motion of Hawthorne the Council resolved itself into COMMITTEE OF THE WHOLE to consider the above communication:

At 9:30 o'clock p.m. the committee rose and reported the following resolution and recommended its adoption:

RESOLUTION
45524

By Wilkeson.

WHEREAS it appears that the grade of East "H" Street, between South 38th & South 43rd Streets after the said street is improved according to the plans of work now being prosecuted under Local Improvement District No. 348, will be at certain places too steep for practical and beneficial use; that the said grade can be improved at slight expense, and that many abutting property owners demand that said grade be improved; THEREFORE BE IT

RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
That the Commissioner of Public Works be instructed to enter into a contract to change the grading of East "H" Street in Local Improvement District No. 348 between South 40th and 43rd Streets to a grade not to exceed seven and one half (7-1/2) per cent; also to lower the present grade at South 38th Street. The cost or same to be included in the assessment roll for Local Improvement District No. 348.

Adopted.

The communication of the Mayor was ordered placed on file.

On motion the Council then adjourned.

RESOLUTION

No. 1382

By Turnbull.

Be it resolved by the City Council of the City of Tacoma, that East "C" street from South 29th street to the south line of South 32nd street, be improved in the manner hereinafter described, and that the cost and expense of making said improvement, which shall include any sums which may be awarded to owners of abutting property as damages and costs by reason of said improvement, be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby in accordance with the laws of the State of Washington, and Ordinance No. 1382 of the City of Tacoma, said assessment to become due and payable at the option of the property owners in five (5) equal, annual installments, with interest at the rate of seven per cent, per annum on deferred payments.

Said improvement shall consist in grading said portions of said street to the established grade, with a roadway forty (40) feet in width, and a sidewalk and parking space on each side thereof twenty (20) feet in width, also in constructing curbs, gutters and crosswalks of plank, sidewalks of cement concrete five (5) feet in width, together with all necessary cribbing and storm water drainage.

All of said work to be done, made and completed in accordance with the plans and specifications to be prepared by the City Engineer, and approved by the Commissioner of Public Works.

It is hereby declared that the following lots and parcels of land will be benefitted by said improvement, and shall constitute a local improvement district to be known and designated as "Local Improvement District No. 653", against which the cost and expense of making said improvement shall be charged by special assessment, to-wit:

Lots 7, 8, 9, 10, 11, 12, in Blocks 7918, 8017, 8018, 8117, 8118, 8217 and 8218,
Lots 1, 2, 3, 4, 5, 6, in Blocks 7920, 8019, 8020, 8119, 8120, 8219 and 8220,
All in Tacoma Land Co's First Add., to Tacoma, W.T.

The Commissioner of Public Works is hereby directed to cause a survey, diagram and estimate of the entire cost of making said proposed improvement, to be made and filed in his office, and to give due notice to the owners of said property in the manner provided by the City Charter.

Adopted on roll call. Yeas 15. Nays 0. Absent 1. Armstrong.

UNFINISHED BUSINESS.

This being the time to which was continued the hearing of the petitions of the Northern Pacific Railway Company, for vacation of certain streets, roadways and alley, the same were taken up for consideration. On motion of Wilkeson, the Council resolved itself into COMMITTEE OF THE WHOLE to consider the same. And also to consider the ordinance granting a franchise to the Pacific Traction Company for street railway tracks on South 15th Street.

At 9:50 o'clock p.m. the committee rose and reported: recommending that the petitions of the Northern Pacific Railway Company together with the communications etc. relating thereto be referred to a special committee of five of which the President of the City Council shall be Chairman to confer with the Northern Pacific Railway Company relating thereto, and that the hearing be continued for two weeks. Adopted.

AUG 26 1908

Also reported back the ordinance granting a franchise to the Pacific Traction Company, for street railway tracks on South 15th Street and recommended that Section 1 be amended to read: "From the west line of the alley between "A" Street & Pacific Avenue" instead of "from the east side of Pacific Avenue." And that Section IX be amended so as to include a provision that when other street railway companies are required to replace wooden with iron or steel poles this company shall do the same; and that when other companies are required to remove all poles and place their wires in underground conduits that this company may be required to do the same. Report adopted.

Mr. President appointed Doud, Wilkeson, Hawthorne & Turnbull, who with himself would constitute the special committee to confer with the Northern Pacific Railway Company.

On motion the Council then adjourned.

RESOLUTION No. 4893

By Turnbull.

WHEREAS, the City of Tacoma is about to cause Bay Street in said city from Puyallup Avenue to South 28th Street to be improved by the construction thereon of a brick pavement forty feet wide, laid upon a concrete base, with a concrete sidewalk seven feet in width on the south side thereof, at the expense of the real property abutting on said Bay Street; and

WHEREAS, it is desirable that said pavement and sidewalk be continued along and upon said South Twenty-eighth Street for a distance of twelve hundred feet from the end of said Bay Street; and

WHEREAS, the land upon each side of said South Twenty-eighth Street is held by the Government of the United States, under the control of the Department of the Interior, as a part of the Puyallup Indian Parcel property, and the City of Tacoma has not the power to construct said pavement and sidewalk by assessment upon said lands; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA: 1. That the government of the United States be, and it is hereby, petitioned to cause the said pavement and sidewalk to be constructed in said South Twenty-eighth Street, for the distance of twelve hundred feet, easterly from said Bay Street, with such moneys as it may appropriate for that purpose; and

2. That the City Clerk be directed to transmit certified copies of these resolutions to the Department of the Interior of the United States, and to the Senators and Representatives in Congress from the State of Washington.

By Lynn.

Almon Woodworth was born in Luzerne County, Pennsylvania, and his life has been an example of uprightness and well doing. During the great rebellion he served his country as a member of a Pennsylvania regiment with the courage and fidelity that should characterize every good citizen in the discharge of his duty to his country. Since coming to Tacoma, in 1867, he has served the State as a member of the Legislature, and this City as a member of the City Council, and in both his actions were plainly governed by a determination to perform his duty to City and State.

WHEREAS Divine Providence removed our beloved brother from us by the hand of death, on the 5th day of October, 1908; and
 WHEREAS the members of this Council desire to perpetuate and pay a tribute of respect to his memory, and also extend their heartfelt sympathy to the bereaved family and relatives of the deceased; therefore be it

RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:
 That the foregoing brief epitome of the life and character of our deceased friend be authenticated by the City Clerk under the seal of the City of Tacoma and transmitted to the widow of the deceased, and that the same be also spread in full upon the Journal of the proceedings of the

Council; and be it further
RESOLVED that the members of this Council attend the funeral services as a body.

Adopted unanimously.

RESOLUTION
No. 11,898
By Turnbull.

WHEREAS, a resolution was adopted by the City Council of the City of Tacoma on the 2nd day of September, 1907, ordering the improvement of South "I" Street from South 52nd Street to South 5th Street, same being Local Improvement District No. 354, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefited thereby, such cost and expense to include all sums which may be awarded to owners of adjoining property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1899; and
WHEREAS, the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and
WHEREAS, the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper of the City of Tacoma, which notice contained a copy of said resolution, and specified the part of said cost proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and
WHEREAS, fifteen days have elapsed since the last publication of said notice and no remonstrance against said improvement has been made or filed in the office of said Commissioner of Public

Works by any of the owners of any of said lots or parcels of land to be specially taxed for said improvement, nor by any other person, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

RESOLUTION
No. 4102
By Turnbull.

WHEREAS a resolution was adopted by the City Council of the City of Tacoma on the 19th day of August, 1908, providing for the improvement of East "C" Street from South 29th Street to the South end of South 30th Street, same being Local Improvement District No. 653, and that the cost and expense of making said improvement be assessed upon the adjoining, contiguous and proximate lots and parcels of land benefitted thereby, such cost and expense to include all sums which may be awarded to owners of abutting property as damages and costs by reason of the making of said improvement, in accordance with the laws of the State of Washington, and Ordinance No. 1382, approved June 17, 1908; and

WHEREAS the Commissioner of Public Works has caused a survey, diagram and estimate of the entire cost of said improvement to be made by the City Engineer, which have been filed in his office for the inspection of all persons interested; and

WHEREAS the Clerk of said Commissioner of Public Works has caused due notice of the filing of said survey, diagram and estimate to be published daily for five days in the official newspaper

of the City of Tacoma, which notice contained a copy of said resolution and specified the part of said street proposed to be improved, the kind of improvement proposed to be made, together with estimated cost and expense thereof, and also a general description, sufficient for identification, of the property to be charged with the expense of making such improvement; and

WHEREAS fifteen days have elapsed since the last publication of said notice and all remonstrances against said improvement, which have been filed in the office of the Commissioner of Public Works by the owners of said lots or parcels of land to be specially taxed for said improvement, have been duly considered and overruled and denied, and the time for making and filing remonstrances has expired; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That said work and improvement be done and made, and the Commissioner of Public Works is hereby instructed to let the contract for said improvement and to proceed therewith according to the provisions of the City Charter and said Ordinance No. 1382.

REPORTS OF OFFICERS.

The following communication was received from the MAYOR:

To the City Council:

Tacoma, Wn., October 14th, 1908.

Having become convinced from the large flow of several of the wells observed by me on many visits to the South Tacoma wells, just preceding and directly after my election as Mayor, that there was an enormous amount of water, of the purest quality, under the ground in that locality, in my first communication to the Council I urged that the Commissioner be authorized to install additional power; that larger distributing facilities be provided, and that a larger reservoir be immediately built. That my recommendations then made were wise has been fully proven by six months experience; that there is abundance of water thereto supply a great city has been demonstrated beyond peradventure; and I feel safe now in urging you to take immediate action or it will be too late to provide water for the coming summer.

I heartily approve of the practical suggestions of the Commissioner, and I think he has

shown his ability and comprehensive judgment regarding the proposition to such an extent that you would be justified in seriously considering his recommendations, and should not refuse to adopt them without abundant evidence that he is wrong.

The office of Superintendent of Water could be provided giving such officer the charge and control of that department of the city government, who could devise a system of water supply and then the Commissioner could order the City Engineer to prepare working plans and specifications for carrying into effect such a system as the Council may approve.

All the great lakes and the many large springs that come laughing from the hillsides in all directions, tell of an enormous river or lake waiting to be tapped to give our beautiful city an unlimited supply of the purest water in the world. Then why should we wait longer? Therefore I beg of you not to stand on technicalities, preconceived notions, personal prejudices or imaginary prerogatives, but get together and give our city a water system that will be the pride of her life; and the people will rise up and call you blessed for giving them this pure water brewed on the mountain amid the snows and glaciers and filtered through miles and miles of olden sand and gravel.

John W. Linck, Mayor.

Referred to Special Committee on Water Supply.

The SPECIAL COMMITTEE on petitions of the N.P.Ry.Co. for vacation of certain streets, roadways & alley, submitted the following report:

Tacoma, Nov. 4th, 1908.

"There have been no regular meetings of this committee held, but on one occasion an informal joint meeting was held with the Commercial Club Committee at which time an outline of what might be done on a compromise, trade at and also at which time it was learned that this Committee from the Commercial Club was entirely in sympathy with the former actions of the City Council. Since that time several conferences of the chairmen of these several committees were held and reported in a general way to the members of your committee by the chairman but at no time has the R.R.Co. sent to this committee any definite proposition for the settlement of the question. During the time this committee has been in force the one proposition of importance and always to the front was the water-front.

The last proposition as we understand from the other committees was the exchange of the city's property at 15th & Dock Sts., for six hundred ft on the middle waterway and two hundred on Eleventh St. the reply to which was not received to our knowledge.

We have asked the Council to extend the time of hearing our report from time to time hoping something definite would be received from the R.R.Co. but now have to report nothing accomplished. Our greeting from the other committees has been of the most cordial at all times and our association most harmonious, all seeming to be inspired with the one idea of an amicable settlement. We received one written communication from the Commercial Club Committee (which is attached hereto) in regard to their attitude in the matter. We were still expecting and waiting for a favorable answer from the N.P. when the chairman of the Committee from the Commercial bodies saw fit to publish the report which no doubt you have all read in the daily papers. Yesterday we received a further report which is hereto attached.

Thanking you all for your patience in the matter we submit this report and ask to be discharged.

Very respectfully yours,

E. A. Lynn,
 L. L. Doud,
 S. R. Wilkerson,
 J. B. Hawthorne,
 H. Turnbull.

To the Common Council,
City of Tacoma.

I herewith return, without my approval, the ordinance passed November 4, 1908, appropriating the sum of \$5,000 out of the general fund to pay Aaron R and Stella Titlow, on contract to purchase land for wharves and public landing places for the City of Tacoma. The following are my reasons for so doing:

Since signing the ordinance passed October 7, 1908, No. 3444 which authorized the execution of the option contract and the payment of \$950. therefor, I have given the matter a thorough investigation as to the legality of the option taken as well as the adaptability of the land for the purpose for which it was to be used, namely docks and wharves. I knew nothing of it until I heard the said ordinance read the first time in the Council and I signed it under the impression that there was an emergency and that immediate action was necessary for the securing of an important and valuable land purchase. When an ordinance is passed that I think is illegal I consider it my duty to disapprove it and I shall never hesitate to perform such duty.

There is no law giving the City the right to buy options on land. The charter gives the Council the authority to purchase land for public uses. The city has no authority to do anything unless specifically granted the power or such power is necessarily implied and such grant of power must be strictly construed. This ordinance is not for the purchase of land which the statute authorizes, but for the purchase of an option to buy land. The first \$950. was paid for a 30 day option to buy land. The present ordinance provides for the payment of \$5,000 more to continue the same option the same option for 25 months longer. No land has been acquired but only the bare privilege of purchasing land.

If the City can pay \$5,000 for an option, it can pay \$100,000. After the amount is paid, the City, through a newly elected Council, might decide that it was a mistake—a bad bargain. Then the \$5,000 or \$100,000, as the case might be, would be lost, which demonstrates the deal to be a mere speculation and the law is positive that a city shall not speculate or buy lands for investment or profit, and such losses are what the law is intended to prevent.

But this case is more decidedly wrong for the reason that the contract requires the City to pay \$5,000 interest annually and to keep up the taxes, which would be perhaps another \$1,000 a year. But worse still the City would have to pay probably \$50,000 as its share of the 6th Avenue Boulevard improvement. This is why the Courts strictly construe the grant of power to purchase land, and thus prohibit speculation. If the option is not taken the contract provides that the City shall lose all it has paid, together with all the improvements that it may have made on the land in the meantime which would all revert to Titlow and inure to his benefit. It is claimed the Street Railway could be made to bear this expense but this is problematical and extremely doubtful.

I think the deal is illegal and against public policy because an option like this leaves the property title in confusion and so tied up that it cannot be handled to advantage by either Titlow or the City unless the City can pay cash for the entire property. Is the City in a condition to do this? It may be said that the City and Titlow could adjust this. But suppose Titlow and the City could not agree. Then the City might be at Titlow's mercy. If the law is strictly followed this could not occur. The City should be unhampered concerning its holdings and not involved in doubtful or speculative transactions and I am confident the Court will so hold.

I consider the transaction illegal because the land is intended for wharves and docks as stated in the title of the ordinance and there is no question but there is three or four times as much as is needed or could be used for that purpose. Several of the Councilmen have stated that they thought they were buying too much, others stated that they thought some of this land could be used as a park and others thought it a good buy, a good speculation, and seemed to think they could buy

NOV 11 1908

land for parks, schools, playgrounds, swimming holes and investments for profit. The land in excess is swamps and hillsides. The latter part not contiguous to the waterfront and wholly unsuitable for docks and wharves and for this reason the purchase of the same would be illegal if it were an outright purchase.

I was astonished to find upon an examination of the records which I personally made that all this land inside the meander line is assessed at \$98 an acre. That assessment was made under oath by experienced men. (The asking price or sale price of a few desirable building lots is no guide or criterion to the market value of large tracts of land.) If this inside land is two thirds of the whole, or twenty acres, its entire assessed value would be only \$1,960. We are offering \$70,000 for it. Then take the other third, or ten acres, assessed at \$2,000 an acre, a total of \$20,000. That makes the entire assessed value of the whole property less than \$22,000 for which we are expected to pay \$107,500. Twenty acres or more assessed at \$98 an acre. And we are offering to pay \$3,500 an acre for it. I am confident the deal is illegal on this account and no Court in my judgment would sustain the transaction.

What the land may be worth in the future is extremely uncertain and therefore we must estimate it at its present market value, the City differing in this regard from private individuals who can speculate.

As to the needs of the City for a wharf at that point on the Narrows I am disposed to acquiesce in the decision of the Council. Should the Council pass an ordinance providing for the condemnation of a reasonable amount of land for the use of a landing and wharf for future contingencies I would be pleased to approve it and I think it would be wise.

I consider nearly or quite one third of this property which is known as the lagoon almost valueless to the City. It would cost all it would be worth in the end to fill it up or excavate it to sufficient depth to float the smallest steam boats that ply about the Sound, and yet under this option we are expected to pay \$25,000 for it.

The people have spoken in the Second and Fourth Wards and while all the electors did not vote on this question the majority against the proposition of those voting was so overwhelming that their wishes as shown are entitled to my consideration and respect.

Respectfully submitted,

John W. Linck.

RESOLUTIONS.

By Hawthorne.

WHEREAS it is necessary that the City of Tacoma make adequate preparations for the development, collection, storage and distribution of its water supply for the immediate future.

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF TACOMA:

That the Commissioner of Public Works of said City forthwith cause all necessary surveys, estimates and specifications to be made and prepared for the following described labor, supplies, materials, lands and rights of way necessary to carry out a system or plan whereby a sufficient supply of water can be provided and maintained for the future domestic, business and fire purposes of said city and its inhabitants, to-wit:

First: For a twenty-two-inch stave pipe of a length of about 23,750 feet, to be laid and used as a service pipe from South Tacoma wells.

Second: For a stand-pipe of 500,000 gallons capacity, to be located upon land adjacent to South 10th and Tyler Streets.

Third: For 2 compressors, 2 motors of 250 H-P each, together with switches and all necessary auxiliaries; 1 air receiver; four foundations; installation of compressors, motors and switches and air receiver; concrete building for power house; 1,000,000 gallon reservoir; pipe lines for connections, and placing of 450 horse-power pump; all at South Tacoma wells.

Fourth: For intake at Clover Creek Springs; eight miles more or less of stave pipe 28 inches or more in diameter, and 3-1/2 miles, more or less, of stave pipe 22 inches or more in diameter, for conducting the spring waters at the head of Clover Creek into the water system of said city.

Fifth: For an addition to the Alaska Street reservoir to contain about seven million gallons.

AND BE IT FURTHER RESOLVED: That said Commissioner of Public Works be authorized and directed, upon the completion of his said surveys, estimates and specifications, to call for bids for the supplying of any part of said labor and materials which may, in his judgment be most advantageously done or furnished by contract; and subject to confirmation by this council said Commissioner may let contracts for such labor and materials to the lowest bidders therefor, in accordance with the provisions of the City Charter.

AND BE IT FURTHER RESOLVED:

That the portion of said labor and materials not contracted for by said Commissioner, as before mentioned, be done and procured by him in the manner provided in such cases by said City Charter.

AND BE IT FURTHER RESOLVED:

That in case any lands or rights of way not owned by the City of Tacoma shall be required for the use of said city for its said additions to its water system, said Commissioner of Public Works shall be authorized to negotiate with the owner or owners thereof, and agree upon the purchase thereof, subject to the confirmation of this council. And in case said Commissioner shall not be able to procure such lands or rights of way for a reasonable sum, he shall report the description of lands or rights of way required to the City Attorney for proceedings by condemnation.

Adopted.
