Council met in regular session. Present 7; Goering, Hooker, Humiston, Jensen, Perdue, Stojack and Tollefson. Absent 2; Battin and Bratrud.

It was moved by Col. Hooker, seconded by Mr. Stojack that the minutes of the previews meeting, copies of which had been mailed by the Clerk to each Councilmember approved and the reading thereof be dispensed with. Motion carried on roll call:

Ayes 7; Nays 0; Absent 2, Battin, Bratrud.

Mayor Tollesson announced that members of the Utility Board were present to advise Council of the status of the Mayfield and Mossyrock Dam projects to date, and asked Council's permission to suspend the regular order of business in order to discuss the matter at this time. It was moved by Col. Hooker, seconded by Mr. Stojack to suspend Rule 7 in order to discuss the Cowlitz development. Motion carried unanimously, Ayes 7; Nays 0; Absent 2, Battin, Bratrud.

Mayor Tollesson said he felt that the Council should be brought up to date as to our position on the Mayfield and Mossyrock Dam projects and what the feeling is of the Utility Board and the legal counsel about proceeding with the projects as of this date. He then called upon Mr. Thomas Anderson, Chairman of the Utility-Board and asked him to explain in detail the steps that had been taken and other pertinent facts relative thereto.

Mr. Anderson explained the various steps that had occurred in the last few years, from the original application to the Federal Power Commission for a license to build the Mayfield and Mossyrock Dams up to the present Restraining Order recently issued in the Thurston County Superior Court. He added that the recent restraining order on the actual Mayfield and Mossyrock construction was no surprise to the Utility Board, and explained that recently while in Washington D. C. a-representation of the State of Washington Attorney General's Office stated that they would do everything in their power to haves, hinder and prolong the Cowlitz project. He then suggested that Mayor Tollefson call a "high-level" conference, and invite the Governor and other State Officials to discuss the Cowlitz Projects and to work out differences.

Mayor Tollesson explained that he had tried on several occasions to meet with the Governor, but was not able to arrange for such a meeting.

Mr. Barline, Director of Utilities advised Council that the Fish and Game Departments are not in favor of these Dams as they claim they would harm the fishing grounds of the Cowlitz, and that a Fish Hatchery, nowlocated in what will be the reservoir area, will be flooded, and that the navigability of the Cowlitz will be harmed. Mr. Barline added that he had received a letter from the New York Bonding Company who advised that the recent restraining order would not affect the validity or the sale of the bonds.

After a discussion and question period by the Council members, it was moved by Br. Humiston that ;Mayor Tollefson be empowered to call a "highlevel" converence, including the Governor of the State of Washington, Attorney General, Fish and Game Officials, State Power Commission Officials and members of the Light Department to be present to see if we can resolve the differences and get the

project under way without further litigation. Motion seconded by Col. Hooker and arried unanimously on voice vote. Ayes 7; Nays 0; Absent 2, Battin, Bratrud.

Mr. Wabter Gordon, Tacomas member of the Washington State Power Commission was present and was asked by Mayor Tollesson to speak on the Cowlitz project. Mr. Gordon stated that the Cowlitz project is vitally needed in the Pacific Northwest and urged the City to proceed with the project. He said he had been terested in this project for many years, and added that he would be glad to be of dissistance whenever possible.

UNFINISHED BUSINESS:

This being the date fixed by Resolution, No.: 14275, adopted on June 6, 1955; for hearing on petition of Tacoma School District No. 10 (1-13-55) for vacation of South 7th Street from Ainsworth Avenue to Grant Avenue and the alley between Ainsworth Avenue and Grant Avenue, from a point 75 feet south of South 7th Street to a point 50 feet north of South 7th Street, the Clerk reported the posting of the notices required by law and the filing of an affidavit of such posting. Also reported that a fee of \$50.00 had been paid by the petitioners, and read a memorandum from the Department of Public, Works, stating that no appraisal fee was required in this instance, as the proposed vacation is to be used for school purposes and it has been the policy not to appraise vacated property used in this manner. The Clerk reported that remonstrances had been filed with the City Planning Commission for their hearing May 17, 1955, and that a letter had been received from the City Planning Commission advising that at their meeting of May 17th, the Commission recommended approval of the petition for vacation of South 7th Street from South Ainsworth to South Grant Avenue, and portions of intersecting alleys, conditional upon final agreement by the School District to the requirements of the various City Departments, set forth in their recommendations, and that the approval is also conditional upon the School District paying the new alley partions which will replace the existing alley outlets; Marellobert Craso, residing at 1521; North Avience was present protesting the vacation of the aforementioned South 7th Street. Mr. Creso presented maps for the perusal of the Council members and presented facts related thereto. After study and discussion by the Council, it was recommended that the hearing be continued to July 18th for further investigation by the Council. Therefore, it was moved by Mr. Jensen, seconded by Mr., Perdue to continue the hearing for two weeks (to July 18th).
